

DEATH OF MRS. W. M. TATE

Mrs. W. M. Tate, who was before marriage Miss Naomi Ratcliff, died at the Waynesville hospital Monday morning about 6 o'clock at the age of 44 years, 2 months and 5 days.

She leaves a husband, three sons and three daughters as follows: Joseph, Lloyd and Julius and Misses Elsie, Lucy and Nannie, besides one brother Ed Ratcliff and four sisters as follows: Mrs. LeRoy Francis, Leander Medford and Mrs. W. T. Smathers of this place and Mrs. Erastus Jones of Oklahoma.

The funeral was held at the Methodist church Tuesday afternoon at 2:30, conducted by her pastor, Rev. W. B. West, assisted by Rev. W. L. Pruett, under whom she made a profession. The church was too small for the large crowd and many stood in the vestibule and outdoors.

Mrs. Tate was the daughter of the late Jerry N. and Mary Ratcliff of Ratcliff Cove. The family have the sincere sympathy of the whole community in their sad bereavement.

IN CAMP, ON HIKE, 'Y' ON JOB

(Above) Y. M. C. A. Bible Class during rest period on Practice Hike; The Tent always goes with the men, who are proud of their tentaments. (Below) One of 450 War Work buildings on Visitors' Day.

Whether it be the evening and Sunday leisure hours in camp or the rest periods of practice marches, the Y. M. C. A. follows the soldier boys of Uncle Sam wherever they go. Or, more strictly speaking, it precedes them, for the "Y" buildings are always ready when the first men in khaki reach the camps and the "Y" tents are always waiting when the tired fighting men reach a lunch stop in their strenuous hikes.

Captain Stanley Borleska of Portland, Oregon, an officer at Camp Greene, at Charlotte, N. C., was a member of the Michigan University football and track teams in 1914 and was picked as a member of the All-Star Western Interscholastic team that year. "When I came into this camp," he told Arthur Bagley, the "Y" camp physical director, "I wondered how I was going to keep in physical condition. I saw no opportunity or place to do any training. You Y. M. C. A. fellows have sort of made opportunities for me to recreate and exercise, for since I have been here, I have averaged three evenings each week out with my company football teams."

In the same camp another young soldier listened to an address in the "Y" auditorium by Dr. G. R. Stair on the

"Potter's Clay." After the sermon and after the invitation had been given and the men were signing the "War Roll" and were being presented with the customary soldier's pocket Testament, this young man approached by Bagley upon the question of making a decision, responded affirmatively at once. When the Testament was handed to him he said: "I am doing something for you that I refused to do for my mother. When I left home in Idaho a month ago, she asked me to take a pocket Testament with me, but I thought it was no part of a soldier's kit. This old Y. M. C. A. has made me change my mind. I am going to sit down and write her not to worry any more."

To keep up this sort of work in the camps in America, to follow our boys across the seas and to extend the same service to the armies of our allies, a nation-wide campaign for funds will be waged Nov. 11-19. The sum needed to prosecute this war work to July 1st, 1918, is \$35,000,000. The states of Alabama, Georgia, Florida, Mississippi, North and South Carolina and Tennessee have been asked to contribute \$1,500,000 of this. Checks may be sent to the local committee or to C. K. Cahoun, department campaign director, at Atlanta, Ga.

TURKEYS, ONIONS AND POTATOES WANTED

Dear Sir: One of the Army Camps has sent us a proposal for a bid on furnishing them 2100 pounds of young, fat, plump turkeys for Thanksgiving. They wish birds weighing from 10 to 20 pounds each after being dry picked, undrawn, feet, head and wings not removed.

If people having turkeys answering the above description can furnish enough birds about Nov. 20th to make up 2100 pounds we will submit a bid that will return the turkey raiser a good price for his birds. We have a good chance to land the contract if we can get the turkeys as we are now shipping this same camp Irish potatoes and they will probably be glad to continue ordering from us.

If you have any onions and potatoes for sale let us know about these right away. Be sure to advise us about how many pounds of turkeys you can furnish.

We are now furnishing potatoes to army camp which net growers \$1.43 per bulk bushel here. Mountain Growers Exchange, BOLLING HALL, Manager.

Auction Sale!

The Valuable property of Geo. C. Haynes, "right in the heart" of Waynesville, the "Beautiful" near the Postoffice will be sold at auction Monday, Nov. 12 at 4:00 p. m.

