News From Fort Shafter, Hawaii Islands.

May 12th 1913.

Editor News-Record.

Dear Sir:—Again I will try to write just a few words as I haven't anything else to do to let the Editor and good people of Madison County know I am thinking of them.

Well what has become of all the writers to the paper I would like to hear from them and all the young people that likes to write.

It is very lonesome over here in the beautiful scenery of Hawaii Islands. If I have got quite a large bunch of friends I would like to hear from Mr. Shelton of Greenville Tenn.

Having learned today through your paper that Miss Lyda Kuykendall a friend of mine was happily married sometime ago to Mr. Fred Sherlin I wish to extend through your paper as a far away friend my best wishes and must say I congratulate the young lady for marrying such a fine young man and sincerely hope they will enjoy health happiness and success throughout life.

So if I escape the waste basket this time I will come again.

Best wishes to the Editor.

Very cordially,
VAN THOMAS.

Mr. H. K. Ramsey writes in regard to handle factory.

May 24, 1913.

Mr. W. E. Finley,
Marshall, N. C.

Dear Sir:—

In regard to the Ax Handle Factory will say they can get a site at the Ferry at Redmon siding below the dam and I guess they can get power from the Power House in about 1/2 mile from site and they can get all the Hickory timber they want. There is thousands of car loads of it all around and both sides of this place.

Mr. Welker at Barnard has been paying \$7.00 per cord for it, so that seems to be about the market just now, and if you will write the Company they can get all the Hickory timber they would want for several years, it has never been cut out in this part of the country and we would be glad they would come and locate here.

Please do all you can to get them to come.

There is also a boom for a paper Manufacture here and plenty of timber to run it for years.

Yours Very Truly
H. K. RAMSEY.
