

5 years of service is only a starting point for BUICK-- Skilled engineering and rugged construction make it the most durable of motor cars!

Keep in mind when buying your new car, that more than three-quarters of all the Buick cars produced in the last twenty-five years are still serving their owners.

Buick endures—Buick stays young—Buick stands up and gives its best over a longer period than any other car—because it is endowed with an extra-rugged double-drop frame—Buick's world-famous Sealed Chassis and Triple-Sealed Engine—and the most nearly perfect oiling system ever developed—

You'll prefer Buick because it leads in beauty and luxury; and you'll prefer it, too, because it is the most durable of cars—and therefore the most paying investment.

All Buick models have Lovejoy Hydraulic shock absorbers, front and rear, as standard equipment

LOST Time from Work

Mr. Albert Garland, of Somerset, Ky., recently said: "I used to work in the mines, but lost quite a bit of time on account of sick spells I had. I would get to having a bad taste in my mouth, and a very dull, tired feeling and ache. My mother told me to try Black-Draught, which I did, and after a few doses I felt much better. Now I take it as soon as I feel the least bad, and I don't get down. I certainly can say that it has done more for me than any other medicine I have ever taken. I never get without Black-Draught. If I go on a visit, I take a package along in my suitcase. My health is better now than it has been in years." Black-Draught is prepared from medicinal roots and herbs, of highest quality. Price 25c. Try it.
