VOL XXI MARSHALL, MADISON COUNTY, N. C. FRIDAY, MAY, 26th, 1922. No 67

Shuford Jenkins, The "Boy" Evangelist
Way, eville, N. C.
May 15th, 1922.

News-Record,
Marshall, N. C.
Gentlemen:—
From the Mountaineer Courier
May 11th, 1922:
"THE TENT MEETING—Rev. Shuford Jenkins, the "Boy Evangelist" is attracting much attention at his big new tent on the "Goodyear Lawn. Evangelistic services began Sunday afternoon. Good crowds are in attendance and much interest is shown by those in attendance. He is assisted by Rev. Frank Snyder who is in charge of the prayer meetings around town each morning and by Mr. H. B. Freeman as leader of the music. The tent has comfortable seats and electric lights and is provided with an organ and a good choir. Mr. Jenkins is in earnest, and calls things by the right name. You will doubtless like his preaching and enjoy the meetings. You will see many friends there. We predict a great awakening and the saving of many souls in this town which has always proved to be a hard one to arouse. Go to the tent any afternoon at 3 or 7:45 at night.

Treasury Savings Certificates

Postmaster Wm. C. Pope of the Marshall post office says the government's nation wide program to protect the American people from foolish investments and to encourage them to put their money where it will be safely protected, is meeting with great success as evidenced by the sale, largely through post offices, of nearly eight hundred thousand dollars of Treasury Savings Certificates, maturity value, in the Fifth Federal Reserve District during the month of April. The exact figures compiled from two hundred and sixty-three post offices and the Federal Reserve Bank of Richmond are \$782,345 which is \$216,126 in excess of sales in the previous month when the amount reached was \$566,219.
According to a statement received by the postmaster from Howard T. Cree, Director of Government Savings for this district, the sales of these certificates in April for each state are as follows: North Carolina \$283,875; West Virginia \$189,345; Virginia \$101,750; District of Columbia \$58,625; South Carolina \$28,275; Maryland \$25,825. In addition, there was sold through the Federal Reserve Bank \$94,750 making a grand total of \$782,345.
"It will be increasingly difficult for fake schemes to meet with success and swindlers to filch money out of the people's pockets when the whole public recognizes that in these treasury savings certificates, guaranteed as to principal and interest and increasing twenty-five per cent if held to maturity, there is an attractive and absolutely safe investment paying a good rate of interest," says the postmaster.

PAUL E. BRUCE For Representative

To The Voters of Madison County.
(Ladies And Gentlemen:—)

Feeling that it is going to be almost impossible for me to get all over the County and see each and every voter and talk to you personally regarding my race for representative, as I would like to do: have adopted this method of saying a few words to you in case I do not get around to your place before the primary.

I have entered the race to represent you in the next Legislature because I want the job, not for the money it pays but the Honor thereto attached, because as a young man it would mean something to me in the coming years to have represented the Grand Old County of Madison in the General Assembly. Having had training at Mars Hill College and the University of North Carolina, I feel that I have the ability to fill this position and can ably represent you and succeed in having some safe, sane and economical laws enacted. I feel that the people of our County are overburdened with taxes, and it would be my first thought if sent to the Legislature to find some way if possible to give our people some relief from their now excessive tax. If this cannot be done, I can look you honestly, fairly and squarely in the eye and tell you if you send me to the Legislature, there will be no laws enacted for the next two years that will INCREASE YOUR TAXES ONE CENT. There will be no four thousand dollar offices created, NO ROAD BOARDS, etc., and no more Bond Issues without the vote of people. I am a good road advocate, a believer in good schools, and with this I kindly believe in paying some of our bills as we go along. Economy is the foundation of all good government.

It has been circulated by some of my opponents that if I were elected I would cut part of the County off to Buncombe. Now this is a falsehood without foundation and something that I had never even thought of. This has come up before the Legislature in past years and met DEFEAT as it DESERVED and if it should ever come up again, which I am sure it will not, I would fight it to the last ditch. I love my County, I love and admire the clean, pure blooded Anglo-Saxon type that comprise her population and I shall ever be fighting to help them grow stronger and greater and would be the last to think of diminishing her boundaries.

My opponents are my friends, and I do not intend to be drawn into any mud-slinging campaign. Mr. John A. Handricks and Mr. Romulus A. Edwards have the Advantage or Disadvantage (You decide this) of a wider acquaintance in the County than I, because they have both served you. Mr. Hendricks represented you in the Legislature two years ago and Mr. Edwards was your County Commissioner ten years ago. Voters, you know their record; in fact there is part of it you can't forget. I quote Mr. Hendricks "By their fruits Ye shall know them."

Thanking you for any support you may give me in the coming Primary and assuring you if nominated and elected I will be the Representative of all the people, uninfluenced by any person or faction, and will sponsor no law that would not be to the best interest of the whole County.

I am,
Yours sincerely,
Paul E. Bruce.

