**DIXIE SCHOOLS GIVEN \$700,000**

THE ROCKEFELLER EDUCATIONAL BOARD APPROPRIATES MONEY TO COLLEGES.

**NEGRO SCHOOLS ARE AIDED**

\$25,000 Goes to Peabody College for Establishment of School of Country Life.

New York.—Nearly \$1,000,000 was contributed to the cause of education by the general education board founded by John D. Rockefeller, at its meeting here. Of this sum \$700,000 was appropriated for distribution among five colleges, the largest contribution, of \$250,000, going to the George Peabody college for teachers of Nashville, Tenn., for the establishment of the Seaman A. Knapp school of country life.

It is explained that the gifts to the colleges are all conditional upon an equal sum being raised by the respective institutions.  
The sum of \$210,000 was set aside for demonstration work in agriculture in the Southern states, for professors of secondary education in state universities of the South, and to aid the work of Negro education in the South. The demonstration work appropriation is \$133,000.

The miscellaneous appropriations were:

For professors of secondary education in the several state universities of the Southern states, \$33,100; for supervision of Negro rural schools in Kentucky, North Carolina and Virginia, \$9,000.

To three negro schools—Hampton Institute, Hampton, Va.; Tuskegee Institute, Tuskegee, Ala., and the Spelman seminary of Atlanta, Ga.—the sum of \$35,000.

**BLACK REBELLION SPREADS**

Negro Revolutionist Destroying Valuable Property in Cuba.

Havana, Cuba.—Reports received from Oriente province and emanating from other than governmental sources leave no room for doubt that the insurrectionary movement in the eastern end of the island, the main theater of the insurgents, is growing at alarming rapidity.

Those reports apparently receive confirmation in the extraordinary reticence of the government in its increase of the severity of the telegraph censorship, its activity in enrolling volunteers and the determination to dispatch Maj. Gen. Montegudo to take supreme command of the troops operating in Oriente.

The government professes ignorance of the destruction by insurgents of the railways between San Luis and Guantanamo and the latter place and Boqueron, on Guantanamo bay. It also says nothing is known of the wires on these roads having been cut, but admits there is some interruption in telegraphic communication. It is impossible to communicate with the American naval station at Guantanamo from Havana.

Throughout the province of Oriente panic reigns. The white people of the province are taking refuge in the cities and all mills have suspended operations, which will involve great loss to the sugar industry.

**To Prevent Waste in Shipping Cotton.**

Washington.—An effort to organize cotton growers in the South to remedy the present wasteful conditions and marketing of cotton has been begun by the bureau of manufacturers, according to a report issued. Commercial Agent John M. Carson has been assigned to visit the principal points in the South and confer with the men engaged in authority with a view to ascertaining whether a plan for the more economical preparation of cotton for the market could be devised.

**Betting on Presidential Race.**

New York.—Prospects of a thrilling race, a wide latitude in betting, and promise of the best "legs" that has been entered in a "presidential handicap" for many years, have finally awakened New York's betting spirit, and it is reported in wagers as to whether Taft or Roosevelt or a dark horse will gain the Republican nomination. Another betting chance is the contest on the Democratic side, with the final between the two parties as a climax.

**Commission Vacates Freight Order.**

Washington.—Orders issued by the interstate commerce commission suspending advances in class freight rates from New Orleans to Mobile, Selma and Prattville, Ala., and Pensacola, Fla., were vacated by the commission. This action is taken not because the commission doubts that it had authority to enter the orders, but because it wishes to avoid complicating the questions involved in the case of the Louisville and Nashville Railroad company against the commission.

**MISS JULIA LATHROP.**

Miss Lathrop, who has been appointed by President Taft as head of the new children's department, has been associated with Miss Jane Adams in the management of Hull House, Chicago, and is one of the best known social workers in the country.

**INFANT CLAUSE CHANGED**

SOUTHERN PRESBYTERIANS FAVOR AMENDMENT TO THE CONFESSION OF FAITH.

General Conference of Southern Presbyterian Church Adopts Radical Program.

Louisville, Ky.—Atlanta, Ga., was selected as host for the 1913 general assembly of the Northern Presbyterian church, Rochester and Atlantic City, which were contenders, withdrew. Atlanta plans to entertain thousands of members of each branch of the Presbyterian church in 1913. The Southern Presbyterian general assembly at Bristol, Tenn., voted to meet next year in Atlanta with the partial understanding that the Northern Presbyterians would also select the Georgia city.

