The BULL'S EYE

LOOKING at this Bull's picture here just reminds me of the Cattle Business, of which I am still in, in a small way.

Stock on the Exchange in Wall Street was never higher, Stock on a Ranch was never lower.

If a cattleman sold a Steer and they would let him weigh all the mortgages that was on the Steer with him, he would weigh 50 pounds heavier.

One Tenderloin Steak at a Hotel brings more than a Steer.

A quart of milk brings more than the Cow.

A Texas Long Horn brings \$20 and one pair of Horn-rimmed glasses \$25.

A Calf sells for \$10 and its brains for \$20.

The hide of a Cow brings \$1 and one pair of shoes \$18.

Two sacks of 'Bull' Durham is worth more than the Bull.

The only way to be in the Cattle business is with a picture of one.

Will Rogers

P. S. I'm going to write some more pieces that will appear in this paper. Keep looking for them.

MORE OF EVERYTHING for a lot less money. That's the net of this 'Bull' Durham proposition. More flavor, more enjoyment and a lot more money left in the bankroll at the end of a week's smoking.

100 cigarettes for 15 cents

Will Help Marshall

"I hated cooking because all I ate turned sour and formed gas. I drank hot water and olive oil by the gallon. Nothing helped until I took Adierka." Unless due to deep-seated causes, Adierka helps any case gas on the stomach in a surprisingly QUICK time. It is a wonderful remedy to use for constipation—it often works in one hour and never gripes.
