OATH

STATE OF NORTH CAROLINA,
 COUNTY OF MADISON.
 Personally appeared before me, Wiley M. Roberts, Chairman of the Board of Education of Madison County, and C. M. Blankenship, Superintendent of Public Instruction of said county, who, being duly sworn, depose and say that to the best of their knowledge and belief this budget is true and correct in all respects; that the statement of the number of teachers, of the grade or class, and of the salary of each teacher, is true; that the amounts set forth for salaries of teachers for the school year 1928-1929 and for each other item is reasonable and just and necessary for properly maintaining the public schools of the county, and that all items appearing herein are in accordance with the meaning and the spirit of the law providing for a six-months school term in every school district of the State.

MABEL RUTH GIEZENTANNER IS KILLED BY AUTOMOBILE

The community was greatly surprised and terribly shocked Thursday afternoon to hear of the sudden death of little Mabel Ruth Giezentanner, who was struck by a Buick roadster Thursday afternoon and fatally injured, dying about three hours and a half after the accident, which occurred on the highway at Rollins, one mile east of here, where Mr. Giezentanner, who holds a position with the Southern Railway as telegraph operator, works. Mrs. Giezentanner and the child had gone to Rollins in a taxi driven by Mr. Romeo Ferguson, to carry Mr. Giezentanner's lunch to him. Eye witnesses said that the child stepped from the taxi and walked around in front of the roadster which struck her, the accident being declared unavoidable. It is said that the roadster was traveling about 15 or 20 miles per hour. The driver of the roadster stopped and picked up the child and came back to Marshall with the parents. The driver of the car was accompanied by his wife, both being from a Northern State, and they were both nearly prostrated with grief by the horrible occurrence.

The child was carried to the Marshall hospital where she died shortly after.

Funeral services for little Mabel Ruth were conducted at the Giezentanner home on Main St. Friday afternoon at 1:30 o'clock, the Rev. Horace L. Smith, pastor of the Baptist church here, officiating. The remains were taken to Inglewood, Tenn. Saturday morning, where service was held at the Inglewood Baptist church, the pastor, Rev. Mr. Hurst, officiating.

Little Mabel Ruth was a sweet, pretty little girl, much beloved around Marshall, and she will be greatly missed by all who knew her.

MRS. EDISON CONTRIBUTES TO THE MEMORIAL FUND

Dayton, Tenn., July 2. (Special)—A subscription of one hundred dollars, which is the popular unit in the campaign to build a great memorial university here in honor of the late William Jennings Bryan, has been received from Mrs. Thomas A. Edison, wife of the great inventor, according to F. E. Robinson, president of the Bryan Memorial University association.

"One of the gratifying things about the building of the university," said Mr. Robinson, in announcing the gift, "is the large number of distinguished citizens over the nation who are contributing funds and taking active part in the movement in other ways."

The total amount subscribed in the nation now approximates three quarters of a million dollars, according to Mr. Robinson, and gifts have been received from 29 states, although active campaigns have been conducted in parts of five states only.

North Carolinians have contributed approximately \$50,000 to the university, and there are yet many friends and admirers of Mr. Bryan in the state who are expected to subscribe.

JULY 4 OBSERVED AT CULLOWHEE STATE NORMAL

School was turned out, and a holiday declared by the President of the Normal.

At 8 A. M. a patriotic program was given. The opening number was the singing of America by all assembled. Then, Mr. H. T. Hunter, president of the school, led in a beautiful prayer, thanking God for the Mothers and Fathers back in the early days who gave themselves so unselfishly that we, their descendants, might have independence.

The next number was an impressive talk on "The Flag" by Mr. Seymour, one of the State Normal Professors. His opening words were "This flag, which represents, stands for, and glorifies the American Republic, cannot be estimated in values of gold and silver or precious stones. It is something whose worth is infinitely above all estimates of values."

Then he reviewed the history of the flag, telling how, 146 years ago, the Continental Congress of the United States met and adopted the design of the flag, and how the committee called upon Mrs. Betsy Ross and asked her to sew the flag for them. In concluding his talk, Mr. Seymour gave an appropriate quotation from the poets:

REASON WHY PAPER IS LATE

We regret very much that the paper is a day late this week, but for various reasons, this had to be done. All day Tuesday was lost on account of the electricity going off, and then the two budgets came in, which we had never before published; consequently, the paper is late.

BOARD OF EDUCATION DOES NOT ASK FOR \$1.11 RATE

The budget of the Board of Education for this year is \$5,204.88 less than last year, the tax rate for last year was only 90 cents. Whereas the County Commissioners state that the rate for this year will be \$1.11.

According to the budget that we presented to the County Commissioners the school rate would be approximately 90 cents. All other items that go to make the \$1.11 rate have been added to our budget since we presented it to the County Commissioners. We do not think it fair to the Board of Education for this increase to be made in our budget and published in the newspaper, leaving the impression on the people that we are the cause of high taxes. We have made our budget as small as possible, in order to help keep the tax rate down.

There is no reason why we should ask for more money this year. Last year we lived within our budget and had a balance of \$4,792.87. We feel that we can do the same again on a 90 per cent rate. If the additional 21 cent rate is added to our budget, we want the tax payers to know who added it and not place the blame on our shoulders. Of course, we have nothing to do with determining the tax rate, that is left entirely up to the County Commissioners. The law requires us to make a budget for the needs of the six month school term, and that is what we have done.
