## The "Devil" in Charge.

The editor-in-chief being unavoidably occupied with his court cases this week the "devil" assumes entire responsibility for the editorial page, we hope that the paper will pass muster, as the editor will be on his job soon. We hope you will excuse any defects in the paper.

We wish to notify our correspondents, regular and irregular, that it's absolutely against the rules of all newspapers, to publish any communications without the signature of the writer, not for publication, however but for our protection in case the article is called in question. All unsigned communications will find their way to the waste basket.

Judge Frank Carter and Solicitor "Bob" Reynolds is to be commended for the way in which they have dispatched business at this term of the Superior Court. They have undoubtedly saved the county many hundred dollars by disposing of frivolous cases and malicious prosecutions. Their keen discernment between persecution and prosecution will have a salutary effect on all such future cases that are constantly arising among neighbors.

## Correction.

In giving a brief account of the court proceedings up to time of going to press last week one of the printers mistook the name "Geo. Robertson" for that of "Geo. Robinett." The case was one of trespass.

We gladly make this correction in justice to Mr. Robinett, as their was no case on the docket against him.

## Resolutions of Respect.

Whereas God in his allwise providence has removed from our midst Sovereign Woodward Ramsey we bow in humble submission to his will, and whereas Marshall Camp No. 571 Woodmen of the World, in his death has lost one of its best members, and one of its dearly beloved Brothers, therefore be it resolved.

That this Camp extend to the bereaved family its most sincere and heartfelt condolence. Be it further resolved:

That a copy of these resolutions be spread upon the minutes of this Camp. That a copy of the same be mailed to the bereaved family of the deceased and that a copy be sent to The News-Record for publication.

We shall always retain in our memory the splendid evidences of genuine friendship shown us during our great affliction.

Mr. and Mrs. Frank Ramsey.

## High Compliment to Prof. H. T. Hunter.

Is in Charge of the Southside Female Institute, Chase City Va.

Much has been said about many of our leading schools, and all of them have more or less to commend them to consideration and patronage. As to The Southside Female Institute, located at Chase City, Va., there is one feature that should not be lost sight of. And that is this—the personal side of that school. We do not think that any friend or patron of the school can fail to be impressed by the strong personality as exemplified in the President of this school—Prof. H. T. Hunter and Mrs. Hunter. Prof. Hunter is equipped in a singular manner for the high office and duty of a teacher. He is this kind of a teacher—he lends a helping hand and does not regard the relations between himself and those entrusted to his care in a mere superficial way. He is a teacher and a leader and a companion and helpful, most helpful, in all of the capacities. The writer feels that he can say this because of unusual opportunities to gain information along these lines. And then Mrs. Hunter is equally qualified and as strongly equipped in her capacity as is her husband. She is the friend of every young lady in the school, and is possessed of a strong and well defined character and is a most noble example.

These facts should commend The Southside Female Institute to a marked degree, as they go to make up the many attractions offered by this school.

With the introduction of water and electric lights into the building the comfort of the young ladies will be largely increased and this together with the personal influence should insure the largest patronage that this school has ever enjoyed.

By the way, we feel very much encouraged about our new buildings. We already have in hand a fund and more to follow.

The above clipping appeared in The Chase City, (Va.) Progress and was written by Mr. C. M. Boswell, perhaps the wealthiest citizen of Chase City, and a member of the School Board. Mr. Hunter is an old Madison

county boy and we are delighted to hear of him doing so nicely, and we know that his many friends in the county will be glad to hear of his success.

## Parable on Boys.

Verily in this day and generation, the father raiseth up his son on the streets and sidewalks. He layeth around soda fountains and imbibeth slop and hookworm. He groweth in knowledge of nothing save cigarettes and cuss words.

When he attaineth the age of 16 he acquireth a suit of clothes turned up at the bottom two furlong above his feet. He displayeth a pair of noisy sox with purple background and violets to front. He weareth low cut shoes and a green tie. He looketh like a banana merchant on the streets of Cairo.

The inside of his head resembleth the inside of a pumpkin.

He falleth in love with a little spindle shanked girl with pink ribbons in her hair, and he craveth for an automobile to ride her forth in springtime. He thinketh work is sinful. He scattereth his mother's pin money like a cyclone scattereth a rail fence. He sitteth up at night to write poetry and giveth no thought to the multiplication table. His mind turneth to the vanities of life, and not to the high cost of of cornbread.

Verily, verily he needeth a board applied vigorously to the southwest corner of his anatomy.

He thinketh his father a plodder and his mother a back number. He pictureth to himself great riches suddenly acquired. He dreameth of steam yachts and private cars.

Yes, he thinketh himself the stuff. He butteth in where he is not wanted; he criticiseth his elders, he purchaseth cheap perfume and smelleth louder than a billy goat.

When he groweth up he getteth a job as a clerk in a store at a dollar a day and swipeth extra from his boss until he is caught.

Paint

ASSERTION

vs.

Paint FACT

The Dictionary is an open book. Anybody who chooses may use the biggest words in it. Strong language is about as free as air.

Well, this liberal use of high-sounding phrases is mere assertion, after all. Facts are rather more stubborn things.

When we say, for example, that the Washington Monument stands in the city by the banks of the Potomac—that isn't a mere assertion. It is a KNOWN AND POSITIVE FACT—something that the WHOLE Dictionary can't alter one whit, either one way or another.

In precisely the same manner, let us take the case of

Lucas  
TINTED GLOSS PAINT

The statements we make are not produced from the imagination or from a study of the dictionary. They are evidence of our own senses. Right here in this town we can show you (and will gladly) houses that have been painted with LUCAS TINTED GLOSS PAINT. We can show you how they have withstood the elements, how they have kept their looks.

We KNOW about LUCAS TINTED GLOSS PAINT and the purpose of this advertisement is to ask an opportunity to tell you what we know.