"Happy Ten"

Dear Editor News-Record:—
Please allow space in your good paper for a few words from "the happy hunters of Spring Creek."
Come along boys and find the "Happy Ten"—Let's go camping? There is nothing quite so nice in the good Old Summer time. The life in the great outdoors where the birds are singing in a thousand notes and squirrels are playing loopy-to-loop. And where the sun calls one fourth each morning to a full and joyous day of new experience and leaves one each evening to a night of rest beneath the glimmering stars and gives to all a new physical vigor a keenness to new impressions and a general feeling of joyfulness and satisfaction that makes one glad to be in the land of the living.
Hacky, Lucky, sis-boowba Spring Creek hunters. Rough, tough, we're the stuff. We kill game and never get enough.
Early Wednesday morning May 10th "Happy Ten" was up and on her journey to the wild woods. By noon the "Pot Hollow Cabin" was reached where an appetizing lunch was prepared.
Two-thirty P. M., all hunters rested and through the forest we did roam.
First fell a pheasant with a peculiar squall. Cook put her in the pot and by gollys how she did boil. "Get busy cook

we're out for a hall. Six o'clock come and supper was called. Heads bowed and eyes closed thanks were offered to God for the joy of it all. Supper is over and "Happy Ten" feeling greatly refreshed. We gathered together under the beautiful shining moon where a number of interesting games were played and some of the most thrilling stories were largely listened too. Our nights retirement in the old log cabin was greatly enjoyed. We was late to bed but early to rise, so we raised our cries to the skies: "O squirrels what will you do when the hunters get a peep at you."
The time was spent up till Saturday noon with full enjoyment. With bushels of game and many athletic feasts
"Happy Ten" was tied in their shoes to have Mrs. L. J. Duckett, Miss Nannie Meadows Jack and Hubert for dinner Saturday noon.
We also wish to thank the good people of Luck, for the contribution of eggs, butter and meat given us while on our camping trip. "Happy Ten" is ready to return the favor so don't fail to call. Many good wishes to one and all.
"HAPPY TEN."
WANTED—Land salesman for Madison county, who can give \$1000 bond, and has a car. To such, a good contract is waiting. Write Post Office 18, Hendersonville, N. C.

Grapevine Items

Our farmers are now busy working corn and setting out plants. The hay crops are looking fine.
Mr. Len West who has been ill for some time is improving slowly.
Mr. Jeff Cargile one of our best citizens moved to Asheville last week. We regret losing him.
Mrs. Hester Briggs of Erwin Tennessee, is visiting Mr. Joel Morgan this week.
Our pastor Rev. Perry Sprinkle filled his pulpit last Saturday and Sunday. Being Communion services we had a large congregation and a great meeting. We sure was glad to have some of our old friends with us from Mars Hill, we had Mr. Ervin Coats and Mr. A. H. Sams and family. It sure was like old times to have our friends with us once again. From old Bull Creek were visitors, Mrs. Zack McDarius and two daughters, Miss Tenie and Bonnie McDarius, Rev. Jesse Watts and Rev. Griffin was also present and assisted in the services. Rev. Jesse Watts preached for us in the afternoon.
We are all glad to know that Prof. W. P. Jervis, is going to teach our school at Grape Vine again this year.
To the many News-Record readers and especially to those in the bounds of the French Broad Association, let us get busy in the Sunday School work and

cherish a hope of meeting at our Sunday School Convention to report the greatest results of spiritual work in the history of the Convention.
ENOCH S. MORGAN.

New Equipment For Southern Railway System

Washington, D.C., May—That it may continue adequately to "Serve the South," Southern Railway System has recently placed orders for new equipment consisting of 20 locomotives, 5,390 freight cars of steel construction, 500 automobile cars of steel construction, 100 steel passenger cars, and 250 caboose cars of steel underframe construction.
The magnitude of the order can better be appreciated when it is realized that if it were possible to place the freight car equipment in one train it would be 47 miles from the engine to the caboose. If broken up into trains of an average length, it would comprise 250 freight trains, or one train every 2 1/2 miles from Washington to Atlanta.
The new passenger cars, if coupled into one train, would be a mile and a half in length from the engine to the rear coach, and represent 20 trains of the average length. The coaches are of the latest design and are of steel construction.
In placing this large order for new equipment, which will be delivered in time for the fall

FORDSON TRACTOR SALES INCREASE

April Expect to be Record-breaking Month

Although the Ford Motor Company, Detroit, has been increasing the output of Fordsons daily since the first of the year, retail sales have maintained even a greater advance.
April requirements necessitate the building of four hundred Fordsons a day, and production is being further increased as rapidly as possible. This is the Ford Company's largest output since 1919, and it is expected that production will have broken all previous records before the end of the month.
The increased buying of Fordsons indicates that the farmer's position is better and also is the farmer's endorsement of the Fordson price-cut which created considerable comment throughout the country.
Besides the Fordson's being sold for farm use, many are being sold in cities as power units for hauling, excavating, grading and other kinds of industrial work.

Stella Maybelle Treadway.

After a brief illness the infant child of Woodard Treadway passed away and was buried beside her mother on the hill overlooking Mr. Jim Wilson's home here on Little Pine Creek.
She was born October 20, 1921 and died April 28th, 1922.
Although her days were so few here with us, by her sweet baby ways and sunny smiles notwithstanding the suffering she seemed to be passing through many times, little Stella so endeared herself in the hearts of father and grand parents that the home now seems more than empty, with mother and baby both gone.
"Only a tender flower
Sent to us to rear;
Only a gift to love
While we are here.
Only a baby small
Never at rest;
Small, but how dear to us,
God knoweth best."
