### BIG BRANCH ITEMS

The weather has been so favorable for a few weeks the farmers have done lots of ploughing.

J. M. Massey, of Buffalo, S. C., is visiting friends and relatives in Haywood.

Charlie McCrary, who has been in School at Asheville, has come home to make a crop.

Born, to Mr. and Mrs. Bob Bishop, a daughter, and to Mr. and Mrs.

Vinson Sanford, a son.

Miss Mary McCracken is visiting her sister, Mrs. Robert Rogers, on Upper Crabtree.

Wedding bells may be ringing soon in this community.

Mrs. W. F. McCrary, who has been visiting her sister at Leicester, has come home.

Miss Violet Carver visited Clyde last week.

J. A. Smith is moving from Clyde back to his farm where he will make a crop this summer.

Mrs. J. B. Towles visited the home of V. P. McCracken Sunday.

Miss Sue Belle McCrary is visiting her sister at Leicester.

O. P. Kinsland having resigned as president of the fox hunters, Bob Bishop was elected. Lawson Trantham was selected as vice-president.

Jim Smith and Dewey McClure visited at Mr. Anderson's Sunday, and Miss Fannie Sanford visited Miss Sue Belle McCrary.

—A. BIRD.

### Eight Million Pay on Incomes

About eight million persons will pay two and one-fourth billion dollars in income taxes this year. Every unmarried person with an income of \$20 a week will pay a tax of 80 cents, and every married person with a \$40 a week salary, a tax of \$1.60. The extension of the income tax to take in salaries above \$1,000 (single) and \$2,000 (married) will include this year a large number of small income taxpayers. However, what is needed to raise revenue is a radical increase in the tax on large incomes. This would get the big war profiteers

### CLYDE CULLINGS

Mr. and Mrs. W. F. Terrell visited Mr. and Mrs. W. G. Bennett last Saturday and Sunday. They will move this week to their nice home on Mulberry street. Mr. Terrell being an expert civil engineer will be out of town most of the time following his profession.

Mrs. George Liner, of Ratcliff Cove, has returned from visiting Mr. and Mrs. J. A. Medford.

We mention the following candidates who visited our town during the last several days: R. L. Noland, W. F. McCrary, W. H. Henderson, Erastus Messer, Charley Francis, W. H. Noland, R. M. Leatherwood, John Sentell and W. J. Hannah.

The Canton and Clyde boys have recently played three games of baseball, Clyde winning two signal victories out of three games, the last of which was played at Canton last Saturday where the Clyde team was victorious.

A box supper of large proportions was held at the State High School building last Saturday evening when \$64.60 was received, which finishes paying for the High School piano and leaves a balance of \$28 in the Bank of Clyde to the credit of the school. Prof. L. S. Stamey was auctioneer. Misses Ada Davis, Ava McCracken, Nina Morgan, Mary Cathey and Valeria Medford were contestants for the prize box which brought \$21 and went to Miss Nina Morgan.

Rev. J. D. Moore, B. Y. P. U. state secretary, delivered an excellent address last Sunday evening before the union. The B. Y. P. U. here is one of the best in all the country according to the opinion of Mr. Moore who heard group No. 3 render their program under the leadership of Mr. Orville Haynes.

Mr. J. R. Terrell, county surveyor, and one of Clyde's leading citizens, has bought an automobile. It is hoped that Mr. Terrell will be a candidate to represent our county in the state legislature. Being a good and upright man and being thoroughly competent, the county would make no mistake in electing him to represent us in the lower house of the general assembly.

Rev. W. M. Howell, a ministerial student, will preach at the Baptist church next Sunday morning for Pastor L. Q. Haynes who will preach the commencement sermon at Woodrow next Sunday.

Rev. T. F. Glenn will preach at the Clyde Methodist church the fifth Sunday in March on "God in History." He wants to remind the people that God is on his throne in these days of storm and strife, and that the Judge of all the earth will do right.

—M. B. S.

Asheville will probably close all pool rooms June 1.

### FROM COLORADO

The following letter from Peckham, Colo., was written by Ellen, the 12-year-old daughter of C. W. Presley, under date of February 28:

We have had fine weather all winter up to now, when the snow is about three feet deep on the ground. It was snowing so hard yesterday one could hardly see how to travel.

A Mr. Dufree and his son were moving here from Gilchrist yesterday and while driving across the railroad track a train killed the old man and his horses, scattering their remains

for 150 feet along the track. The boy walked across, and warned his father to wait until the train could pass.

Another old man 60 years old who hauls school children from home to school and back was killed at the same place a few days before. He was on his way home and couldn't hear very well. He leaves a wife and eight children.

There are quite a few in the hospital here for appendicitis.

I am only 12 years old and came from Haywood county, near Clyde.

ELLEN PRESLEY.

Peckham, Colo., Feb. 22.—We are having cold weather here now. It is 16 below zero and everybody seems to be enjoying it. We have had very little snow the past month. It is warming up now and I think we will have an early spring.

Most of our people visited the stock show at Denver the past week. Peckham has quite a few visitors too, as the farmers can't do much but feed their stock.

Mr. and Mrs. Presley came here from your county two years ago and will farm here the coming year. Sugar beets, beans and alfalfa are the main crops here, although we raise other things and nearly everything that grows in North Carolina. Prices are good and wages are good, too.

I would be glad to see some of the N. C. boys coming out here to farm. They could make good money at it. We have good schools here and they run nine months, and we have high schools, too.

We have a lot of good women here in the Red Cross who are helping the boys in the trenches in many ways and we know they will do that in North Carolina.

I was in the Rocky Mountains on a trip last summer and saw many wonderful things to attract my attention. There are mountains where you can see snow all summer. Some are larger than your mountains and have different timber on them. There is a park which attracts many people in the summer where they spend a week or two. Yours truly,

JAMES COGBURN.

### RAISE A PIG

(By W. W. Shay.)

The hog production of the United States has fallen off to an alarming extent; the present unsettled condition of the hog and corn market offers no incentive to pork producers in the hog and corn belt. We have just passed a period of 21 porkless meals of the 21 which are supposed to eat during a week. The porkless Saturday and one porkless meal per day was not abandoned owing to a plentiful supply of pork, but rather because a heavier export of wheat was necessary. Wheat was formerly settled upon, and wheat at present is more urgent, needed than pork.

It is very easy to understand that as wheat is harvested the condition

will be reversed as related to these two extremely necessary articles.

Present prices of pigs indicate the wisdom of playing safe, which is simply to "grow your own" supply of pork.

Haywood county is in a position to do this as profitably as any other county in the state and the role of "innocent bystander," never a safe one, is doubly precarious as regards next winter's pork supply at this time. Get in the game!

Raise some hogs. If you fear a drop in the pork prices, raise good hogs, pure bred. They are independent of pork prices and are good to eat.

There is always a demand for foundation stock at a premium over the current price of pork; they give better returns for the feed consumed, and during these times of high prices of feeds and comparatively low prices of pork, we must use every effort to conserve feeds as well as everything else, but do not make the mistake of underfeeding the pig.

Utilize pastures but feed well while on pastures.

Our soldiers must be fed, we must live; you serve both yourself and the government when you produce pork. "Raise a pig."

W. W. SHAY,  
Emergency Worker, Swine Extension.

## A CURTAINLESS SHOWER

We are prepared to sell you a curtainless shower to attach to your bath tub. (See sample in our window.) This shower comes at a price within the reach of all those that have plumbing installed.

Paints, tin shingles, guttering and valley tin at a bargain

## Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

## Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. . . . We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c package.
