**Ends Hunt For Rich Girl.**

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50c at Redmon & Roberts Co.

**Excuses.**

It is wonderful the ingenuity that some people use in inventing excuses. If the same talent was used in doing things that is used in trying to explain why they are not done, a great deal would not be left undone.

If people would use the time in going to church that they use in framing excuses for not going they would have lost very little time and would have been much better. We wish every one might go. You may not like the preacher; the service may be dull to you but when you are through the thought of having tried to do your duty will compensate to some degree the having done what you have.

### MARS HILL COLLEGE

**The Leading Co-Educational Institution in Western North Carolina.**

A school that draws 379 students from 58 North Carolina Counties, and from six other States and two Foreign Countries, some coming half around the world to reach it must have merit worth considering by Madison county people.

It drew 132 students from Madison county, and 245 students from the rest of the world. Is this a fair proportion? Its students succeed at higher institutions and in life, out of all proportion to our number.
