Entered as second-class mail matter June 18th 1907, at the Postoffice at Marshall, N. C., under the Act of Congress of March 3, 1879.

FRIDAY, July 9th, 1915.

On Monday July 5, the Old Liberty Bell was started from its home in Philadelphia to San Francisco, Cal., to be on exhibition for a while at the exposition. This is the largest trip ever planned for this "Symbol" of our freedom and we hope for it a safe trip.

Last week we were talking with a party who contemplates starting a chicken farm in the near future. We think the man or woman who tries this in earnest will meet with success here. As elsewhere such an industry would certainly be a paying proposition. If our own citizens will not enter the fields open to them we welcome the stranger who will.

Better not try to get rich. Last week an assassin entered the home of J. P. Morgan the leading financier of the country and attempted to kill him by shooting him twice. The man who gave his name at Holt is a former instructor in Cornell University and of course was a highly educated man. Just what the state of his mind was and what his intentions were no one seems to know, for only the day before he tried to kill Mr. Morgan he had exploded a bomb in the capitol at Washington doing a considerable damage to the building.

And we are still having inquiries from tourists for accommodation for the summer months. The writer asks for a hotel or boarding house upon some point on a hill where plenty of fresh air can be had.

We hate to have to tell such parties that we have no such conveniences here. For many summers past scores of people have asked for a place to spend their vacation and we have had to tell them that we did not have the place for them.

It is hoped that some one will see the opportunity and take advantage of it.

The fans who witnessed the ball game here Saturday between Weaverville and Marshall certainly got the worth of their money. Two games had been scheduled for the afternoon but the teams proved so evenly matched that only one game was played, lasting for 16 full innings with the score of 2 to 1 in favor of Marshall. Weaverville scored one run in the fourth and Marshall tied them in the fifth, from then it was a battle royal until the last of the sixteenth inning when Marshall made another score and won the game. A large crowd visited the game and thoroughly enjoyed it.

The Memorial Celebration.

A large crowd gathered at the Station Cemetery Sunday for the Annual meeting of the Woodmen of the World. A very entertaining programme was carried out and the picnic and social gathering during the noon hour was thoroughly enjoyed by all present many bountiful baskets of eatables being spread for the occasion. The music furnished by the different classes was of the best and those who made the effort to get up the programme are to be congratulated for the success of the day.

Announcement

Having sold my mercantile business to Mr. Roy Ebbs, who has been associated with me for the past few years, and Mr. Nat Holcombe formerly with P. V. Rector, I desire to thank my many friends and customers for the business they have given me in the past, and to commend the new firm to them as worthy of their continued patronage. Messrs Ebbs & Holcombe are both popular young men, full of energy, and a desire to serve. They know the mercantile business, they know the needs of the trade and I am sure that the "Old Stand" will lose none of its popularity for furnishing "reliable merchandise at low prices."

Very truly,
T. N. JAMES.

Mr. Tax Payer

The second Monday in July is equalization day and the Board will be in session for two or three days or until the work is completed, so if you have any kick whatever as to your assessments of real or personal property, be on hand and you shall be heard while the County Tax Assessor and the Township Assessors are all present.

It has been passed upon by all the Board of Commissioners that after equalization days have passed no more changes will be considered.

All Township Assessors will receive their pay after the equalization is over and said assessors will be expected to be present any way on Monday or Tuesday.

The music rendered by the C. F. Runion Choir at the Memorial exercises last Sunday was greatly enjoyed by all. Several other classes were expected, but for some reason, did not show up.

Announcement,

To The Trade:

We have just purchased the mercantile business of T. N. James & Company, owners of James' Cash Store, and take this opportunity of inviting our old friends and customers to call and see us when in town. The Stock we bought is all comparatively new and clean and we are adding new goods daily. We have no old junk to make special prices on but if you want good clean merchandise at low prices, we can serve you. We expect to continue the business on a cash basis as we can sell cheaper this way. You will see our "AD" occasionally but will find us stocked with the very goods you need all the time.

Yours to serve,

Ebbs & Holcombe.

MARS HILL COLLEGE

A School that draws 412 students from 64 Counties in this State and from 7 other States has an appeal to the people of its home county. We do not have room for any more students than we had last year, but want a larger per cent of enrollment to be Madison County boys and girls of serious purpose and outlook.

The Departments of Music—Piano, Voice, Violin, Orchestra—and Expression, are in the hands of four trained teachers.

The rates are reasonable; table board in the Club last year averaged \$6.67 a month, room rent 75c.

Fall Term opens August 17 1915.

Board And Lodging

Everything depends upon the correct lodging of the boards when they come to seasoned. They want air, but not damp. They must be accurately lodged or they will warp. They must be uniform in their size or they will put the carpenters in a bad temper. Lumber for building and other purposes is kept by us in the best condition.