Bristol, Tenn.—The adoption of a resolution to appoint an ad interim committee to prepare a brief popular statement of the doctrine of the church, which was adopted by a narrow majority and after a lively debate, the passage of a resolution to appoint a committee to confer with the United Presbyterian church on the subject of a union with that organization, the report of the committee on church societies, recommending the appointment of a woman secretary, the consideration of a proposed amendment to the elect infant clause of the Confession of Faith, to be submitted to the presbyteries and the adoption of the minority report of the committee on marriage and divorce, refusing to submit to the presbyteries the matter of a revision of the confession in this respect, were the principal doings of the general assembly of the Southern Presbyterian church.

Seated in the chair, he was asked a series of questions by the Rev. Herbert S. Johnson, his spiritual adviser.

**RICHESON PAYS PENALTY**

Baptist Minister Dies for the Murder of Avis Linnell.

Boston.—Clarence V. T. Richeson was electrocuted. The current was turned on at 12:10:02, and the prisoner was declared dead at 12:17. The former Baptist clergyman who confessed poisoning Avis Linnell of Hyannis, his sweetheart, was outwitted calm when he entered the death chamber and he maintained his composure while the straps and electrodes were being adjusted as he sat in the electric chair.

Richeson walked to the chair erect, eyes straight ahead, until he sat down. Then he closed his eyes and kept them shut until the end.

**Louisiana Governor Sworn In.**

Baton Rouge, La.—Gov. Luther E. Hall took the oath of office as chief executive of the state of Louisiana here, former Governor J. Y. Sanders retiring to private life. The inauguration ceremony was attended by the general house officers, members of the state assembly, officers of the battleship Nebraska, in the harbor, and hundreds of citizens from every part of the state. There was no attempt at display; the ceremonies were simple. Lieutenant Governor Barrett was also sworn in.

**Prince Killed in Auto Accident.**

Friesack, Prussia.—Prince George William, the eldest son of the duke of Cumberland, and his chamberlain, Von Greve, were instantly killed in an automobile accident. They left Berlin to attend the funeral of the prince's uncle, the late King Frederick VIII. The prince, who was at the steering wheel, probably failed to observe the signs of warning that the highway was being repaired, and drove the machine at full speed into a part of the roadway which was being macadamized.

**HALE AND HEARTY MORSE RETURNS**

FORMER ICE KING SAYS HIS TRIP TO EUROPE BENEFITED HIM GREATLY.

**MAY LIVE MANY YEARS**

Banker Morse's Health Improved Very Rapidly After His Release From Penitentiary.

New York.—Charles W. Morse and Mrs. Morse, who sailed for Europe February 14, shortly after Morse's sentence in the Atlanta penitentiary was commuted by President Taft, returned. Mr. Morse talked freely with the newspaper men. As to whether he intended to return to the business world, he said that would depend on how his health keeps up.

The former banker declared he gained a great deal by his rest in Europe, and his looks confirmed his statement. He spent the latter four weeks of his trip at Wiesbaden, taking the baths. A physician told him that, with careful attention to his diet, he would live "quite a while." "He did not say what 'quite a while' meant," said Mr. Morse. "It might mean years, or it might mean months. I do not know. I have only tried to get well while I have been in Europe. I have paid no attention in the business of course. Now I can walk about easily without a cane and I feel greatly benefited by the sojourn in Europe."

When he was told that the citizens of his native town, Bath, Maine, had planned a demonstration of welcome for him, he expressed pleasure, but said that he had made no plans to go there soon.  
Morse walked down the steamer's gangplank briskly, but with a limp, leaning on his wife's arm. The couple took a taxicab to their residence in West Fifty-eighth street.

**CARING FOR FLOOD VICTIMS**

United States Government Is Feeding Homeless People Daily.

New Orleans.—With the Mississippi river and tributaries steadily falling and no further disastrous crevasses in the levees anticipated, interest in the devastating flood that swept millions of acres of Louisiana's lowlands and stretches of fertile fields in Mississippi and other eastern Arkansas refugees have been made homeless. More than \$1,000,000 in cash and a still larger amount in clothing and supplies have been devoted to the care of their urgent needs.

From some sections of the flooded districts have come stories of distressing conditions, but the United States army relief corps and local relief committees have been prompt in every instance in dispatching food and medical supplies, and the various refugee camps are declared to be in fair to good condition. Only a few deaths have occurred.

