

KILLED INSTANTLY IN AUTOMOBILE WRECK NEAR MARSHALL

Henry Knight in Sight of Home Has Skull Crashed as Car Turns Over
EUGENE BURRIS, THE DRIVER, IS ALSO SERIOUSLY INJURED

The community was shocked Sunday morning to hear of the instant death of Charles Henry Knight, as a result of his car turning over in sight of his home near the Seminary. It seems that he and Eugene Burris had been over to Asheville and were returning home about 2:30 o'clock Sunday morning. They were almost home when their car struck a large rock on the side of the road with sufficient force to displace the rock and turn the car over, crushing the skull of Mr. Knight, causing instant death. Eugene Burris also suffered considerable injury but is expected to recover unless complications arise.

The funeral service Monday afternoon at 3 o'clock was conducted by Rev. Horace L. Smith, pastor of the Marshall Baptist church and interment was in the Bryan cemetery near Marshall. Mr. Knight was about 46 year old, and is survived by his wife. He leaves one brother, Mr. Frank Knight, of Asheville and two sisters, Mrs. U. G. Woody of Waynesville and Mrs. W. C. Capps of Asheville.

TOBACCO WAREHOUSE PROJECT HAS SET BACK

NOT ENOUGH STOCK SUBSCRIBED TO PUT PROJECT OVER

Mr. Edwards Gives Up Proposition and Returns Contracts to Subscribers

It will be a disappointment to a great many people in Madison County to learn that for the present at least the proposition of a tobacco warehouse for Marshall seems to have failed for the reason that not a sufficient amount of stock was subscribed to put the project over. Mr. J. T. Edwards, who has had this matter in charge, was in Marshall Monday settling up with everybody he owed and saying farewell.

He wished through this paper to say that the contracts or subscriptions to stock have been left with Mr. W. A. West at the office of the Clerk of the Superior Court and those who subscribed may call for their contracts.

It is much regretted that this matter seems to have failed for the present. Hope is still entertained by some of our business men that some means may yet be found of raising the necessary amount to have a warehouse. It may be that just a few men with money may build the warehouse.

Jones came to the bat very sturdy, slapped the pill out for a home run, bringing in Brandon.

Phelps came up, connected with the ball, and sent it flying over the fence, a couple of houses, and a barn, a clean home run.

In the third Chakales knocked out a two-bagger, but was put out on third. Phelps failed for another homer, but got a two-base hit. Chakales got another two-base hit in the fifth.

Briggs, of Mars Hill, also got a two-base hit in the fourth.

In the fifth, Chakales being on base, Clayton knocked out the "pill." They got balled up, causing a great deal of excitement, both on third and the ball too. This resulted in Chakales being put out at home. Furches, shortstop for Mars Hill, made an excellent catch in the sixth frame, running back in the field, catching the ball that the felder could not get. M. H. C. tapped on Wake in the last of the eighth, running in two scores. Danielson was put in as pinch hitter for Mars Hill in the last of the ninth, but fanned. M. H. C. changed Long, their pitcher, in the fourth to Taylor.

MOUNTAIN FARMERS BUY PURE BRED CATTLE

Raleigh, N. C., April 17.

Farmers of Clay and McDowell counties are buying pure bred dairy cattle to increase their cream shipments from these counties, according to reports received at the headquarters for the Agricultural Extension Service at State College.

Late in March, through the efforts of Willard R. Anderson, county agent of Clay County, 28 head of high producing pure bred Jersey cows were purchased by farmers of that county from Georgia. A number of other farmers made individual purchases not included in the carlot shipment and another solid ear will be bought later.

Mr. Anderson reports that pure bred sires were placed in the county last year and that a cream shipping station has been established at Hayesville from which \$50 worth of cream is going out each week. The farmers of this county are growing their own feed at home and making the greatest possible profit from their cream shipments.

District Agent J. W. Goodman of Asheville reports that a solid

car of pure bred Jerseys went into McDowell County last month from Tennessee. All of these cows were specially selected on their home farms by F. R. Farnham, extension dairy specialist. Mr. Goodman states that in the last two years, ten pure bred sires have been placed in the county and that now a few men are shipping cream. He expects to have a cream shipping station es-

tablished at Marion and eventually to help in the building of a modern creamery. "I am finding that all over the mountain section there is interest in having pure bred, registered dairy cattle," says Mr. Goodman. "Our volume of cream is increasing and indications are that this soon will be a great milk producing section as well as a good beef cattle country."

LARGE ATTENDANCE AT SUNDAY SCHOOL CONVENTION IN GREENSBORO

Reported by D. W. Sims, General Superintendent, North Carolina Sunday School Association, 612 Odd Fellows Bldg., Raleigh, N. C.

More than fifteen hundred people from fifty-three counties were in attendance at the various sessions of the annual Convention of the North Carolina Sunday School Association held in First Baptist and West Market Street Methodist Churches in Greensboro on Tuesday, Wednesday and Thursday of last week, April 28, 29 and 30. Those in attendance at the convention were classified as follows: 77 preachers, 122 Superintendents, 529 teachers and other officers, 397 other leaders unclassified and 404 young people under 23 years of age who attended the special meeting for young people. Among the delegates there were 596 people from outside the city of Greensboro.

Officers of the State Sunday School Association consider this the best convention that has been held in recent years, and one of the largest. The delegates were loud in their praises of the quality of work

done by the out-of-State speakers, many of them saying that they had never been in a convention where there were so many real Sunday school experts on the program.

The spirit and atmosphere of progressiveness and co-operation was manifested throughout the sessions of the convention. Interest ran high from the beginning of the first sessions to the close of the last.

The report for the year showed that great progress had been made in the work of the Association. In the Convention year from April 1, 1924 to March 31, 1925, there had been held 88 County Sunday School Conventions, and 365 Township Sunday School Conventions and Institutes. The employed workers of the State Association attended all of the 88 County Conventions, and 41 of the township meetings, making a total of 129 meetings attended by them. In these 129 meetings, 1,756 Sunday schools were represented by 586 pastors, 853 superintendents, 4,767 teachers, and there was a total of 26,386 people in attendance.

L. W. Clark, of Spray, was elected Chairman of the Executive Committee to succeed J. M. (Carried to fourth page)

COUNTY COMMISSIONERS AUTHORIZE SALE OF 75,000.00 ROAD BONDS

Regular Meeting, Board of Commissioners for Madison County, May 4th, 1925

The matter of issuing county bonds for road purposes coming before the Board Commissioners for consideration, Mr. W. R. It is further ordered that the sale of said bonds be advertised in the Bond Buyer for at least two issues, and in one State paper for the same length of time. That sealed bids be received together with five per cent of the bid, and that the bids shall be open and the said bonds sold on Monday, the first day of June, 1925.

The Commissioners reserve the right to reject any and all bids.
