ANNOUNCES**

To my many friends of Madison County, I again announce my candidacy for the office of Register of Deeds subject, of course, to the will of the Republicans in the Primary to be held June 7th, 1924. In making this Announcement, I feel that I have been a faithful official, and in all cases have been kind and courteous to all persons regardless of politics, who have had business and occasion to visit my office, and see and learn for themselves. So hoping you will kindly remember me again, and thanking you for the nice vote of confidence reposed in me. When in town be sure and call in to see me, and let us have a good old fashioned hand shake in the good old fashioned way.

I am yours to serve.
J. WILL ROBERTS.

HOME

How much will you pay for safety, for permanence for comfort?

Portland Cement, the material making this possible, is the cheapest of all products undergoing a complete process of manufacture.

A permanent, fire-safe home can be built for from 2% to 5% more than one of impermanent materials. The protection of your investment, the safety of your loved ones, can be assured for a ridiculously small outlay. And such a home is warmer in winter, cooler in summer, and more sanitary the year 'round.

Ask your building material dealer for facts and figures on such construction. Your contractor will also tell you that it is more rapid, as well as safer, than temporary building.
