HENRY ALLEGES WALL STREET IS BACKING CURRENCY LEGISLATION.

OPPOSITION TO THE MEASURE

The Administration Money Measure Now Ready to Be Presented to the House.

Washington -An undercurrent of opposition among a considerable number of house Democrats to this, seasion of congress took definite shape, when Representative Henry of Texas, chairman of the powerful rules committee, openly charged that Wall street was back of the propaganda for currency legislation.

While favoring revision of the banking and currency laws at the next session of congress, Mr. Henry insisted that further investigation of the socalled "money trust" should be immediately pressed. The Pujo committee, he declared, barely scratched the surface of the facts underlying the concentration of control of money and

pass at the flies. The sanitary laws and regulations are being more strictcredit, because the controller of the ly enforced in an endeavor to get rid currency refused access to his records of the breeding places and to do away making it impossible for the investiwith those which come into existence gators "to completely expose the existing relations between the Wall Asheville,-Jack Eritton, colored street bankers and their allies with alias Jack Berry, who is alleged to the trusts and monopolies, stock gamhave killed Ella Austin and Susie Copening, both colored, at a dance

Mr. Henry introduced a bill of Caroleen, to be cotton ginners reto porter for Rutherford and Polk counamend the banking laws, so as to make banking associations subject to the visitorial powers, "exercised or dias alternate, to succeed Robert K. rected," by congress or by either house of congress.

All structural steel, which was nade dutiable at 12 per cent in the Underwood bill has been reduced compensatory to the free Mating of raw materials, the average rates being about 10 per cent ad valorem. The raw materials were placed on the free list largely because they are controlled by the United States Steel corporation. Senator Simmons said the administrative features of the bill which have presented such a problem would be acted upon soon and that the bill would be ready for the caucus by Wednesday or Thursday.

Secretary Lane After Drainage. Washington .- Secretary Lane submitted a recommendation to c for a law authorizing the drainage andd reclamation by the United States of public swamp and overflowed lands in any state or territory. While the proposed measure is designed primarily for the reclamation of public lands, it authorizes inclusion in the drainage projects, under specified conditions state or privately owned swamp land contiguous to the public land or located in the same drainage basin.
