Sympathy.

In going through this world we need some sympathy; and fellowship something to help us on the way. We find that a fellow-feeling for us from any one makes life burdens and difficulties easier to bear...

So as you go about sympathize—and tell of it to others. "God pity those who know not the touch of hands. Who dwell from all their fellows far apart, Who, isolated in unpeopled lands, Know not a friend's communion, heart to heart!"

LECTURE COURSE.

When you speak of a lecture course every one says it is a necessity but when the try out comes we find that it is not supported as it should be. For four years it has been a regular thing and we are sure that every one has enjoyed it.

The Demons of The Swamp. are mosquitos. As they sting they put deadly malarial germs in the blood. Then follow the chills and the fever of fever. The appetite flies and the strength fails; also malaria often paves the way for deadly typhoid.

SCHOOLS.

Prof. Buckner has told us that this year we may have a good school rate and that the different districts will have plenty for four months school. But that is not enough because every school district in our county ought to have seven or eight months of school, and the way to get it is to have a special tax levy.

Escapes An Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Sometimes I had such awful coughing spells I thought I would die."

Cure Alphabet.

- A—Aim to make arbor day annual cleaning day. B—Banish the tin can district from your yard. C—Clean up back yards and alleys. D—Destroy rubbish by burning. E—Educate house wives to demand clean markets. F—Fine every one who does not clean up. G—Give free lectures on civic improvement. H—Have campaign against paper on street. I—Interest city authorities in clean up day. J—Join all forces for anti-dirt crusade. K—Kill sidewalk spitting or it will kill you. L—Let your slogan be. "Do it for home sweet home." M—Make requests for preaching for clean up day. N—Next to godliness is cleanliness. O—Organize the children for keeping the town clean. P—Plant trees and then plant trees and then plant trees. Q—Question authorities about city expenditures. R—Remember our town park. S—Study town laws and then enforce them. T—Try to make the school a good one. U—Use every effort to arouse citizens to this. Z—Zeal, courage, and patience will clean up the city.

FOURTH OF JULY.

Why cannot the people have a fish on the Island with base ball and such amusements as we can get up. We could arrange a program with speakers and lunch and a good ball game in the afternoon. The hint dropped by The News-Record last week has found some echo and we have heard some speak in favor.

What Texans Admire

Is hearty, vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife and I believe they are the best made."

Piano For Court House.

The only way to get a thing is to go after it and keep pound ing away until we do get it. It has been two or three years that we have been talking this and still there is no piano. But we have faith that there will be a piano in the audience room before the next year.

Mrs. Rose A. Bennett, Clifford, Va., says they have long used Foley's Kidney Pills and want to say a good word for them. She writes: "Many kidney pills cured my husband of a long standing kidney trouble, but he had taken other remedies without relief. We would not be without Foley's Kidney Pills in our house for many times their cost." I. E. Burnett, Mars Hill N. C.

Now it's the industrial isthmus that is before congress. The Panama of Capital and labor with its big problems in human engineering. Last week the Hughes Book bill, calling for a federal commission on industrial relations, was reported favorably to the house; and the committee on labor put its estimate on the job by recommending an appropriation of a clean half million dollars.

J. W. Jordan, a well known dentist of Hopkinsville, Ky., recently had an operation for his kidney trouble, but he says: "The first real relief I got was after taking Foley's Kidney Pills. They eased the terrible pain in my back and accomplished more good than anything I had tried. I gladly recommend them." I. E. Burnett, Mars Hill N. C.

Why should the school houses be closed so much of the time? In some of them religious services are held but the great majority of them are closed for eight months of the year. We wish we might have entertainments and debates and socials so that the people might get better acquainted one with another and relax a little from the strenuous life of getting rich.

Mrs. R. Brant, 1115 Paden St., Parkersburg W. Va., had an attack of lagrippe which left her bad kidney trouble, and she suffered much severe pain and backache. Then she heard of Foley's Kidney Pills and says: "After taking them a short time the pain left my back and I am again able to do my own housework. Foley's Kidney Pills helped me wonderfully." I. E. Burnett, Mars Hill N. C.

Rev. Zeno Wall writes that he is enjoying his work very much at Mt. Olive Miss. He had a call to Burnsville and had accepted it but the home church would not let him go. He says he expects to return to the mountains sometime. He also sent us a program of the Southern Mississippi Baptist Sunday School Conference on different subjects. Rev. Wall has charge of the Mission Study there during the entire conference.

He also is to hold a revival at a neighboring town and great preparations are being made for this time. We are sure glad to have this news of our brother and wish him much success. He says the most important member of his family is Zeno Jr. who is a fine clever lad.
