The readers of this paper will be pleased to learn that there is at least one distressed disease that cures in the U.S.A. that is, the "Cancer." It is the only cure that has been found by the U.S.A. Medical Department. It is a constitutional disease, requiring a constitutional treatment. Mr. J. P. Cullen's cure is taken internally, writing directly upon the blood and muscle surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Sent for list of testimonials. Address: J. P. CULLEN & CO., Toledo, O.