**Kaiser Attacked by Socialists.**

Berlin.—The final session of the reichstag prior to adjournment to November 29 was a stormy one. The Social Democratic leader, George Ledebour, in referring to the emperor's recent threat at a banquet that he would incorporate Alsace-Lorraine into Prussia, declared: "A people like the English would in a parallel case either have smashed the throne to fragments or have confined a monarch making such remarks in some castle in the same way as had been done to the mad king of Bavaria."

**Sewanee Plans Butt Memorial.**

Nashville, Tenn.—At a meeting here of the Tennessee alumni of the University of the South, it was stated that two memorials would probably be perpetuated the memory of Sewanee the hero of the Titanic disaster, Maj. Archie Butt. An endowed scholarship or professorship will be established by the alumni, while the Delta Tau Delta fraternity, of which Major Butt was a member, is planning to erect a new gymnasium in his memory.

**She Says: "No Vote, No Tax."**

Chicago.—Miss Belle Squire, president of the "No Vote, No Tax League," refused to fill out a personal property tax schedule. Instead, she wrote this letter in a blank space and mailed it to the assessors: "Gentlemen: Just so long as the county of Cook hands me a tax schedule on the ground that I am a citizen of Illinois and must pay my share of the common expenses, and then refuses me a ballot on the ground that I am a woman, just so long will I refuse to fill voluntarily on your lists."

**Dies Afraid of Roosevelt.**

Washington.—In one of the most remarkable speeches of the present session of congress, Representative Dies of Texas, Democrat, assailed former President Roosevelt in bitter terms and referred in almost as bitter fashion to the leaders of his own party, including Speaker Clark and Governor Wilson. Mr. Dies foresaw the crumbling of the republic, the eventual rule of the mob and assigned as the causes the growth of demagoguery and influx of ignorant immigrants from southern Europe.

**CLYDE LEAVITT.**

Mr. Leavitt, who has been connected with the United States forestry service, has accepted the position of chief forester for the Canadian Conservation association and also will be chief inspector for the Canadian railway commission.

**ELECTION CLOSE IN OHIO**

HARMON LEADS WILSON AND ROOSEVELT LEADS TAFT IN BUCKEYE STATE.

Roosevelt and Taft Give Out Optimistic Statements on the Result.

Columbus, Ohio.—According to returns in hand, Colonel Theodore Roosevelt's delegates to the national Republican convention carried in the Ohio primary by a plurality of about 25,000 votes. It is scarcely possible that final results from the primary poll will change the number of district delegates from either side by more than one or two. The best figures show that Roosevelt has 32 of the 42 district delegates selected and that President Taft has 10.

Governor Harmon, however, is assured a complete delegation of 48 delegates to the Baltimore convention. His lead gives him control of the state Democratic convention, which will select six delegates-at-large. Also, it is said that the convention will provide for the unit rule, which will force the Wilson delegates selected by districts to vote for the Ohio executive.

The delegates-at-large situation in the Republican party will not be known or settled until June 3, when the state Republican convention meets here. Taft leaders claim they will control the state convention and designate the delegates-at-large.  
There is no question but that the Taft-Roosevelt fight will be carried on to the floor of the state convention.  
Oyster Bay, N. Y.—"The result in Ohio has settled the contest," declared Theodore Roosevelt.

"I can only repeat what I have already said, I infinitely prefer the deliberate judgment of the people to their impulsive judgment and in Ohio we got their deliberate judgment; and, as I have said, if I had to make a choice, I would choose the impulsive judgment of the people rather than the deliberate judgment of the bosses."

Washington.—Claiming 570 delegates to the Chicago convention or thirty more than enough to assure him the nomination, President Taft, in a statement declared he was going into New Jersey to "make assurance doubly sure."

The president's statement was issued after a day of activity at the White House. Political conferences with his managers and appointments followed by a meeting of the full cabinet. It was stated later that this meeting was devoted to "routine business." But members of the cabinet admitted that the political situation had been reviewed in considerable detail.

**Senator Crane to Retire.**

Washington.—Senator W. Murray Crane of Massachusetts voluntarily announced that he would not again seek re-election to the senate. Thus passes another of the men who were lieutenants of former Senator Aldrich.

