FIFTH SUNDAY MEETING OF FRENCH BROAD ASSOCIATION, HELD AT PECK'S CHAPEL ON MAY 30-31, 1925

A large number of people in the bounds of the French Broad Association, gathered at Peck's Chapel Baptist church May 30-31. Rev. L. C. Roberts presided as Moderator, E. S. Morgan, Secretary.

The program for this meeting was well carried out. The different subjects and many different speakers that were present, we are unable to mention. We had as many as 12 preachers with us. We want to say that we feel that the spirit of God was with us in this great meeting.

We all missed one worthy man—Professor W. P. Jervis. We hope some of the younger men may be able to fill his place. We were greatly impressed with the talks on the women's work and B. Y. P. U., given by Miss May Thelma Roberts and Miss Della Huggins of Mars Hill; also talks by Rev. A. C. Hamby of Mars Hill, Misses Hattie and Ida Penix of Yancey County, who are former teachers of this county, came over with Rev. W. L. Edwards and daughter. Rev. Mr. Edwards is one of Yancey County's best preachers, and he delivered a wonderful sermon on Sunday at 11 a. m. His text was: "Whatever ye sow, that shall ye also reap."

We would like to mention more of the good things of the great meeting, but we haven't time. In conclusion we would say, the good people of Peck's Chapel fed and cared for those who attended this great meeting and they all feel spiritually bettered. We feel that a fifth Sunday meeting is a spiritual uplift to any church.

We were proud of the work, and the great good we feel, has been accomplished in our fifth Sunday meetings of the past. Those who missed this meeting will hardly realize what they have missed.

Because their cotten seed seed was damaged by constant rains last fall, farmers of Scotland County have ordered more than 3, 300 bushels of improved seed this spring, states S. E. Evens, county agent.

BIG PINE NEEDLES

The farmers of this section are very busy with their work. Some are having to replant the corn, etc. because of damages done by a frost last week. We are needing rain very badly, as the farmers are wanting to get their tobacco plants out, the frost having killed most of what they did have out.

The Sunday School at this place is progressing nicely. Next Saturday and Sunday being our regular monthly service conducted by Rev. B. B. Plemmons. Everyone must come out. We are hoping to have our B. Y. P. U. organized again soon. We must keep something going for our young people, as they seem to be looking for something to do.

Mr. and Mrs. Hobart Worley were visiting the home of Mr. N. F. Baker last week. Mr. Ray Wild and Mr. Ray Buckner were out Kodaking last Sunday evening. We have been having quite a lot of sickness in our community. Mr. Roy Baker, who was quite ill with pneumonia fever, we are glad to say fast improving. We hope he will soon be out again.

Miss Mae Plemmons from Spring Creek, who has been residing with Mr. F. G. Roberts, has been ill for some time. Little Sammie Roberts has also been very sick. Our pastor, Rev. Jessie Corn, filled his regular appointment here Sunday and preached a wonderful sermon to a large congregation. A very nice sum was contributed to him. We are proud of Rev. Mr. Corn. He brings us inspiring messages. The steps of a good man are ordered by the Lord, and he delighteth in his ways. I have been young, now I am old, yet I have not seen the righteous forsaken, or his seed begging bread.

Our Sunday School is moving along nicely with good success. Our enrollment is increasing. We are hoping and looking forward to a great success this summer.

THE NEWS-RECORD

Marshall, N. C.

From BONNIE HILL

We are having real cool weather at present. Frost came last night and bit our beans, corn, potatoes, and plants that weren't covered. We regret them getting ruined, but we must submit to God's will. He doeth all things well. I think wickedness causes such things that we call bad luck to happen to us many times.

We are sorry to hear of Mr. Tom Gowan being quite ill at this writing. Dr. Grigsby has just passed by on his way home in Tenn. He reports that Mr.

Gowan has acute indigestion. We hope he will soon be well.

The mother of Mr. W. W. Gowan is expected to leave us at any moment to go to her reward. She says she is ready to meet her God.

Mr. and Mrs. Berry Roberts and Mr. Theward Trammel were visitors at Bonnie Hill Sunday, also visiting their mother, Mrs. W. W. Gowan.

Cecil Trammel went to visit his sisters and brother Sunday.

We are glad to read news from so many communities. We sure do enjoy reading items written by Miss Mary E. Price, of Trust, N. C.
