## To The Voters Of Madison County.

Six years ago you elected me Representative As your servant I conscientiously endeavored to secure laws which meant the betterment of the County. A law was enacted creating the office of Auditor. This has proven a valuable and necessary business reform An act was also secured placing the public funds on deposit at interest. I am informed that through this law alone more than a thousand dollars each year has been placed to the credit of Madison County. Its future benefits will probably be greater. The Australian ballot law was another law that I secured for your County. This law has done more than all other laws combined to purify local politics. The women can now vote with absolute assurance that they will in no wise be insulted or molested.

The above are some of the laws that I sponsored as Representative and which will have a far-reaching and permanent influence for the public good.

Four years ago you elected me your Solicitor and as such your servant to prosecute crime in Buncombe and Madison Counties which compose this Judicial District. I have striven hard to prove myself worthy of your confidence. If re-elected I shall continue to the best of my ability to serve the best interest of the people of the District.

The ballot is a mighty weapon for good or evil depending upon the manner of its use. Every citizen interested in the public good should go to the polls on November the 7th and cast his vote.

I thank the people of Madison County for their past support. I would greatly appreciate your voting for me on Tuesday next.

Your humble servant,  
**GEO. M. PRITCHARD.**
