Didn't Suit Small Boy.

After spending a few weeks last year at a watering place, where he took his daily swim in the open air pool of warm sulphur water, a little fellow was this year at the seaside. In his tiny bathing suit he gazed out over the vast ocean in silence.

Then he protested:

"I'm not goin' in. Dat ain't water for boys; dat's for boats."

MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs"

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs" then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

Rheumatism Is Torture

Many pains that pass as rheumatism are due to weak kidneys—to the failure of the kidneys to drive off uric acid thoroughly.

When you suffer aching, bad joints, backache, too, dizziness and some urinary disturbances, get Doan's Kidney Pills, the remedy that is recommended by over 150,000 people in many different lands. Doan's Kidney Pills help weak kidneys to drive out the uric acid which is the cause of backache, rheumatism and lumbago.

Here's proof. A VERMONT CASE

James M. Tracy, 8 Pleasant St., Middlebury, Vt., says: "For twenty years I had kidney complaint. I suffered from rheumatism pains across my back and my bladder was badly inflamed. I had dizzy and fainting spells and my whole system was affected. I was no longer able to do my work. I could hardly walk and doctors' treatment failed. Finally I took Doan's Kidney Pills and in a month my ailment was cured."

COUNTIES' SHARE OF SCHOOL FUND

APPORTIONMENT OF \$250,000 APPROPRIATED BY THE GENERAL ASSEMBLY.

BY THE BOARD OF EDUCATION

Fund Was Appropriated by the General Assembly of 1913 to Aid in Carrying Out Full Six Months' Term as Provided by Legislature.

Raleigh.

Apportionment of the \$250,000 appropriation by the general assembly of 1913 for the schools of the state was made a few days ago at a meeting of the state board of education held in the office of Governor Craig. This fund was created out of the state treasury for the purpose of enabling the schools of the state to fill out the required six months school term.

The new law provides for the setting aside of five cents on every hundred dollars worth of property in the state, that is taxed, and this will be apportioned to the various counties later in the year. The total school fund will then, it is expected, exceed \$400,000.

The figures as given out by State Superintendent of Public Instruction J. Y. Jayner are given below. The school population in each county, together with the proportionate amount of the school fund, are given.

Hubbell Gets Rhodes Scholarship.

Paul A. Hubbell, now teaching school in Marshall, Madison county, gets the 1914 Rhodes scholarship from North Carolina to Oxford University, England. The committee on the part of this state to pass on the examination papers was in session some time here recently, being composed of Prof. Graham of the University of North Carolina, Dr. J. Y. Joyner of the state department of education and Chief Justice Walter Clark of the supreme court. \$4,500 is allowed for the three year course.

Will Sell Cotton Goods.

The Gastonia-Cotton Company, Inc., which is largely composed of Charlotte and Gastonia capital, will begin business in a few days and will sell cotton goods and yarns from a large number of mills. The members of the firm well known here are Messrs. J. H. Daingerfield and A. W. Latta. The officers of the company are Mr. J. H. Daingerfield, president; Mr. S. B. Shriver of Gastonia, secretary and treasurer. The company is chartered under the laws of Pennsylvania and will maintain head offices in Philadelphia.

Help Market Farm Products.

Plans to list various products which the farmers have to sell and to list such products are set forth in a letter being sent out by William R. Camp, chief of the division of markets of the North Carolina Agricultural Experiment Station. To have the work prove of value the co-operation of the county demonstration agents and farmers organizations. The list of grower's products in the offers for sale include wheat, oats, hay, corn, peanuts, apples, sweet potatoes, Irish potatoes, cow peas, soja beans, meats, lard, syrup, cattle, horses, hogs, sheep, mules.

Concerning this Mr. Camp states that "it should be impressed upon all farmers who list their products that we do not undertake to sell anything. This is simply a news channel for buyers, whether they be farmers, general consumers in the town, retailers or jobbers."

In his letter to agents Mr. Camp says:

"Mr. C. R. Hudson joins with us in the request that every county agent co-operate with us in this work. The blanks which are enclosed may be filled out as each agent makes his rounds about the county. All blanks must be filled out and returned to this office not later than January 15. Copies of the Farmers' Market Reporter, in which the farm products will be listed, will be furnished you, and all others who may request them. Copies will also be sent to the newspapers of the state at the same time."

