INTRODUCTORY

Since I am going to be connected permanently with the Waynesville Mountaineer-Courier in the capacity of manager and half owner, a personal word will perhaps not be out of place.

This is the first move of my business life. I have come to Waynesville from Highland, Kansas, primarily for reasons of health for family—wife and two children. After graduating from college in Highland, I bought the newspaper in that town and have conducted it for a period of twenty years.

Three weeks ago I came to this section for the purpose of buying or leasing a newspaper. I had a list of five newspapers for sale. I stopped in Waynesville merely to see the town and Lake Junaluska of which I had heard. I liked the town and the natural scenery, met J. D. Boone and our acquaintance, after a week's stay here, culminated in an equal partnership in this newspaper, each taking the other wholly on faith and first impressions.

I am anxious to become acquainted with the people here at the earliest opportunity. I hope soon to become familiar with the activities and interests and industries of this city and county and become a participant with you in plans for progress.

My idea of a local newspaper is Home News first. And so, while Mr. Boone is responsible for the editorial policy of the paper, I shall assist him also in the collection and writing of items which concern Waynesville and Haywood county. With that end in view, I shall greatly appreciate any news items from you or any suggestion as to articles of local interest.

Since the Courier was merged with the Mountaineer, there is necessarily increased work and responsibility. I intend to divide both with my partner. The plant seems to have an efficient working force and our object is to make it still more efficient so as to serve your needs in the way of printing in a prompt and satisfactory manner.

Tobias Larson.

CHANGE IN OWNERSHIP

This paper is now owned jointly by J. D. Boone, the Editor and Mr. Tobias Larson, business manager, who takes hold this week, each owning a half interest in the Mountaineer-Courier and the plants of both papers. All mortgages and notes have been paid off and the new firm starts out without any burden of debt and with high hopes of success.

Of course the writer is well known here, having spent more than a quarter of a century in this county and most of that time in a newspaper office. It might be well to say that the paper will remain Democratic whenever political campaigns or conditions warrant and the editor will control its policies, while Mr. Larson will have the entire business end of the institution unless he is absent or ill.

Mr. Larson has been a large social and business asset in his native Kansas town having been on the school board for years, postmaster part of the time, chairman of the Red Cross, member of a band, and prominent in church work. We believe he is all right and deserves good treatment from all our people.

THE TRUTH ABOUT THE WAR

We reproduce in another part of this issue some plain, unvarnished facts about the Germans and the war in which we are now engaged, from a speech made by Lord Northcliff of England, who is the head of the British war committee in that country and who is England's leading newspaper owner and editor. Lord Northcliff's speech was delivered to newspaper men at Kansas City and is taken from the New York Editor and Publisher. Be sure to read it.

This paper you are reading comes from one of Lord Northcliff's mills in Nova Scotia. He is furnishing paper to most of the North Carolina newspapers practically at cost in ton lots or more through a committee of the N.C. Press association.

The Hooverize is to economize. Have you ever tried it?

Asheville has established a municipal woodyard. If the coal situation doesn't change we should have one here.

The Marion Progress will go from \$1. to \$1.50 a year on Nov. 15th. They will all have to do it and do it quickly.

Washington city is now dry. Many senators and congressmen will be singing during the next session "How Dry I Am."

Rev. Baylus Cade who once resided in Waynesville, has resigned his pastorate of the Baptist church at Lenoir and has gone to Philadelphia to superintend the manufacture of his typesetting machine which he will soon put on the market and will do he says anything any other will do, and will cost very much less than the ones now in use. Here's hoping he makes a big fortune—and it looks as if he will.

NOW LOOKOUT

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contracted another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your colds while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere.

THE WORLD: FREEDOM AT STAKE

President Wilson.

The great fact that stands out above all the rest is that this is a People's War, a war for freedom and justice and self-government amongst all the nations of the world, a war to make the world safe for the peoples who live upon it and have made it their own, the German people themselves included; and that with us rests the choice to break through all these hypocrisies and patent cheats and masks of brute force and help set the world free, or else stand aside and let it be dominated a long age through by sheer weight of arms and the arbitrary choices of self-constituted masters, by the nation which can maintain the biggest armies and the most irresistible armaments—a power to which the world has afforded no parallel and in the face of which political freedom must wither and perish.

For us there is but one choice. We have made it. Wee be to the man or group of men that seeks to stand in our way in this day of high resolution, when every principle we hold dearest is to be vindicated and made secure for the salvation of the nations. We are ready to plead at the bar of history, and our flag shall wear a new luster. Once more we shall make good with our lives and fortunes the great faith to which we were born, and a new glory shall shine in the face of our people.

DO YOU HAVE SOUR STOMACH?

If you are troubled with sour stomach you should eat slowly and masticate your food thoroughly, then take one of Chamberlain's Tablets immediately after supper. Obtainable everywhere.

"MOVIE" EXHIBITORS ARE PATRIOTIC

Washington, D. C. October 6, 1917.

The United States Civil Service Commission has received an expression of the patriotism of practically all the exhibitors of motion pictures in the United States. The Government is in need of thousands of typewriter operators and stenographers of both sexes for war work in Washington, and through its 3,000 local boards of examiners in that many cities, the Commission requested the owners and managers of motion picture theaters to allow free of charge an announcement on their screens of this need of the Government. The refusals were so few as to be negligible.

Almost without exception the "movie" men were not only willing, but were even eager to serve the Government in the manner requested. This hearty response from 20,000 business men representative of every part of the country has a striking significance. It is interesting to note in this connection that estimated daily attendance at motion picture shows in the United States is ten million. This allows an average of 500 for each house.

Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tone

Your Druggist gives back your money if it doesn't liven your liver and bowels and straighten you up without making you sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless. Calomel is a dangerous drug. It

is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.
