Fortune Hunter. "So Jack's married. Did he marry for beauty?" "No, booty."

At Newport. "So your daughter is down and out?" "Yes; she too is the count."—Chicago Journal.

How To Give Quinine To Children. FERRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine.

A young man may have to fight for the first kiss and thereafter wear a catcher's mask for self-protection.

A man never realizes that time is money more thoroughly than when he settles with a taxi chauffeur.

Whenever You Need a General Tonic Take Grove's. The Old Standard Grove's Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It also contains the Limes Juice and Malaria, Purifies the Blood and Builds up the Whole System. 10 cents.

DELEGATES TO THE COTTON CONGRESS

NORTH CAROLINA REPRESENTA- TIVES TO EXTRAORDINARY SESSION AT WASHINGTON.

DISPATCHES FROM RALEIGH

Doings and Happenings That Mark the Progress of North Carolina People Gathered Around the State Capitol.

North Carolina will have an able delegation at the extraordinary session of the Southern Cotton Congress which is to be held at Washington on August 13 and 14, which has been called by the president, Mr. E. J. Watson, of Columbia, S. C., owing to the effect that the European war is having on the price of cotton and the necessity for some extraordinary means to finance the crop which will soon be on the market.

North Carolina produces about 500,000,000 pounds of cotton annually and, therefore, is vitally interested in any plan that will help to prevent ruinous prices. A drop of five cents a pound would mean a loss of \$25,000,000 to this state.

Complying with the request of Mr. Watson, Acting Governor Daughtridge appointed the following delegates to represent North Carolina at this extraordinary meeting of the Southern Cotton Congress:

W. A. Erwin, Durham; M. C. Braswell, Battleboro; R. H. Hicks, Rocky Mount; T. M. Washington, Wilson; Herbert C. White, Goldsboro; Frank Borden, Goldsboro; J. A. Long, Roxboro; D. Y. Cooper, Henderson; W. L. Parsons, Rockingham; J. L. Scott, Jr., Graham; C. W. Mitchell, Aulander; H. D. Alexander, Matthews; C. C. Moore, Charlotte; A. J. McKinnon, Maxton; A. A. Thompson, Raleigh.

Acting Governor Daughtridge in notifying Mr. Watson of the North Carolina appointees expressed the hope that the meeting might result in some plan by which the South's cotton crop may not be sacrificed.

President Watson has appointed the following well known bankers and farmers of the South who are interested in the cotton crop, to meet in Washington and make arrangements for the meeting of the congress:

W. G. P. Harding, of Birmingham; Clarence Qualey, of Fort Worth, Texas; W. B. Thompson, of New Orleans; Harvey Jordan, of Atlanta; Dr. R. E. Lane, of Dardanelle, Ark.; Mr. Allison, of Concord, N. C.; F. M. Maxton, of Mounds, La.; Representative Witherspoon, of Mississippi, and others will be selected, he stated.

Lewis W. Parger, president of the Parker Mills Company, now in New York, has been asked to represent the manufacturers on this committee, and T. B. Stackhouse, of Columbia, has been asked to represent the cotton warehouse interests.

Insurance Commission Report Soon. The legislative commission for the investigation of the conduct of fire insurance companies in this state, at a conference just held here, agreed on a general outline for the report and recommendations to the governor and the next legislature and delegated J. S. Manning, as counsel for the commission, to draft the report, which is to be ready for final approval at an adjourned meeting to be held within three weeks.

While the members of the commission would not indicate just what the findings of the commission will be or the recommendations that will be made as to insurance regulations in this state, they stated that considerable changes will be recommended especially in the matters of publicity.

Tax Assessments Finished. The corporation commission has concluded the fixing of the tax assessments of the corporations of the state, about 4,000 in number. They did not increase the value of the cotton mills stock. There were fewer kicks this year than there were last year.

Soil Survey of Lincoln County. Washington.—The United States department of agriculture will send a representative of the bureau of soils to make a complete soil survey of Lincoln county, North Carolina, in cooperation with a representative of the state. The party it is expected will take several months to complete the examination and mapping of the soils of the county. The department requests co-operation on the part of farmers and land-owners with the Federal and state soil surveyors.

Delegates to Farmers Congress. Acting Governor Daughtridge commissioned a number of delegates from this state to the National Farmers' Congress at Fort Worth October 14-17 as follows: Col. J. Bryan Grimes, Raleigh; T. D. Brown, Salisbury; R. L. Shuford, Hickory; G. B. McLeod, Lumberton; Leonard Tufts, Pinehurst; S. B. Alexander, Charlotte; J. P. Moore, Laurinburg; H. C. Carter, Fair-Field; C. N. Allen, Auburn; George Holderness, Tarboro; T. B. Fargus, Raleigh; Col. Benjamin Cameron, Durham; J. J. Laughlinhouse, Greensville.

REPORT ON RATES READY FOR CRAIG

GOVERNOR WILL BE GIVEN COM- MISSION'S RECOMMENDATION AT ONCE.

WILL BE QUITE VOLUMENOUS

Treats of Whole Range of Intrastate Rates—Require Sixty Days to Be- come Effective.