There is a good dwelling on this property surrounded by 3 good streets. Have it cut into lots—you can buy what you want. Terms Easy.

There will be a box supper tomorrow (Friday) night at the Corner (Friday) night hear the Corner (Friday) for the benefit of the Waynesville Hospital.

PRIVATE JOHN ALLEN OF MISSISSIPPI DEAD

One of the Most Picturesque Figures of Country Passes Away.

Jackson, Miss., Oct. 31.—"Private" John Allen, a member of congress from Mississippi for 15 years until his retirement in 1901, and one of the picturesque figures of that body, died at his home in Tupelo, Miss., early yesterday, according to a dispatch received here. He had been ill about two weeks.

After leaving congress, "Private" Allen retired from public life and has resided in Tupelo, where he was director in several banks, a cotton mill and interested in other enterprises.

John Mills Allen was born in Tshomingo county, Mississippi, July 8, 1846, and was educated in the rural school. At the outbreak of the civil war he enlisted in the Confederate army and served as a private four years. This fact, his quaint stories of army life and his fund of humorous narratives which he used in debate on the stump and in congress won him note as a story teller and the sobriquet of "Private" John Allen.

After the war "Private" Allen attended the law school of Cumberland university, at Lebanon, Tenn., and in 1870 he was graduated from the law department of the University of Mississippi. He served as prosecuting attorney in his county for several years, and in 1885 was elected to congress from the Mississippi district, serving continuously until his retirement.

It is a source of profound regret to the people of Lake Junaluska to learn of the recent death of "Private" John Allen at his home in Tupelo, Miss. Mr. Allen has a summer home here and has spent a part or all of each season at Lake Junaluska for several years. His death was not altogether unexpected for when he was here in August he was confined to a wheelchair as the result of a stroke of paralysis which he had sustained only a short time before.

Mr. Allen was one of the most universally liked of all the people who have been attracted to this place. His cottage was one of the most beautiful on the entire lake grounds. He was one of the most liberal contributors to all of the enterprises of the Southern Assembly and he will be truly missed from all of the conference programs.

The debating society of the Junaluska Seminary is preparing an open meeting for Wednesday afternoon before Thanksgiving. All of the patrons and friends of the school are invited. At a re-organization of the society recently Miss Lucile Wells was elected president. Miss Julia Edwards vice-president and Mr. Hiram Green secretary.

PRIZE FOR BEST WHEAT

Jonesboro, Tenn, Route 4, Box 9, Oct. 31, 1917.

Seeing in your paper that the Haywood boys have a wheat club I will give one bushel of Old Fultz seed wheat to the boy in your county who beats me on one acre of wheat and will pay express to his station, if these five rules are observed:

1. All who compete should notify me within 20 days. 2. Each contestant must be under 17 years old. 3. He must be a regular attendant of a Sunday school. 4. He must be his own demonstrator, by this I will know he is interested in farming. 5. His report of results will be final and not questioned.

By way of introduction to Mr. A. C. Walker's son will say that I made 55 1-4 bushels of potatoes on a lot three by five rods.

Yours truly, GUDGER FRANCIS.

WANTED IMMEDIATELY—500

Woodmen, Timber Cutters, Teamsters, and Track Hands, at Our Crestmont, N. C., Plant. We pay best wages. Sanitary camps. Courteous treatment given all employees. Unexcelled board. Finest water and healthiest climate in the world. Come at once and bring your friends.

SHOE SHINE STAND LINER & MASSEY, Props.

Opposite Depot.

Beginning Saturday, Nov. 10th we will charge 15 cents for a shave, with or without neck shave.

Iron Is Greatest of All Strength Builders, Says Doctor

A Secret of the Great Endurance and Powers of Athletes

Ordinary Nuxated Iron Will Make Dull, Nervous, Run-down People 100 Per Cent Stronger in Two Weeks' Time in Many Cases.

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. E. Sauer, a Boston Physician who has studied widely both in this country and in Great European Medical Institutions when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while,

double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old form of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize-fighter has won the day simply because they knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to ignominious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. E. Sauer is one of the best organic iron compounds. Unlike the older inorganic iron preparations it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturer has sent great confidence in Nuxated Iron that they offer to forfeit \$50.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent or over in four weeks time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by all good druggists.

ASHEVILLE SAYS BUZZARD AND KAISER IN SAME CLASS

The Kaiser and the buzzard are in the same class—both are outlawed in North Carolina.

