

MRS. J. MILLER TELLS OF GAIN

Declares Tanlac Overcame Stomach Trouble, Restoring Health, Strength and Weight.

"I am now strong and happy and go about my housework singing, so I think it is only natural that I should praise Tanlac, since that is what has given me such splendid health," declared Mrs. J. Miller, 119 Johnston Ave., Kearney, N. J.

"For a year before I started taking Tanlac I was simply in wretched health from stomach trouble and a run-down condition. My appetite left me, I was eating scarcely enough to keep going, and was often so weak I could hardly do any housework. My food often disagreed with me, and I would have suffocating spells and heart palpitation that nearly drove me frantic.

"My mother had been helped wonderfully by the Tanlac treatment, and when she advised me to take it I started right in. It has built me up five pounds, my digestion is perfect, my appetite splendid, and I am always talking Tanlac now. It is simply grand."

Tanlac is sold by all good druggists. Over 35 million bottles sold.—Advertisement.

Tile-Making in Mexico.

Long ago the Dominican fathers in Mexico established colored tile-making industry at Puebla, which has persisted through the years in spite of wars and revolutions.

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

Ancient Whipping Post.

Delaware's whipping post dates back to the picturesque old Swedish fort days of 1654. The original pillory is still standing in the court yard of New Castle county.

Mother Didn't Even Know Her Baby Cut Teeth

Teethina acts almost like magic in cases where babies, during their first months of life, appear weak and do not seem to grow. Mrs. Eliza Wilson's baby is a case in point. Mrs. Wilson lives at 208 N. Houston St., Denison, Texas, and writes:

"My baby was sick and fretful at two months, and so thin and poor, and weak it was pitiful to look at her. She would cry for hours and draw all up in pain and nothing we could do helped her a bit. I was told about Teethina and the very first dose relieved her pain and now she is never sick at all. Actually, I never know when her teeth come till they are through the gums."

Teethina is sold by all druggists, or send 30c to the Moffett Laboratories, Columbus, Ga., and get a package of Teethina and a wonderful free booklet about Baby.—Advertisement.

Doctors Plan "Black List."

"Doctors in London are suggesting a 'black list' of patients who go from one medical man to another instead of paying their bills.

CATARRH

Catarrh is a local disease greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which gives Quick Relief by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces and assists in ridding your System of Catarrh. Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, O.

Thought for the Day.

The average son takes the advice of his father just like the father took advice from his father.

Wright's Indian Vegetable Pills contain nothing but vegetable ingredients, which act gently as a tonic and purgative by stimulation and not by irritation.—Advertisement.

Traces of the most ancient caves found in Europe seem to identify them with the Eskimos.

Refreshes Wary Eyes When Your Eyes feel Dull and Heavy, use MURINE. It is an emulsion of cod liver oil, and is the most powerful and effective of all eye remedies. MURINE. THE EYE DOCTOR.

FIVE KILLED WHEN AUTO CRASHES INTO TRAIN

Ashland, Ky.—Five persons were killed here when the automobile in which they were riding crashed into Chesapeake and Ohio passenger train, at a crossing on the outskirts of the city. The dead are: Mr. and Mrs. E. F. Tinsley, their eight year old daughter, Ernestine, J. R. Saunders, all of Ashland, and Miss Carrie Keever, 30, Greenup county. Mrs. Saunders, her two children and a baby of the dead couple, also were in the car at the time of the accident, escaped injury.

Witnesses of the accident claim the car suddenly lurched forward as the train was crossing the road and crashed into the side of the engine. It is not known who was driving the car. The bodies were badly mangled.

The Saunders baby was taken to a hospital here where it was learned that it was only slightly injured.

ANOTHER OFFER BY ALLIES

DISCUSS DEBT OWED UNITED STATES FOR ARMY OF OCCUPATION.

America's Recent Reply to Allied Proposals Submitted by Elliot Wadsworth.

Paris.—The question of the reimbursement of the United States government for the cost of the maintenance of the American army on the Rhine, was brought somewhat nearer settlement at a long conference between Elliott Wadsworth, the American representative and the financial representative of the allied powers. Big differences, however, are still preventing complete agreement.

