Him a New
Lease on Life

"I feel as though Dr. Thacher's Liver and Blood Syrup has given me a new lease on life," said T. B. Moore, R. R. No. 26. Matthews, N. C.

"When I started taking Dr. Thacher's Liver and Blood Syrup I was in mighty poor shape. My liver must not have been working right, for I was bilious and constipated and suffered from headaches and that tired feeling.

"I read that they would give you your money back if it didn't do you any good. I could find nothing but praise for that first bottle, so I took three more and it fixed me up fine my liver and bowels are doing their duty and my head is clear and I am full of new life and energy."

Dr. Thacher's Liver and Blood Syrup is sold by the Marshall Pharmacy and if you are not satisfied the purchase price will be refunded.

Buy Your Tires from a Firestone DEALER

At the Latest Prices—The Lowest
in History

You will find the Firestone Dealer one of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton slid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cores. Each one of them

went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cores and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the biggest commercial car operators and the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the dealers listed below.