**Heroism Wins Pardon for Convict.**

Jackson, Miss.—Heroism displayed in the fight against the Mississippi floods has brought to Harry Mills, a state convict, a pardon from Governor Brewer. Mills was convicted of murder in Vicksburg six years ago and was sentenced to twenty years imprisonment. When convicts were sent to hold back the swollen Mississippi Mills attracted attention by his reckless disregard of peril. He volunteered, even pleaded, for every task which offered danger, but always escaped unscathed.

**Congress Talks of Adjournment.**

Washington.—Congress gossip now centers largely upon adjournment. The Progressive Republican senators insist that after so many months of discussion at this session there should be important legislative achievements on the tariff and other things. Regular Republican senators are bringing the tariff bills out of the finance committee, but are considering absenting themselves upon the tariff bill votes so that the president may have the advantage of vetoing straight Democratic measures.

**STATE PRIMARIES ARE NOT DECISIVE**

IN ONLY A FEW COUNTIES WAS A VOTE TAKEN ON PRESIDENTIAL CHOICE.

**THE CONVENTION WILL ACT**

The Friends of Underwood and Wilson Are Active in All Parts of the Commonwealth—Out of Question to Forecast Sentiments of Delegates.

Raleigh.—The returns as far as received from the counties of North Carolina which acted, primarily, to nominate county officers under the provisions of an optional and not compulsory law passed by the last session of the legislature, shows that only a very small number took even a "straw vote" on presidential preference—the act not providing for the legal holding of a presidential preference primary.

It is therefore out of the question for any one to accurately forecast what the sentiment of the delegates to the Democratic state convention next month will be.

The great majority not being instructed or enlightened in any way except their own local observations will generally be guided by the latter impulse.

The Wilson promoters in the state strongly claim that a decided majority of the people want Wilson and that, the real power being in the people, the state convention ought and probably will send a delegation that at least will be friendly to Wilson as first choice.

From the Underwood promoters there is a loud claim because of strength displayed in some counties where organized fight was made. But the territory covered by all the primaries was infinitesimal in comparison to the area of the state.

**Dairymen Refuse To Sell Milk.**

The fight of the Buncombe County Dairymen's Association to have the \$1 tax on each cow which furnishes milk to the people reduced or rescinded has been reopened and the association threw down the gauntlet, declaring to the joint health board, that unless they get the relief which they demand the members of the association, which includes practically all the dairymen of the county, will refuse to sell milk in Asheville and dispose of it in other ways. They would do this, it was stated, while the matter was being thrashed out in the higher courts, attorneys having been employed already for the purpose. Evidently the board has decided to let the dairymen take their course for it took no steps to accede to the demands.

**Good Roads For Davie County.**

P. O. Tatum of South River was in Spencer and brought an account of a big good roads meeting held at Jerusalem. A large crowd was present and the meeting was presided over by T. J. Byerly of Mocksville, while E. D. Williams of the same place was made secretary. The road conditions in Davie was discussed after which it was decided to build a sand-clay road from Jerusalem to Cooleeem. For this purpose the Erwin Cotton Mill Company offered one-half of the \$3,000 which it was estimated the road will cost.

**One of Greatest Events in History.**

Col. J. Bryan Grimes who presided at the unveiling of the tablet to the Mecklenburg Declaration of Independence in Raleigh, in calling the meeting to order took occasion to declare that he believed, and indeed knew, the Mecklenburg Declaration of Independence to be one of the greatest events in American history. He paid high tribute to the women of the state for the awakening that he declared they have brought about largely in interest in North Carolina historical matters.

**Baptist Young People's Union Meet.**

The state convention of the Baptist Young People's Union will be held at Dunn, June 11th and 13th, inclusive. It will be a very interesting meeting, and will attract many young people from all parts of the state. The officers have been fortunate in securing a number of prominent speakers for this convention, among them Dr. Edwin M. Poter, of Greenville, S. C.; Mr. Arthur Flake, of Baldwin, Miss., and Mr. B. W. Spillman, of the Sunday School Board of the Southern Baptist Convention.

**The Iredeil County Politics.**

Final returns in the precinct meetings held throughout the county and in Statesville do not alter the results as announced. A heavy vote was cast in all the precincts and the personnel of the county board of commissioners is not yet determined. R. M. Gray of Statesville will succeed L. O. White as superintendent of county education. It is a mistake that the question of salaries for county officers was declared on as has been stated in dispatches to many papers from Raleigh.

