**HERE SPEAKS A MAN**

(Continued from Page 6)

To preserve the Union, to eradicate slavery was perhaps a greater still. To defend the very foundations of liberty and humanity, the very groundwork of their dealing between nations, the very basis of peaceable living together among the people of earth against the fierce and brutal onslaught of ruthless, lawless, faithless might; to spend the lives and the fortunes of this generation so that our descendants may be freed from the dreadful calamity of war and the fear of war, so that the energies and millions and billions of treasure now devoted to plans and instruments of destruction, may be given henceforth to fruitful works of peace and progress and to the betterment of the conditions of the people—that is the highest cause for which any people ever unheated its sword.

He who shirks the full measure of his duty and allegiance in that noblest of causes, be he German-American, Irish-American, or any other hyphenated American, be he I. W. W. or Socialist or whatever the appellation, does not deserve to stand amongst Americans or indeed amongst free men anywhere.

He who, secretly or overtly, tries to thwart the declared will and aim of the nation in this holy war, is a traitor, and a traitor's fate should be his.

**HOW CATARRH IS CONTRACTED**

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, because chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

**REPORT CONTAGIOUS DISEASES**

**What the New Quarantine Law Requires of Citizens of This County**

Do you know what is required of you by the new State Quarantine Law? It requires parents or householders to report every case of whooping cough, measles, diphtheria, smallpox, scarlet fever and typhoid fever occurring in their homes to the county quarantine officer. It requires physicians to report every case of these diseases that they are called on to attend to the county quarantine officer and to do this within twenty-four hours. It requires public school teachers to fill out and return the blanks furnished them by the county quarantine officer, and to follow the rules and regulations sent to protect them and their schools in case of an outbreak of any contagious disease. It requires county quarantine officers to send to any parent or householder in whose home a contagious disease has been reported a yellow placard with the name of the disease printed on it with instructions for posting the placard on the front of the house; it requires him to send instructions for the treatment and control of the patient in the house. The quarantine officer is required to enforce the quarantine law and to make it give the protection for which it was intended.

Counties reporting many cases of contagious diseases are given credit for doing good work. It shows that the people are co-operating with the quarantine officer and are reporting all or a great many of their cases. It shows that they are interested in reducing illness and saving the lives of little children, and it means that there will be fewer deaths to report later on. Hereafter the names and addresses of those having contagious diseases will be printed in the county papers each month.

**Catarrh of Stomach**

Mrs. Mary Pennell, R. F. D., Pomon, Missouri, writes:  
"I wish to say a few words in the praise of Peruna. I have used it with good results for cramps in the stomach. Also found it the very thing for catarrh of the head. My sister was cured of catarrh of stomach by the use of Peruna."  
Mrs. E. T. Chomer, 69 East 42nd St., Chicago, Ill., says: "Manalin best laxative on the market for liver and bowels, very good for indigestion and heart burn."  
Those who object to liquid medicines can secure Peruna tablets.

**The Highest Place in Town**

**Number Three**

Recently we received a shipment of **QUEEN QUALITY** shoes and found that we didn't get the sizes we bought. We returned several pairs and asked for our sizes, and marked up the balance at a fair margin of profit.

Later we received a letter from the factory stating that our sizes had been sent to another N. C. town and that their agent there would forward them to us.

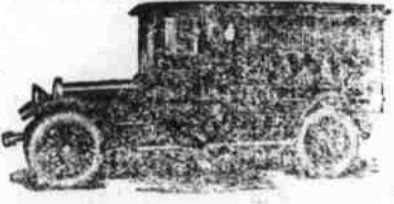

They are here now---Marked \$6.00.

"The Highest Place in Town" had marked theirs only \$5.00.
