Greatest Show On Earth Here Soon.

World's Ten Times Biggest
 Circus--Ringling Bros. and
 Barnum and Bailey head-
 ed This Way.

The world's one big circus—Ringling Brothers and Barnum & Bailey Combined—draws nearer and on its hundred cars will come "ten thousand wonders" to exhibit in Asheville Saturday October 27th. World toured and world conquering this truly Greatest Show

on Earth is now fully a third larger than it was when it last visited this locality.

In addition to the many innovations offered then, the present season's program numbers ten more trained wild-animal displays—making thirty in all—and the most superb trained horse acts that Europe has yet produced. The wild-animal and equine displays of the past were introduced merely that the Ringling Brothers might judge of their popularity. So enthusiastically were these numbers received that the famous showmen immediately arranged for the purchase of the world's finest acts of this kind. An entire equine circus was bought outright and brought to this country last winter. And while the Ringling Brothers an-

Barnum & Bailey agents were securing this and the trained tiger, polar bear, lion, leopard and jaguar groups, they had orders to engage the foremost men and women performers of the European capitals. And these stars from city and jungle are all to be seen with this wonder circus of 1923. More than 700 men and women embracing the world's foremost arenic stars take part. These artists include the very biggest acts ranging from extensive companies of foreign performers to the amazing English family of Nelsons—positively one family consisting of father, mother, six daughters and one son. And this group of world-famous acrobats but illustrates the remarkable scope of the human side of

this great circus. There are 100 clowns. Aside from the ferocious beasts, the program includes forty trained elephants. There are five companies of trained seals, many dogs, bears, monkeys, pigs and pigeons. Added for good measure is the mammoth menagerie of more than 1,000 animals. It is the biggest circus program the world has ever seen, given under the largest tent.