One delegate described the negotiations as "horse trading," which he said undoubtedly would result in an eventual accord, but meantime both sides were endeavoring to secure the best possible terms.

Mr. Wadsworth presented the American state department's recent reply to the allied proposals. There was a long discussion of this, during which the allies offered a counter proposal, and the meeting was then adjourned to allow the delegates further time to consult with their governments.

The allied proposition gradually is becoming more definite. They are determined that payments to America shall be made only out of the German reparations, but they still are debating the method for valuing and transforming into cash reparations which Germany may make in merchandise, as it has been settled that the United States will accept only money.

Insistence by the United States that army payments should be a prior claim on reparations, as in the case of the allied army expenses, is being partly met. The allies proposed priority for the first four of the 12 annual payments, aggregating \$225,000,000, should apply only to 25 per cent of the reparations received during those years. Another difficulty is the allies' reluctance to pay interest on deferred payments.

Four Killed in Battle.

Harlem, Ky.—Three men and one woman were killed in a battle between members of a federal posse, and alleged moonshiners near Asher, Leslie county, Kentucky.

The dead are: Ike Strong, Mrs. Della Strong, his wife; George Strong and Kelley Walker, the latter being a member of the posse.

The raiding squad had a warrant for Ike Strong, who was charged with illicit distilling of whiskey and who, with his brother George Strong, were considered desperate men. The Strong house was surrounded by the posse and Walker went forward to demand the surrender of the men.

George Strong is said to have fired upon Walker, shooting him through the breast and head, death resulting instantly. The posse then opened a general fire on the house and after two and one half minutes there was no return fire and investigation showed its inmates killed, or dying, George Strong surviving an hour.

The posse found a still a few paces back of the house and two larger ones about 300 yards distant heavily barricaded with brush and earthen breast works.

Sugar Producers Send Message.

New York.—The association of mill owners and cane growers of Cuba, in a message to Horatio S. Rubens, its honorary president, asserted the opinion that the rise in the price of sugar was due to legitimate causes and not to speculative acts on the part of the Cuban sugar producers.

Fugitives Taken After Gun Fight.

Athens, Ga.—The capture of Gerald Chapman and Frank Gray, escaped prisoners from the Atlanta Federal penitentiary, was made about eight miles from here when they were found walking down the Seaboard Air Line railroad tracks by a posse of officers and citizens. In an exchange of shots preceding their capture, Chapman was badly wounded, receiving three pistol bullets in his stomach. Gray was uninjured.

Chapman was rushed to a hospital at Athens and Gray placed in jail.

7 PERSONS KILLED AND MANY INJURED

STEEL PULLMAN TRAIN IS DERAILED WHEN IT HITS AUTOMOBILE.

PASSENGERS ARE PILED UP

Big Four Train Thrown From Rails When Brakes Are Applied at Grade Crossing.

Columbus, Ohio.—Seven persons are dead and 15 lie injured in hospitals as the result of the wrecking of Big Four train No. 11, which crashed into an automobile at a grade crossing north of here, "buckled" from the impact and the sudden application of the air-brakes, and catapulted from the rails. The train, composed entirely of steel Pullman cars, struck the automobile and instantly killed its three occupants, a woman and two small children, and hurtled along the wooden cross-ties for a distance of more than 100 yards before the engine and four of the coaches turned over on their sides.

An hour behind schedule, the train, one of the most luxurious operated by the railroad, was entering the last lap of its long journey from Boston to Cincinnati, when the accident occurred. Its engineer, Andrew Green, of Cleveland, said that he was speeding at the rate of 70 miles an hour, when the automobile crept on to the track a short 20 feet ahead. He applied the brakes immediately, he said.

The driver of the car was unable to see the train because of a building at the corner and the crossing is unguarded by a watchman.

Eye-witnesses of the crash said that the engine and baggage car left the tracks as soon as the locomotive struck the automobile. The train continued, they said, in a cloud of dust and splinters from the wooden cross-ties, and finally leaped from the right of way, one of the cars tumbling completely over the locomotive.

