Lespedeza following wheat on the farm of John W. Cress of Cabarrus County is 20 inches high over a field of eight acres.

Apparently, to satisfy a certain group of farmers, a cleverly devised sentence was written into the Democratic platform whereby the party pledges that an honest endeavor will be made to formulate a legislative plan whereby the losses in the control of surplus crops will be charged back against the unit of the product. This is a faint effort to describe the equalization fee. After the adoption of this platform, Governor Smith was quoted in the newspapers as saying that he was opposed to the fee, but that he pledged that the mechanics would be devised through conferences with the friends of agriculture to formulate a legislative program to carry out his platform pledges. This is the same problem over which a dispute has been raging for eight years. The Democratic platform simply adds more confusion to an already confused situation. The pledge of Herbert Hoover is definitely certain. He knows in advance how this problem can be handled. Any conference he calls will be merely for the purpose of arranging specific details. His pledge creates the experimental stage of such a program. He believes agriculture can be organized to where it will be self-sustaining, and by reason of his knowledge and experience, he is in a position where he can lead that organization.

OFFICE KAT KOLUM (By the "Office Cat")

Well, folks, I've sure got something to write about this week, something that's got me worried trying to figure out where it came from. I refer to a letter received by the writer of this Kolum on Tuesday afternoon. This letter was not signed. I will quote the exact words of the little note, which are as follows: Mr. Lankford Story, Marshall Record, Marshall, N. C. Mye dear Mr. Story, Won't you please kill that "Kat." Yours very truly, A CYNICAL SUFFERER.

said, "Let the good work go on."

I want to thank the Laurel Branch writer for the compliment in that news letter this week. I'm glad you like the Kolum, friend.

SAYS FARMERS NEED HOOVER AND TARIFF

Congressman Dickinson Warns Against Past Records of Democrats.

PLATFORM IS EVASIVE Iowa Leader Declares Hoover Knew How to Handle Agricultural Problems.

WOODSTOCK, Ia.—Herbert Hoover and a protective tariff was the specific recommended for the curing of farm ills by Congressman L. J. Dickinson of Algona, Ia., a leader of the farm bloc in the House, in an address here this afternoon at the farmers' meeting and Republican rally. "The record of the Democratic party has always been for a tariff for revenue only," Congressman Dickinson said, "and they have never been converted to a tariff for protective purposes. "Herbert Hoover, in his acceptance speech, declared an adequate tariff is the foundation of farm relief." He further declared that "the domestic mar-

ket must be protected. I will use my office and influence to give the farmer the full benefit of our historic tariff policy. "Protection of dairy commodities has greatly increased under the protective tariff policies as carried out under the present Republican administration. We increased by executive order the tariff on dairy products from eight to twelve cents a pound. This domestic market can be preserved for the American producer under the Republican policies, and it can be lost under the policy outlined by the Democratic platform.

Sings Hoover Praises

Miss Marion Talley has joined the ranks of Herbert Hoover supporters.

Send for Hoover! The same man who could find ways to relieve starvation five thousand miles from America may be relied upon to devise and carry out a plan to relieve any portion of the population from any injustice. If farmers need relief, Mr. Hoover will get it for them. —Schenectady Union Star.

U. S. Democracy's Guardian As America a century and a half ago announced to mankind the great spiritual ideal of democratic government, so today the fate of that ideal for many generations to come must rest in the hands of the people of the United States.—Herbert Hoover

Progress Needs Facts The raw material of truth is facts. Statistics are not mental exercises; they are the first step to right decisions, to enlightened action, to progress itself.—Herbert Hoover.

From FAUST

On last Monday, October 8th, "Uncle" Allen Buckner was 101 years old. On that day members of his family which consisted of children, grand children, great grand children and great great grand children, and many other relatives and friends gathered at his home on the Walnut Mountain and enjoyed a bountiful repast given in his behalf. "Uncle" Allen looks hale and hearty to be so old and while he has nearly lost his hearing and his eyes have failed to light his natural body, still his life is beautiful because he long since gave his soul to the service of God. Rev. Mr. Mitchell filled his regular appointment at the Methodist church last Sunday. He has been a faithful worker among us for the past year and we all want him back again. There will be a Singing Convention a box lunch and some good speaking and in fact a general rally day at Ebbs Chapel next Saturday the 13th. Singing will begin at 10 A. M. Speaking at 11 A. M., then more singing, cake walks and other exercises. The proceeds are to be spent for Elementary books for the school. Come on. Everybody cordially invited. There will be good singing by several choirs and we want the day to be one enjoyable one. Mr. Denver Fox and Miss Belva Ponder were married last Sunday. We wish for them a long prosperous and happy life. Several of our people went to Elizabethton to hear Hoover speak. They reported a nice trip and a good speech. People have gotten their tobacco under cover and their fodder saved and are ready to go chestnut hunting. There will be a Township Sunday School Convention at the Methodist Church the third Sunday in this month at 2 P. M. There will be good speaking and we hope every Sunday School in the Township will have a good representative present, especially, we would be glad if all the officers and many others as can and will be there.