**WORMS IN COTTON FIELDS**

An Invasion By the Pest is Predicted By Government Officer of Department of Agriculture.

Raleigh.—A special from Washington states that an invasion of the cotton belt by the cotton worm or caterpillar, incorrectly called the army worm, may be expected this season in the opinion of W. D. Hunter, in charge of the Southern field crop investigations of the Department of Agriculture expressing himself by way of warning rather than prediction. He advises planters to make the necessary preparations for fighting the worm and begin operations at the earliest possible moment. The invasion last season extended as far North as Canada and did considerable damage not only to cotton but to fruits in the North. Investigation has developed that all the cotton worm moths in the United States were destroyed by the abnormal cold last winter. "Our conclusion," says Dr. Hunter, "is that the only fear of an outbreak is in a re-invasion from Central and South America. There is one fact which seems to indicate that there may possibly be such a re-invasion. The chronology of the outbreak down that a distinct tendency towards the recurrence of a series of two or three seasons of abundance. Apparently, the species reaches great numbers in South America and remains abundant for several years, thus giving rise to the consecutive swarms which have invaded the United States."

**For the control of the cotton worm**

Mr. Hunter advises the use of powdered arsenate of lead, mixed with any other material, at the rate of 2 pounds per acre.

**Politics in Northampton County.**

With only one precinct casting about 25 votes to report the result in Northampton county in the Democratic primary is: Lieutenant-Governor—W. E. Daniel, 1,030—no one in opposition. Corporation commissioner, long term—Pell 542; Travis 480. Short term, Daniel 540; Maxwell 354. The nominees are: House of representatives, J. B. Stephenson; treasurer, E. J. Ray; register of deeds, Samuel J. Calvert; sheriff, Hinton J. Joyner; county commissioners, J. G. Stancell, J. T. Bolton, J. H. Fitzhugh; road commissioners, C. B. Vick, John E. Moore. Locke Craig for governor and the unnumbered state officers, received a large number of votes. C. G. Peebles was endorsed for the Senate in the Third district by 1,049 votes.

**Design for Ashley Horne Monument.**

The ten thousand dollar monument to the North Carolina women of the Confederacy that Col. Ashley Horne is to erect and present to the state is to be designed by Henry A. Lukman, of New York, a native of Richmond. He was selected to perfect the design by the committee named by Mr. Horne to have in hand the erection of the monument. A low massive design is agreed upon, the details to be worked out within the next two weeks so that it can be finally adopted early in June. The principal feature will be the figure of an idealized Southern woman that will be on suitable pedestal. Extending in a semi-circular shape from either side of this pedestal will be extensions of the granite extending to the sidewalk.

**Two Special Terms of Court.**

Two special terms of court were granted by Governor Kitchin as follows: Graham county, one week, beginning July 1, for civil cases only, with Judge James L. Webb to preside. Alamance county, two weeks, beginning June 17, for civil and criminal cases. Judge C. C. Lyon has been designated to preside.

**Union Primary Vote Very Light.**

Later returns from the Union primary show that the vote was the lightest ever cast in the history of the county. In 11 out of 18 precincts there were only 337 votes cast, this representing less than one-fifth the voting strength. The vote for lieutenant governor at these precincts was: Boushall, 26; Shaw, 208; Daniel, 40; Daughtridge, 24; McRae, 106. For corporation commissioner, long term, Maxwell, 132; Justice, 107; Pell, 179. For short term corporation commissioner: Daniel, 132; Travis, 254.

**Address By Major Hemphill.**

The graduating exercises of Peace Institute took place with the award of diplomas and the address to the graduates by Major J. C. Hemphill. The theme of Major Hemphill's address was "The Chief End of Education is the Making of a Woman." The speaker made a plea for the rights of women, paying tribute to her intelligence. "Women should be trained," he said, "to have knowledge of themselves. It must be a systematic training, fitting them for the crisis of life, as well as daily duties."

**Filing of Names in Wake County.**

With an addition to the list of candidates for office in Wake county the filing of names with the register of deeds closed and the winners will be known after the primary closes on the first of June. The one addition to the list of candidates was the name of Mr. S. Brown Shepherd, who announced his candidacy for the state senate. Mr. Shepherd is a prominent and able attorney of Raleigh, a son of the late Chief Justice Shepherd, whose ability is such as to have given him high place at the bar.