Scene of confusion greeted the first to reach the mass of twisted steel. Many of the passengers were still in their berths and others preparing to arise. Many were assisted from the windows and apertures and cut in the cars, and others, more seriously injured, carried out by rescue parties hastily formed.

Ambulances and private automobiles removed the dead and seriously injured while others received first aid on the scene and continued on a relief train made up in Columbus.

Mrs. F. S. Hemmingway, wife of a local attorney, who, with her two small children, met death in the automobile, had started on an errand in the country. She had planned to meet her husband at his office later and he was awaiting her when he received a request to identify the bodies of his family at a morgue.

Besides the three occupants of the automobile, the dead were two members of the train crew, one passenger and a negro who was riding "blind-baggage" on the train.

Two Meet Death in New York Fire.

New York.—Two firemen were killed and 10 injured while fighting a spectacular fire that swept two factories and four tenements in the East Side, for a time threatening Bellevue Hospital with its 2,000 patients.

The dead firemen and most of the injured were buried beneath a brick wall which was toppled into the street by a gas explosion. Others were buried while rescuing occupants of the blazing tenements.

The fire was fought by one of the greatest arrays of apparatus ever assembled in the city. It was conquered after a battle of nearly five hours. The dead firemen were Julius V. Spaniar and William Aiello. Spaniar was instantly killed by the falling wall. Aiello, buried beneath the debris, was uncovered alive but died in Bellevue Hospital without regaining consciousness.

The blaze started in a four-story brick factory occupied by a laundry and several paper box concerns and spread to the five-story building occupied by the Triangle Sheet & Metal Company.

Twelve families in adjoining tenements fled to the street in their night clothes.

Four Die, Five Frozen in Gale.

Elizabeth City.—Four men lost their lives and five others had to be brought to a hospital here for treatment as a result of the capsizing of the Richmond Cedar Works tug, Julian J. Fleetwood at North river bar, during a gale.

Slight Increase in Oil Output.

New York.—The daily average gross crude oil production of the United States increased 39,450 barrels for the week ended March 24, totalling 1,846,600 barrels, as compared with 1,807,150 for the preceding week, according to the weekly summary of the American Petroleum Institute. The daily average production east of the Rocky Mountains was 1,181,600 barrels, as compared with 1,177,150, an increase of 4,450. California production was 665,000 barrels.

SARAH BERNHARDT FAMOUS FRENCH ACTRESS PASSES

Paris.—Sarah Bernhardt died peacefully in the arms of her son Maurice after long fight against death. In life she had had an amazing power of emotion, of marvelous realism and pathos in her acting of death scenes. At the end of her days she quietly drifted away into eternity, tired after her long fight against death, which she did not wish, but never feared.

Hope for the life of the great actress had long since been abandoned, and half an hour before she passed away, those in attendance found her sinking beyond recovery, though, knowing her recuperative powers, it was thought she might live throughout the night.

Mme. Bernhardt died in a large room on the second floor of her home with windows wide open on the Boulevard Pereire, the noise of trucks and the railroad keeping up a low roar to which she was long accustomed.

ALL SUCH RUMORS DENIED

MANY RUMORS AFLOAT ABOUT CHANGING POLICIES OF RESERVE BOARD.

Had Been Reported There Would Be Increase in Rediscount Rates By Banks.

Washington.—The federal reserve board, in conjunction with the governors of the 12 reserve banks, meeting in semi-annual conference, moved to curb the flood of rumors concerning possible changes in the board's policies and reports of contemplated increases in the rediscount rates by the banks.

In answer to more than one hundred telegraphic inquiries, the board categorically denied "any rumor with respect to its intentions or actions," and informed one and all that it would make its own statements when such were required. The message invited inquiries to supply the board with information regarding the source of the rumors, adding in substance that it would not waste its time in denying "all idle rumors."

There seemed to have been no definite reason for the reports, officials said, why so much significance was being attached to the governors here. It was made known authoritatively that none of the twelve banks has yet filed with the board an application to increase its rates and the consensus of opinion appeared to be that none was in immediate contemplation.