Raleigh.—A. A. Thompson, member of the commission for the investigation and adjustment of the intrastate freight rates for this state prescribed in the Justice act of the last Legisla- ture, was a caller at the executive offices of Acting Governor Daugh- tridge, and stated that the commission will file its report with Governor Craig immediately on his arrival here. He has been out of the state for 10 days, most of the time in Pennsylvania and Ohio.

Mr. Thompson says that the report of the commission will be quite volum- enous and will treat the whole range of intrastate rates and adjusting them to what the commission believes will be a fair basis for both the general public and the railroad companies. There is a very general impression that the adjustment the commission is making will be accepted by both sides.

The last order by Governor Craig as to the application of the Justice act rates stayed their application to August 10 and the expectation is for the new rates declared by the com- mission to take the place of the Jus- tice. But these rates will have to be promulgated by the Corporation Commission and be effective 60 days thereafter, the present rates contin- uing in force until the formal installa- tion of the new rates is perfected, re- quiring the 60-days preliminaries.

FIRST SALE ON NEW MARKET. New Fayetteville Market Buys First Load Leaf Tobacco.

Fayetteville.—The first tobacco sold on the newly-established Fayetteville market was brought by L. A. Smith of Carver's Creek, Cumberland county, and netted the grower \$29, or an average of about \$16.11 the 100 pounds. Eighty pounds of the load, which aggregated 160 pounds, brought \$17.50 the 100. The buyers were Spencer, Webster and Umstead of the Planters' Warehouse, who made no warehouse or floor charges, as the season has not been formally opened.

Mr. Smith is one of the many farm- ers who have been attracted to Cum- berland county. He came from Sampson. He is also one of the progressive Cumberland men who have this year taken up tobacco for the first time, Friday's sales representing the first tobacco he has ever grown. He still has about 5,000 pounds to bring in. The tobacco season will be opened formally on August 20, when the first break will come off.

Suggests Loans of Money. Wilmington.—Through the Wilming- ton Chamber of Commerce letters were sent to over 200 Chamber of Commerce and Commercial organiza- tions throughout the Southern States, outlining the details of a plan suggest- ed by Mr. Hugh MacRae of this city for dealing with the critical situa- tion which has arisen in connection with the problem of marketing the present crop of cotton in the face of the demoralization of the markets of the world by the European war. Mr. MacRae's plan, in brief, suggests the elimination of one-half of the present crop, which is not needed in this country, in such a manner that it will not throw a burden upon that farmer and will keep the crop of 1915 down to such small proportions that the one- half of this year's crop carried over can be marketed at a higher price than its collateral value.

Mentally Cramped. People who have their attention eternally fixed on one object can't help being a little narrow in their notions.—Foot.

Would Aid Reformatory. Asheville.—A movement is under way looking to the placing of the Bun-combe county reformatory on a self- supporting basis and it is probable that a proposition will be made to the City of Asheville and the county of Buncombe within the next few days by an Eastern Carolina hosiery man. It is stated that he is willing to lease the water power at the reformatory with the understanding that the chil- dren work for him eight hours a day. They would make the institution a self-supporting one.

Lectures on War. Chapel Hill.—One of the most il- luminating, as well as timely lec- tures, heard in Gerard Hall within the past year was one delivered by Dr. H. M. Wagstaff, professor of European history in the University, on "The Underlying Causes of the War in Europe." Doctor Wagstaff handled his subject in a masterly way and to the keen delight of the large audience present. He used a modern map of Europe, which was thrown on the screen throughout his lecture by means of the stereopticon.

REVELATION WAS TOO MUCH

WOMAN WEAK AND NERVOUS

Finds Health in Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I suffered with fe- male troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegeta- ble Compound. I would have pains if I overworked or lifted anything heavy, and I would be so weak and nervous and in so much misery that I would be prostrated. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a baby boy. I am very glad that I took Lydia E. Pinkham's Vegetable Compound and do all I can to recommend it."—Mrs. A. B. BOSCAMPT, 504 E. Howard Street, Creston, Iowa.

Tons of Roots and Herbs are used annually in the manufacture of Lydia E. Pinkham's Vegetable Com- pound, which is known from ocean to ocean as the standard remedy for female ills.

For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Merit alone could have stood this test of time.

If you have the slightest doubt that Lydia E. Pinkham's Vegeta- ble Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for ad- vice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Perfectly Natural. As Herbert Cory tells it, he went to a dinner once where Andrew Carnegie was a guest.

"After the eating was over and the speechmaking had started," said Corey, "Mr. Carnegie reached in his pocket for something and pulled out a handful of small change. A dime got away from him and fell on the floor, and at the first chance Mr. Carnegie got down under the table and looked for it."

"Did he find it?" asked one of the audience to whom Corey was narrat- ing the incident.

"Did he find it?" echoed Corey. "He found 15 cents!"—Saturday Evening Post.

Right Name for Them. "How much did your motor car cost?" "Fifteen hundred dollars, exclusive of the accessories."

No. SIX-SIXTY-SIX. This is a prescription prepared espe- cially for Malaria or Chills and Fever. Five or six doses will break any case, and if taken then as a tonic the fever will not return. 25c.—Adv.

She Wouldn't Squeal. He—If I squeeze you, will you squeal? She—What do you think I am—a talking doll?

Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00.

A good dressmaker can give a wom- an almost as much pleasure as a good bartender can give a man.