The regulations for listing the products offered for sale are as follows:

1. Only those products which are in the hands of the original growers or producers shall be listed.
2. No products which farmers have sold to dealers shall be included.
3. Farmers' organizations whose membership is limited to actual growers are permitted to list their products.
4. All products listed shall be of good quality. In quoting prices to buyers an exact and honest description of the grade and character of the products for sale shall be given.
5. Repeated complaints of products falling below description will result in the name of the grower being struck from the list of future issues.
6. The description given in this circular will be limited to the name and quantity of product, price and the grower's name, address and shipping point. No matter whatever of a general advertising or "boosting" nature can be inserted, nor can publication be given of any special breeds or varieties of plants or animals.
7. Any products which are not on hand but which will be produced within the present season may be included. The period within which such products will be ready for shipment should be indicated under the head of shipping date.
8. The quantity of a product may be expressed in bushels, barrels, pounds, crates or car loads.
9. All prices shall be listed at the rate per bushel, barrel, crate or pound, subject to change of market conditions. The local market prices requested in the last column are desired solely for the information of this office as to what market conditions are, and will not be published or given out in any form. Only the price which the farmer asks will be published.
10. In addition to the above we shall appreciate any further information of market conditions which you may think of value.

SNOW REALLY A BLESSING

Denver Newspaper Rejoices at the Remarkable Fall of "the Beautiful" Throughout the State.

It has been said before. Let it be said again. The snow that you swept from your walks, that sifted down your collars, that got into your hair, your eyes, your tempers, is worth a million dollars to the agriculturists of Colorado. To the dry farmer who plows it into his soil it will bring rewards in a next year's bank account. Lying in the mountains it will flow down the ditches to the irrigators next season. On ranch, in orchard and truck garden it means moisture and money. To the city it means health that always comes from seasonable weather. Wade through it with a smile on your lips, shovel it with song in your heart, roll it into balls and throw at your neighbor with a laugh and a cheery word. It spells temporary inconvenience and future prosperity—and a white Christmas for the public tree that brought all Denver—all Colorado—into that new, better, greater, get-together bond of friendship and work.—Denver Times.

Just an Accident.

Bill—"Was he ever in a railroad accident?"

Jill—"Yes, but he came out all right."

"What was it?"

"He proposed marriage to a girl on a train and she refused him."

Good Bowels Are An Aid to Growth

Growing Children Need a Mild Laxative to Foster Regular Bowel Movement.

MARIE DEY

As a child grows older it requires more and more personal attention from the mother, and as the functions of the bowels are of the utmost importance to health, great attention should be paid to them.

Diet is of great importance, and the mother should watch the effect of certain foods. A food will constipate one and not another, and so we have a healthy food like eggs causing biliousness to thousands, and a wholesome fruit like bananas constipating many. It is also to be considered that the child is growing, and great changes are taking place in the young man or young woman. The system has not yet settled itself to its later routine.

A very valuable remedy at this stage, and one which every growing boy and girl should be given often or occasionally, according to the individual circumstances, is Dr. Caldwell's Syrup Pepsin. This is a laxative and tonic combined, so mild that it is given to little babies, and yet equally effective in the most robust constitution. At the first sign of a tendency to constipation give a small dose of Syrup Pepsin at night on retiring, and prompt action will follow in the morning. It not only acts on the stomach and bowels but its tonic properties build up and strengthen the system generally, which is an opinion shared by Mr. John Dey of Bloomfield, N. J. He has a large family and at ages where the growth and development

must be watched. Little Marie has thrived especially well on Dr. Caldwell's Syrup Pepsin. Mr. Dey considers it the right laxative for young and old and has found none better for young children.

The use of Dr. Caldwell's Syrup Pepsin will teach you to avoid cathartics, salts and pills, as they are too harsh for the majority and their effect is only temporary. Syrup Pepsin brings permanent results, and it can be conveniently obtained of any nearby druggist at fifty cents, one dollar a bottle. Results are also guaranteed or money will be refunded.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 203 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SWICKS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
