

## Proclamation by Governor.

November 5th and 6th set Aside  
By Governor Craig as Good  
Roads Days, Men, Women &  
Children to Participate.

Governor Craig has issued a proclamation setting aside November 5th and 6th as good road days. People of every rank and profession are called upon to "shoulder a shovel and strike a blow for the progress of the State." The Governor wants to fill every nook and corner of the State with a sentiment for the building of good roads, and he hopes that by this plan, his desires may be accomplished. We give, in full, his proclamation.

### THE PROCLAMATION.

"Whereas the modern highway is essential to prosperity, and to the advancement of the social life of every community; every people that aspires to join the forward procession and that hopes for the opportunity of our time is beginning to realize the necessity of improved roads; all sections and all progressive citizens are demanding them and determined to have them: the whole country has awakened to their importance; everywhere there is a generous rivalry to have the best, and everywhere enthusiasm for them is apparent and increasing; and

"Whereas the people of North Carolina are losing, according to reliable estimate, \$12,000,000 annually on account of bad roads—this vast sum paid as a tribute to mud;

Now, therefore, recognizing the universal sentiment for real improvement, and realizing the benefits which result therefrom to all the people, I, Locke Craig, governor of North Carolina, do set apart Wednesday, the 5th day of November, and Thursday the 6th of November, 1913, as good road days, and do appoint these days as holidays and days of festival throughout the State to celebrate the beginning of a new era wherein improved highways shall be built in every neighborhood, that all the people of farm and city may enjoy the opportunities which they bring.

"I call upon all patriotic people throughout the State to work upon the public roads and refrain from all other occupations on these appointed days; and I call upon every able bodied man to shoulder his shovel and march and strike a blow for progress. Let the farmer, the merchant, the lawyer, the doctor, the minister of the gospel, the rich and the poor, and the men of all the walks of life enlist as volunteers in this mighty army for grand accomplishment;

"Let no man be above this work, nor forget his duty to himself and to his neighbors. It will be an honor to every man on these days to labor with his fellow man to banish from the country the curse of bad roads and the evils that accompany them.

"Let all the people of every station, high or low, be moved by the same patriotic impulse to work for the common weal. To all the benefit will come. Let all participate.

"I do appoint and set apart these days, the 5th and 6th of November, that the people may have an opportunity to give substantial expression to the universal desire and determination of the State in action inspired by hope, and rejoicing that will resound in one unbroken chorus from the mountain to the sea.

"I call upon all the women to participate. In every hour of danger they have inspired the men of North Carolina with faith and courage; in this day of realization, they with their child-

**P. V. RECTOR, Marshall, North Carolina.**

ren will come to lend this noble cause the charm and encouragement of their presence. They can provide good things to eat, and decorate every worker with a badge of honor.

"Let every citizen do his duty and these days will be long remembered for the impetus they give to the cause of good roads and a finer civic spirit.

"I call upon the county commissioners of every county in the state to issue a proclamation urging the people to go out on the 5th and 6th days of November, and labor for the welfare of their respective counties and communities, as well as for the whole state of which they constitute a part.

"I call upon the president of the farmer's union to issue his proclamation to the farmers of North Carolina, and to their various local organizations, that this great body of our citizenship constituting as it does the backbone and sinew of the state, may join with energy and enthusiasm in this movement. More than any other class of our citizens, they are dependent upon the country roads. More attractive homes, better farming, and a finer rural life will result from the building of modern highways.

"Let the work be completely organized so that it will reach every neighborhood, and be conducted in a business and systematic way, to the end that at sunset on the second day there will be no community in all the state where the hand of progress and toil has not left its mark in permanent road improvement, and the progressive spirit its impression in the hearts and minds of the people.

"I call upon the ministers of the gospel, the educators, and the press of the state to use their mighty influence for this work, which means not only material development, but moral and intellectual development.

"I call upon all road overseers, good roads associations, boards of trade, chambers of commerce, and all associations and organizations for the public welfare and civic betterment to give this movement the energy of their influence.

"I call upon the mayor of every town and city of North Carolina to issue his proclamation that his people may enlist in this

organization, and in the building of roads upon which the prosperity of city and town depends.

"Let every North Carolinian show by his work that he is for the improvement of his state, and let us labor that we may enjoy the fruits to day, and our children a fuller fruition tomorrow."

"Done at our city of Raleigh, this the 27th day of September, in the year of our Lord, 1913, and in the one hundred and thirty-eighth year of American independence.

"LOCKE CRAIG, Governor."

By the governor:  
"JOHN P. KERR,  
"Private Secretary."

## Use of Calomel Practically Stopped.

For Bilious Attacks, Constipation, and all Liver Troubles. Dangerous Calomel Gives way to Dodson's Liver Tone.

Every druggist in the State has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver tone is taking its place.

"Calomel is often dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," says Marshall Pharmacy.

Dodson's Liver Tone is guaranteed by Marshall Pharmacy, who sell it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of sluggishness, you have only to ask for your money back. It will be promptly returned.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy—harmless to both children and adults. A bottle in the house may save you a days work or keep your children from missing school. Keep your liver working and your liver will not keep you from working.

WANTED—Chickens, Butter and Eggs, highest cash prices paid.—Farmers Union Warehouse Co. Marshall, N. C.

## A Fable for Advertisers.

Simeon Ford, the noted humorist, said in praise of newspaper advertising at a banquet in New York:

"There is a fable that all advertisers should have by heart. It runs like this—

"As a shopkeeper dozed, his head on the dusty counter of his shop, the grey cobwebs across his door were rent apart, and a goose entered.

"The shopkeeper rose with a glad smile; he thought he had a customer; but when he saw the goose he muttered an oath.

"What do you want here?" he said. "This is no place for geese."

"Isn't it?" said the goose. "Quack, quack!" And it regarded the shopkeeper derisively, then went on:

"I've come, my dear sir, because I saw your advertisement on the fence that encloses our barnyard. I knew that you must be a goose—or else a donkey—because otherwise you would place your advertisement in a newspaper, where it would be read by human beings, and not upon an isolated fence, where it is only read by donkeys and geese and other barnyard denizens. So, being lonely today, I thought I'd make you a fraternal call. A couple of donks will probably drop in later. Quack, quack!"

## THE NORTH CAROLINA COLLEGE OF AGRICULTURE AND MECHANIC ARTS.

THE STATE'S INDUSTRIAL COLLEGE

Equips men for successful live in Agriculture, Horticulture, Stock Raising, Dairying, Poultry Work, Veterinary Medicine; in Civil, Electrical, and Mechanical Engineering; in Chemistry and Dyeing; in Cotton Manufacturing. Write for complete Catalogue to

E. B. OWEN, Registrar, West Raleigh, N. C.

## MARS HILL COLLEGE

A school that draws 390 students from 60 North Carolina Counties, and from seven other States and two Foreign Countries, some coming half around the world to reach it, must have merit worth considering by Madison County people.

"It drew 270 students from other Counties and States, and 429 from Madison County. Is this a fair proportion?"

Its students succeed at higher institutions and in life, out of all proportions to its numbers.

North Carolina Education says: "There are few schools in the world that do better work than Mars Hill, and make so little noise about it."

The Fall Term opens August 20, 1913. Send for our new catalogue.
