

# Wave of Hope and Health Reaches Waynesville

## Ravages of Spanish Influenza Being Rapidly Repaired by Great Rebuilder

**AS ONE THEY AGREE T'S BEST SELLING, MOST SATISFYING MEDICINE OFFERED PUBLIC**

### AN ANGEL OF MERCY WHO BATTLES WITH PAIN AND DISEASE TO CHEAT GRIM DEATH OF ITS VICTIMS

Nothing can be greater than the true American spirit of helping those who suffer," says this brave little Red Cross worker and true humanitarian.

To those who have never known the gratitude of one who has been torn from the jaws of death, or had pains ended by the tender ministrations of another, it is difficult to understand the deep devotion of a Red Cross nurse to her work. It is the heartfelt gratitude of those who help that furnishes the inspiration of these noble women and sustains them in their arduous labors; the joy that they have softened the sufferings of a fellow being.

A striking example of this type of self-sacrificing woman is Miss Emily Petway, whose home is at 13 South Eighth street, Wilmington, N. C., an active Red Cross worker, and the embodiment of the true Red Cross spirit in her every act and thought. Miss Petway has herself undergone one of the pains of sickness and ill health and was relieved by Peplax, the wonderful restorative and systematic tonic which

is now doing more to upbuild the general health of the people of this State than all other remedies combined. Miss Petway was a victim of indigestion, which resulted in the stomach swelling and caused intense pain in the region of the heart. This condition caused her to lose much sleep and she arose in the morning all worn out, and with no energy for her work. She heard of the great work Peplax is doing in relieving just such cases as hers; decided to give it a trial, and this is what she says:

"I started on Peplax and have finished my third bottle and can truthfully say that it is a most powerful medicine. It has done me more good than all the other medicines I have ever taken. I do not suffer any more with indigestion and have no pains around my heart. The swelling has entirely disappeared; I sleep just fine and my appetite could be no better."

"I recommend Peplax because I honestly feel that if it could do so much for me, it would do the same for others."

This young woman knows Peplax and its merit. She also knows that in recommending it to others she is consistently living up to her creed that "Nothing can be greater than the true American spirit of helping those who suffer." She knows that Peplax will bring relief to those who suffer from indigestion. There are thousands of men and women in this State today who are dragging out a miserable existence, enfeebled in body and utterly unfit for their daily tasks, who could be made robust and strong. It is to reach these sufferers and lead them back to health and happiness that Miss Petway and hundreds of others, who know the merit of Peplax by actual experience, so gladly recommend it to the public."

Peplax is a Reconstructive, Systemic Tonic of Real Medicinal Merit in the treatment of Catarrhal and Intestinal Disorders.

#### Here are some of the North Carolina Druggists who are meeting the demand for Peplax:

People who suffer from indigestion generally suffer from biliousness and constipation. The stomach, kidneys, liver and bowels are very important organs of the body. If you keep them in order you will probably remain well. When they get out of order you suffer from some form of sickness and the entire system fills up with poison. Peplax, the new Herbal Reconstructive Tonic, builds up the system and tones up your vital organs so as to enable them to perform their proper functions as nature intended. Genuine Peplax is sold and recommended in all Waynesville Drug Stores. Obtain a bottle today. It will do just what is claimed for it.

#### WAYNESVILLE AND ANNEX PHARMACIES

M. H. REEVES, Proprietor Successor

Yours very truly,  
W. S. MARTIN.

#### Broadway Pharmacy Asheville, N. C.

The Drum Medicine Co.,  
Salisbury, N. C.

Gentlemen:

Since the Broadway Pharmacy was made headquarters for the Peplax preparation soon after their arrival in Asheville, your sale has been much larger than expected, many purchasers recommended them to their friends after being themselves benefited by their use. It gives us pleasure to sell medicines which prove meritorious, and Peplax seems to be gaining in favor rapidly.

BROADWAY PHARMACY.
