Then there are all sorts of more elaborate combinations with grape-fruit, with strawberriel and with a mixture of fruits including baseness. One particularly pleasing fruit cup, at this season, is made by filling cantaloupe halves with erushed pineapple.

In soups, too, pineapple has made its appearance. An expert dieti-cian recommends an iced mint fruit soup, using half a can of crushed pineapple, two cups of water, half a glass of mint fello and a tea-Spoon of arrowroot for thickening. She tops this soup off with a sprig of fresh mint.

Tomatoes stuffed with crushed Remaining

mayonnaise. Tomatoes stuffed with crushed Hawaiian pinsapple and enhanced with walnut meats makes a particularly good saiad. And even our old favorite Waldorf salad becomes something new when pineapple is substituted for apple.

In desserts, crushed pincapple has found a welcome place. Its golden color seems to dress up the dessert course and its tart, yet sweet flavor is one of the best means of ending a meal. Some-one devised this quick and delicious dessert: simply place a can of crushed pineapple in a bucket of ice and salt, allowinging it to stand for several hours and when it is thoroughly frozen dip the can for a second in hot water. When the entire top of the can is removed the cylinder of fruit slips out unbroken, ready for slicing.

MISS PRICE WRITES ABOUT MEETING Trust, N. C. Dear Readers:---Today closed a great revival at our

church. Rev. Charlie Powers and the pastor, Rev. W. B. Robinson held the meeting, also Brother Chappel Wallin and Gordon Woody were with us and helped so much in the singing. Brother Powers sure is a God sent evangelist preacher and may God still bless his work and help him to keep courage for we all know it is hard for him to leave home, wife and children and father and mother, and go for hundreds of miles to preach God's Word, but he certainly has a promises of many riches in the world just ahead for God said in His Word that if any one should leave houses and lands, wife and children or father or mother for His sake, he would be rich in the time to come. Read God's Word for yourself and see what blessed promises he has given to those that obey His Word.

Brother Powers certainly does not mind preaching the pure and undefiled Word of God. I notice in the paper from Walnut where the evangelist preacher got the name of Powder and Fuse. I sure think that fits quite well for it doesn't take any match to set them on fire for God's Word. God be merciful on the flapper and hypocrites also the backsliders, for Bro. Powers sure "got them told" where they were and what they were doing. and the best thing was he did not use his own words but took God's Word and read and proved what he said. There were some that I know were hit so hard next time you hear the be hit but if you can't stand God's Word you had better get on your knees and ask God to forgive you and help you to get where you won't be hit so hard next time you heaer the truth; as the old saying 'the hit dog always howls' and this sure is the fact. The trouble with the world today is that there is not enough of God's Word preached; lots of preachers try to round up the corners and sugar coat God's word but the corners are going to be rounded on them some day and the sugar coating will not be so sweet. I wish we had more men that were on the firing lines as Bro. Powers is. He preached 16 sermons for us and we wish he could have stayed longer but God calls him some-A crowd from this community went where else. We had about 12 or 14 on a camping trip Saturday.