Changes in business condition and the general financial situation, however, it was explained, may bring changes in rediscount rates, but how soon those changes would come was declared by reserve board members to depend entirely on conditions.

With respect to the meeting of the governors.

Thinks Germany Will Soon Yield.

Paris.—Premier Poincare, appearing before the finance committee of the chamber of deputies to give an account of the situation in the Ruhr, said he had great hope that Germany would yield by the end of May.

The premier had with him figures giving the amount of coke and coal shipped from the occupied districts, but demanded from the deputies a formal engagement not to divulge such figures as he would announce. The socialist deputy, Berthoin, whom Poincare recently termed "an abominable scoundrel," during a heated debate in the chamber, refused to pledge himself to secrecy so the premier held the figures. M. Poincare did not conceal that to date the economic viewpoint of realization of guarantees had been of slight importance; only prolonged and stable occupation would permit, owing to the ill-will of the German government, realization of the program for the operation of the occupied districts, so as to regulate the problem of reparations.

Mr. Poincare, according to this account, said the great German manufacturers who are the soul of German resistance, had tried on several occasions to open direct conversations with the French government, but the latter would only listen to official propositions from the German government itself.

Congressman Tyson Dead.

Washington.—The death of Representative John Tyson, of Alabama, at Rochester, Minn., was announced in a telegram received by the clerk of the house from Mr. Tyson's secretary. He had gone to Rochester for treatment for an intestinal disorder.

Coats is Given Porto Rican Job.

Washington.—Herbert P. Coats, of Saranac Lake, New York, has been selected to be Attorney General of Porto Rico, succeeding Salvador Mestre, whose resignation has been accepted by Secretary Weeks.

Mr. Weeks said that President Harding would announce Mr. Coats' appointment on his return from Florida, but that Mr. Coats would sail for San Juan with former Representative Horace M. Towner, of Iowa, appointed Governor of Porto Rico to succeed E. Mont Reilly.

25 PER CENT OF LOAN IS RAISED

GERMAN GOVERNMENT ATTEMPTS TO SECURE 50 MILLION DOLLARS.

BY POPULAR SUBSCRIPTION

Financial Critics Concede That Showing Thus Far is Anything But Flattering

Berlin.—Only 25 per cent of Germany's internal \$50,000,000 loan has been covered by popular subscription, according to returns made public, and while this result is designated as meeting official expectations under the prevailing political and economic conditions, the financial critics frankly concede that the showing is anything but flattering.

The extent to which the loan is written by the public through the mediation of private bank laws, leaves the banks with a deficit of 50,000,000 gold marks, which they now are obliged to assume, in keeping with their promise to the government and the Reichsbank. Whether the Reichsbank will succeed in disposing of all or the major portion of the unsubscribed balance is highly doubtful, although the hope is expressed that the loan will be listed on German bourses, and will consequently find takers.

The press reproaches the reparations commission for its alleged intimidation of prospective subscribers, charging that repeated indirect threats that the loan will be seized or declared null and void, obviously account for the suspicion with which it is viewed by small investors. Other critics believe both the government and the Reichsbank are unduly sanguine with respect to the volume of foreign currencies in the possession of industrialists and shipping interests, falling to take into consideration that these circles are least inclined to part with gold reserves, which are primarily intended to cover foreign purchases and which therefore could not be tied up in any internal gold loan whose ready negotiability is a matter of conjecture.

Much criticism is also expressed on the Reichsbank's failure to carry on an effective publicity campaign in connection with loan.

Seizure of Vineyards By French.

Caoblenz.—The seizure by the French of the Prussian state-owned vineyards along the Moselle has created more stir in the occupied territories among the German populations, than the appropriation of the coal mines and coke ovens in the Ruhr. It was announced that the confiscation of state-owned vineyards, which cover thousands of acres, will be extended at an early date to the Rhine river, on the banks of which the Prussian state has vast tracts devoted to grape growing.

Millions of gallons of wine owned by the government are stored in casks all along the Rhine, and the occupying armies are keeping a sharp lookout against their removal or wilful or accidental leakage.