At the last meeting of the Agricultural Division of the Asheville Board of Trade, Chairman J. W. Haynes stated that Section 3466 of the Revisal of 1905, which protects among other birds, the buzzard, had been repealed by the Legislature in 1915, Chapter 132 of the Public Laws. The buzzard is now an outlaw, and should be killed wherever possible because it has been proved that the buzzard disseminates cattle diseases everywhere, and is the cause of so many diseases now prevalent among cattle.

Kill the buzzard and the Kaiser, raise a pig.

N. BUCKNER.

COLORED WOMAN A PATRIOT

Wadesboro Ansonian. Ellen Sturdivant, a colored woman of Wadesboro has set a fine example. When subscriptions were being taken for the Red Cross, she subscribed and paid \$5. Then she volunteered her services to launder shirts, free for the sewing room, and she laundered. Now she has subscribed for a \$100 Liberty bond and she will pay, too. That's helping the government win the war and she can enjoy the sweet consciousness of having done her part.

DR. DAVID WAY KILLED IN EL PASO

According to a message received here this morning Dr. David A. Way, of this city, was accidentally killed in El Paso, Texas, last night. No details of the death could be learned this morning. The body will be brought to Asheville for interment.

The deceased is survived by the widow, one daughter, mother, Mrs. J. B. Way of Waynesville; two brothers, Dr. J. H. Way, now attached to the medical corps of Camp Greene, and Rev. William Way, rector of the Greek Episcopal church of Charleston—Athensville Times.

LOST—Shepherd Dog, Dark tipped, hair brown. Answers to name of "Lad" or "Shep." Known as Mr. [Name] [Name]. Reward [Amount].

Advertisement for Perfection Oil Heaters. Features an illustration of a man in a suit and a woman in a dress standing near a window. The man is pointing towards the text. The text reads: "On the Inside Looking Out" No matter how chilly it is outside, you're always comfortable if you have a Perfection Oil Heater in the house. You can carry it upstairs and down, wherever extra warmth is needed. The Perfection is economical, convenient, efficient. Now used in over 8,000,000 homes. Use it with Aladdin Security Oil—eight hours of warmth from a gallon. STANDARD OIL COMPANY (New Jersey) Washington, D. C. BALTIMORE MD. Charlotte, N. C. Charleston, W. Va. Charleston, S. C. PERFECTION OIL HEATERS

MR. HENDERSON'S EXPERIENCE

The slight change in ownership of this newspaper this week reminded County Commissioner Henderson, who was here the first of the week that he also had some newspaper ownership experience in Canton 30 years ago when he with about nine others put in \$100 apiece to start a newspaper there. They employed a man named Lanier as editor and printer.

After a few months Lanier wrote a thrilling editorial on how the paper was on a firm foundation and going strong. He then went to Asheville to celebrate the event in a manner befitting the occasion. The spree lasted three weeks and the issue with the assuring editorial was the last. The plant stood unused for years. All the stockholders got out of it was a pile of wheat which had accumulated by being brought in "on subscription."

NAVY LEAGUE NOTES

The Woman's Section of the Navy League of the U. S. has emerged into The Woman's Naval Service which still holds its meetings in the Navy League rooms. It is the intention of the Woman's Naval Service to open classes for the study of typewriting and stenography. The classes will meet on Tuesdays and Thursdays at 3:30 p. m. All pupils in Haywood county and Waynesville are requested to seize this opportunity. Pupils are asked over 18 years. There is a call for ten thousand stenographers and typewriters by our Government.

Commandant Henry Lee of the U. S. steamer Jenkins gave the Woman's Section Waynesville Naval Service a handsome framed picture of the steamer Jenkins and all its crew.

The Navy League workers will continue on the comfort kits and knitting.

The report came from the comfort committee of Washington, D. C., that the knitted articles made in Haywood county and Waynesville, N. C. were amongst the best of any state for the sailors and soldiers.

The box of made articles and bandages sent to the Woman's Naval Service at Washington, D. C., from Lake Junaluska Chapter and Waynesville Chapter were highly praised for their good and perfect work.

BURKE MAN HAS INGENIOUS DEVICE

Morganon Herald. Messrs. J. Ernest Erwin of Morganon and D. O. Garrison, of Glen Alpine, were visitors at the national signal last week, where they went to see before the navy department the invention of a submarine destroyer. Mr. Garrison has been working for some time. They were in great consideration and Mr. Garrison was told that the invention was a submarine destroyer.
