

Social Life

Man is a gregarious animal he loves to be with his kind. When you see a person who retires from the world it is the exception. The old Monk in the cloister felt he was making a sacrifice to give up the world. The priest made a sacrifice to give up home. When the old settlers came in they were lonely and sequestered and the visitor was welcomed and made at home for the time he wished to stay because the settler was lonely and wished for companions. We are to often apt to keep to ourselves and some times by circumstances are forced to do so and the person who comes out of his solitariness oftentimes exceeds the limit of sociability. Men stand around about and drink because of sociability. The bottle is passed many times and men become more and more social. They open their hearts to one another now we believe the principle is right but the method in that case is wrong. We must do something to satisfy this natural desire of mankind. If something that will make a man come out of his little self and be natural, be social. The problem today is how to do this, can we direct it in such a way as will eliminate the evil and preserve the good fellowship between persons.

We believe there should be social life and we should have it everywhere. If we live in a cave prisoner during the winter months when spring comes we feel like blossoming out and often times it is violently. Why could we not do this temperately, or better be social all the year through, why can we not have social life all the year through. The News-Record welcomes the coming of the Spring and Summer, because it brings to us picnics, gatherings, associations, conferences, outings, company and all such things that bring people together. It is natural to relax, to bask in the warm fellowship our brothers and to feel our kinship to all those around us. Everyone should strive to cooperate with others and cut off the evil, but enjoy each others society. If we do this we will be better citizens, better in business, at home and better christians.

C. A. Glosner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills. After detailing his case he says: "I am only sorry I did not learn sooner of Foley Kidney Pills. In a few days' time my backache completely left me and I felt greatly improved. My kidneys became stronger, dizziness left me and I was no longer annoyed at night. I feel 100 per cent better since using Foley Kidney Pills." L. E. Burnett, Mars Hill, N. C.

Marshall's Needs

We notice that the Q. & C. is asking for photographs of Asheville in order to advertise the city. Why should we not have some views taken of beautiful scenery around Marshall and advertise our town. One of the requests of Marshall is a good private hotel—a boarding house on the hill. We need one where tourists or visitors may have the privacy of home and get the splendid views and bracing air. We would have abundant visitors and the town would prosper and every one would be benefited.

Prof. Washburn and Prof. Washburn want to the Spring term. They have secured considerable work and Thursday when Prof. Washburn will deliver the address on the subject of "The Future of the State." We are sure that they will be of great interest to all.

Federal Activity

Last Saturday's Citizen brought the news that 438 illicit distilleries had been taken by the officers. That does not mean that there are more today but it does mean that the federal officers are backing up the prohibition law more than ever and that we have officers in the employ of the Government who are more strictly performing their duties. More effort is made to discover these stills and the people are becoming more and more helpful in giving evidence about those stills which they know of. We wish to commend these employees of the government for their intense activity. We wish to congratulate the people in their determination to aid the officers. When we look at these figures we might say that more whiskey was being drunk but that is not the case but rather that the public conscience is becoming more and more educated to prohibition principles and we are glad to see it and we hope still more of these may be discovered and the people rid of this evil.

MANY DRIVEN FROM HOME

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. Ling's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by Redmon & Roberts Co.

The Allens

It is said that the Allens are coming in to plead guilty and get a lighter sentence and have some mercy shown them. There is too much shown already and as long as misunderstood mercy is shown there will be crime and evil. If the strong arm of the law should come down on the criminals once in awhile there would be less criminals and we would be free from so much murder and robbery.

Schools

We are glad to hear of another school district that is talking of a special tax to give a longer school term. It should be thought of by every committee-man in the county longer school terms better teachers and more careful attention by the committeemen. Don't be satisfied with anything but the best.

UNCLE EZRA SAYS

"It don't take more'n a gill uv effort to git folks into a-peck uv trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at Redmon & Roberts Co.

Young men, do you know that Judge Massie who was killed a few days ago in Virginia carried an Insurance Policy for \$10,000 on his life. Just a few days before he was killed he had taken out a policy for \$4,000. Don't this fact prove to all young men that they should take out a life insurance to provide for their family should anything happen to you. Call on me and insure your life. I represent the best Company in the United States. JAMES SMART.

THE MEN WHO SUCCEEDED as heads of large enterprises see men of great energy. Success, to-day, demands health. To all it is to bill. It's utter folly for a man to endure a weak run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvan, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and "Strained" Rheuma, I am again, thanks to Electric Bitters, sound and well." Try them.
