VALLEY FORGE PLANS TWO MEMORIALS TO HONOR HEROIC SOLDIERS OF 1778

Library and Non-Denominational Church Will Rise on Broad Acres Near Philadelphia - Celebration Arranged for June to Mark 150th Year.

for which will be laid June 19, 1928, as the closing feature of the Sesqui-Centennial observance. History only will have a place on

the library shelves. Each state will be represented by works dealing with the history of that state and the library will have, therefore, 48 alcoves. Valley Forge continues to be the

center of interest of thousands and thousands of visitors from every section of the country, as well as from abroad

Railroads and automobile bus companies regularly run excursions to the famous old shrine of patriotism and on Sundays and holidays even the broad acres of Valley Forge are taxed for space by the huge throngs. In addition many visitors travel by private motor cars over the excellent roads, kept in splendid condition by

the Commonwealth of Pennsylvania. All roads to Valley Forge run through a landscape of remarkable beauty, artists agree, and these roads are treated, as necessity arises, with chemicals, especially calcium chloride, toplay the dust.

Only 32 miles from Philadelphia, the shrine has long been one of the favorite objectives for daily excursions for Philadelphians, as well as for visitors to that city who have combined the Valley Forge trip with a tour of other places of historic interest, such as Independence Hall, the Betsy Ross House and other relics of the Revolu-

tion. That interest is expected to be stimulated by the forthcoming celebration.

AT THE CLOSE OF DAY At the close of the day when the birds

hide away, And the breeze begins to play among the trees;

When the sun's very light fades away into night, And there is no drowsy hum of bees.

My thoughts soon fly to a friend no

longer nigh, And as the breezes sigh, I dream Of the days past, so joyous while they last;

But now forever thrown into the time gone stream.

As the first bright star twinkles from afar, And the bar of the west closes;

When the crickets sing, And the frogs' drone ring And the dew begins to fall upon the roses,

My heart burns while my soul yearns, But my friend returns in my dreams, That face so dear always seems so near.

When the moon's silvery light across my pillow streams. -BONNIE ENSLEY.

found me sitting in my private office covering my face with my hand, erid: "Doctor, Charlie Culison wishes to see you." I have seen him, I answer-ed, and I cannot _see _him _agair." "But Doctor, he says he must see you once more before he dies." I now made up my mind to see him, say an endearing word and let him die, but I was determined that no word of his should influence me in the least so far as his Jesus was concerned. When I entered the hospital, I saw he was sinking fast, so I sat down by his bed. Asking me to take his hand, he said: "Doctor, I love you because you are Jew, the best friend I have found in this world was a Jew." I asked him who that was. He answered, "Jesus Christ to whom I want to introduce you before I die, and will you promise me Doctor that what I am about to say to you, you will never forget." I promised and he said, "Five days ago while you amputated my arm and leg, I prayed to the Lord Jesus Christ to convert your soul." These words went deep into my heart. I could not understand how, when I was causing him the most intense pain, he could forget all about himself and think of nothing but his Saviour and my un-converted soul. All I could say to him was, "Well my dear boy, you will soon be all right." With these words was, I left him, and twelve minutes later he fell asleep safe in the arms of Jesus. Hundreds of soldiers died in my hospital during the war, but I only followed one to the grave and that was Charlie Culsion, the drum-

I had him dressed in also Mrs. Emma Brown last Saturday. a new uniform and placed in an a new uniform and placed in an officers coffin with a United States flag over it. That boys dying words made a deep impression on me. I was rich at that time so far as m JELCY VAS concerned, but I would have given every penny I possessed if I could have felt toward Christ as Charlie did, but that feeling cannot be bought with money. Alas, I soon forgot all about my christian soldiers little ser-Lizzie and Delia Waldroup. Messrs Raten and Glen Waldroup took dinner Sunday with Mr. Gordon sin but I fought against Christ with all the hatred of a Jew for nearly ten years, until finally the dear boys prayers were answered and God con-

verted my soul. About eighteen months after my conversion, I attenevening the city of Brooklyn. It was one of those meetings when christians testify of the loving kindness of their Saviour. After several of them had spoken an elderly lady arose and said, "Dear friends, this may be the last time that it is my privilege to testify for Christ, my family physician told me yesterday that my right lung was nearly gone and my left lung is very much affected, so at best I have but a short time to be with you, but what is left of me belongs to Jesus. Oh, it is a great joy to know that I shall meet my boy with Jesus in heaven. My son was not only a soldier for his country, but a soldier for Christ too, He was wounded at the battle of by me now." He kept his promise and never groaned. That night I coul not sleep, for whichever way I turned my head I could see those soft blue eyes, and when I closed mine, the words and when I closed mine, the words, "Blessed Jesus, stand by me now", kept ringing in my ears. Between twelve and one o'clock, I left my bed and wisited the heaviet 1 a third I had his dying hour, sent for that Jewish doctor, and said to him, "Doctor, be-fore I die, I wish to tell you that five days ago while you amputated my arm called, but such was my desire to see and leg, I prayed to the Lord Jesus that boy. Upon my arrival there, I Christ to convert your soul." When I heard the lady a testimony I could no longer sit still. I left my seat and crossed the room, and taking her hand said, "God bless you my dear sister, your boys prayers have been heard and answered. I am the Jewish doctor for whom your Charlie prayed and his Saviour is now my Saviour too.'

Imposing memorials are planned for the big cantonment outside of Phila-

delphia, chiefly a Washington Memorial Library and a Washington Memorial Church, non-denominational. While the details for the celebration have not yet been announced, it is believed that they will be most com-

prehensive and picturesque, including participation first of all by the thirteen original states and then by all forty-eight states.

The Washington memorials will rise on the site of the Zulich mansion, destroyed last spring by fire. The Rev. W. Herbert Burk, founder and rector of the Washington Memorial Chapel, has received assurances of gifts that will make the memorials possible.

His congregation has bought a site covering 15 acres for the buildings and an unidentified donor has promised funds for the Library, the cornerstone

the faculty of Flat Creek school in Buncombe County next session.

Mr. J. M. Baley of Asheville was in Marshall Thursday morning.

Mr. and Mrs. F. E. Freeman were among the number who attended the Rhododendron Festival in Asheville this week.

When you consider the high quality of this fertilizer, the small loss you have in it, and the satisfaction of knowing that it is a fine fertilizer, our ine is cheaper. This fertilizer grows that superior type of bright smoking tobacco that is at present in such de-mand by the R. J. Reynolds Tobacco Company.