The confiscation of the wine is being carried out under a decree of the inter-allied Rhineland commission here.

British Aviation Claims Settled.

London.—The members of the American Commission which came here four months ago to settle with the British Government certain claims against the United States Government in behalf of British aviation interests for the use of aeronautical patents during and since the war are sailing for home on the steamship George Washington, having reached a settlement.

Lieutenant Colonel Joseph McCullen, chairman of the American Commission, said the amount the United States agreed to pay was something less than \$50,000, which will be distributed by the Government to forty claimants.

Summerless Year For Canada.

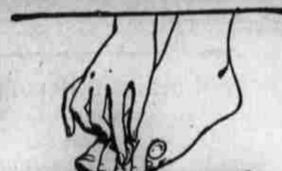

Toronto.—Shivering Canadians who follow the forecasts of local weather prophets were all worked up over predictions that this year would pass without any summer.

With the temperature at or below zero throughout this section the local forecasters harked back to 1816 for a parallel for the summerless year they are predicting. In 1816, historical records say, there was frost in every month of the year. Birds were killed; corn and other crops failed to ripen and the northern United States, they say, was treated to a June snowstorm.

Work to Probe Indian Problems.

Washington.—Secretary Work has decided to make a personal investigation of the problems affecting Indians. Accompanied by Indian Commissioner Burke he will leave Washington early next week for a trip to Oklahoma, where he will survey the reservations and inquire into welfare work among the Indians. Later similar inspections will be made of reservations in other states.

Upon his return from the Secretary Work plans to go to Hot Springs, Ark.

A sure, safe way to end CORNS

In one minute you can end the pain of corns with Dr. Scholl's Zino-pads. They remove the cause—friction—pressure. You risk no infection from cutting, no danger from corrosive acids.

Zino-pads protect while they heal. They are antiseptic; waterproof. Sizes for corns, callouses, bunions. Get a box today at your druggist or shoe dealer's.

Dr. Scholl's Zino-pads
Made in the laboratories of The Scholl Mfg. Co., makers of Dr. Scholl's Foot Comfort Appliances, Arch Supports, etc.
Put one on—the pain is gone!

Forerunners. Already the yellow acornite lifts a smiling face to welcome me. . . . The snowdrop, sweet forerunner of the blooms of spring, is even now abroad announcing its silent faith of a coming flowered company.—J. E. Ward.

Mentioned It to Morpheus. From a Story—"To his considerable surprise, Shane, on getting into bed, fell immediately into a deep but restful sleep."

Sloan's Breaks Chest Colds in short order

Whenever you feel that tightening in the chest, that deep-seated irritation that is the sure forerunner of a chest cold—

Apply Sloan's to chest and neck. It breaks up the congestion and brings instant relief. The penetrating warmth of the liniment restores normal circulation and reduces inflammation. Don't let your chest cold develop. Whenever congestion causes pain—use Sloan's. Your druggist has it.

Sloan's Liniment—kills pain!
For rheumatism, bruises, strains, chest colds

USED TO BE THIN, WEAK AND PALE

South Carolina Lady Felt Miserable—Tells How She Regained Strength and a Good, Healthy Color.

Central, S. C.—"I was in a very weakened condition...pale and thin, hardly able to go," says Mrs. Bessie Bearden, of this place. "I would suffer, when I stood on my feet, with bearing-down pains in my sides and lower parts of my body. "I did not rest well, and didn't want anything to eat. "My color was bad and I felt miserable.

"A friend of mine told me of Cardui, and then I remembered my mother used to take it....After the first bottle I was better. I began to flesh up, and I regained my strength and good, healthy color. I am feeling fine. I took twelve bottles (of Cardui) and haven't had a bit of trouble since."

Thousands of other women have had similar experiences in the use of Cardui, which has brought relief where other medicines had failed. If you suffer from female ailments, take Cardui. It is a scientific remedy for woman's ills and may be just what you need. Get it at the drug store.

Take **CARDUI**—THE WOMAN'S TONIC

EYES HURT?
