

LOCAL AND PERSONAL

Happenings In and Near Marshall

JAMES I. STORY, Reporter

Miss Floy Lewis and Mrs. Jeter Johnson, of Foster Creek, were in town Saturday on business. Mrs. Johnson is teaching on Foster this year. Mr. Geo. S. Lippard of Hot Springs passed through Marshall Monday. Mr. and Mrs. J. L. Morrison who moved here recently from Asheville, are leaving Marshall and moving to Hendersonville where they will make their home, that town being closer to Mr. Morrison's work. He is employed by the N. C. Highway department.

Misses Bonnie Rogers and Madia Riddle of Sandy Mush spent a pleasant Sunday afternoon with their friends, Mr. B. O. Berry of Bingham, S. C., and Mr. S. C. Patterson, of Bryson City, N. C., They motored through Asheville, Weaverville, Mars Hill and Marshall. They were also

visiting Mrs. G. H. McIntyre of near Emma.

Rev. C. B. Newton, of Saluda, pastor of the Saluda-Tryon Methodist circuit, and former pastor of the Marshall M. E. Church, South, assisted the Rev. Horace L. Smith, pastor of the Marshall Baptist church, in conducting the funeral of Mr. R. H. Ward, who died at his home Tuesday, at the Rector's Chapel church, at two o'clock, Wednesday afternoon.

Miss Evelyn Hinkle spent Saturday and Sunday here, coming from Jefferson City, Tenn., where she is a student at Carson-Newman College.

Messrs S. C. Patterson and B. O. Berry were the guests of Misses Madia Riddle and Bonnie Rogers of Sandy Mush, Thursday night.

Mr. Bernard Reid and Mr. Chappell Wallin were in Asheville Saturday.

Mrs. W. A. Sams and daughter, Miss Vivian, motored to Asheville Saturday.

Mrs. H. L. Story and son James motored to Asheville Saturday.

Mrs. W. H. Morrow and two daughters, Misses Gage and Mary, and Miss Evelyn Hinkle motored to Asheville Saturday.

Mr. Ernest Teague returned late Monday afternoon from Columbia, S. C., where he went Sunday on business.

Mr. and Mrs. Wayne Goodnough, of Del Rio, Tenn., arrived in Marshall Tuesday to attend the funeral of Mrs. Goodnough's father, Mr. R. H. Ward, who died at his home here shortly after noon Tuesday. Funeral service was conducted at the Rector's Chapel church at two o'clock, Wednesday af-

ternoon. Mr. and Mrs. Harris and Mrs. Carl Stuart were in Asheville Saturday. Hon. A. L. Bulwinkle was a Marshall visitor Monday and Tuesday. He is to speak Saturday.

Miss Nellie Bullman of Marshall spent Friday in Asheville.

Mrs. Magnolia Reeves of Marshall spent the week in Asheville and Black Mountain visiting friends and relatives.

Dr. and Mrs. W. A. Sams attended the District Medical Meeting, of which Dr. Sams is president, at Burnsville, Wednesday. Dr. Ditmore also attended.

Mrs. Joe Cherry, of Windsor, N. C. is expected Friday to visit her mother, Mrs. Jobie Redmon.

Mrs. James Baley, Mr. and Mrs. Jessie Bailey of Asheville were in Marshall Wednesday to attend the funeral of Mr. R. H. Ward.

Miss Parnell Davis, of Asheville, was in Marshall Wednesday to attend the funeral of Mr. Ward.

Rev. and Mrs. H. L. Smith and H. L. Jr., returned Saturday from a visit to relatives at Drexel and Hickory.

Rev. and Mrs. C. B. Newton and daughter of Tryon were in Marshall Wednesday, Mr. Newton assisting in the funeral of Mr. Ward.

Rev. Mr. Gray, of Black Mountain was here Wednesday and assisted in the funeral of Mr. Ward, with Rev. Mr. Newton, Rev. H. L. Smith, and Rev. J. O. Cox.

Miss Mary Gudger left Wednesday to visit relatives in Johnson City, Tenn.

The Sewing Circle of the Baptist church, with invited friends from the other churches, gave Mr. and Mrs. A. W. Whitehurst a surprise luncheon Wednesday. They moved in to their beautiful new home last week, so each guest carried gifts for the home. Mrs. Whitehurst has been the faithful president of the Sewing Circle for

MARSHALL HI DEFEATS BEECH
GLENN HI 3-0

Marshall Hi again defeated Beech Glenn Tuesday at Beech Glenn. The weather was very inclement and the game had to be called off in the fifth inning, Marshall having won 3-0. Redmon, of Marshall, was the winning pitcher.

HIGHWAY ARTICLE LEFT OUT

We regret that we had to leave out the article in regard to the highways of our County this week, but this will appear in the next issue.

LOOK FOR IT NEXT WEEK.

FROM BEAR CREEK

After spending three weeks with friends and relatives near here, Mrs. W. N. Price left yesterday for her home in Bishop, Calif. She will stop over for a few days visit with her son, Myron, who is at Houston, Texas, also visit her daughter, Louise, and son Newton, who are in Occidental College at Los Angeles, Calif.

We were pleased very much to see so many at church Saturday night and Sunday. Bro. Reese preached a very interesting sermon at both of the services. His subject Saturday night being "Temptation." He will fill his regular appointment here the 10th and 11th of November, if not providentially hindered. We hope the people will continue to be interested.

We ask the prayers of the christian people for us over here, for there are numbers of people on this creek need Christ in their lives.

Sunday the children and grandchildren of Mrs. H. E. Ball gathered at her home for a family reunion. A bounteous dinner was spread which was enjoyed by all present. There were forty-three relatives and friends present. Mrs. Ball is 77 years old and has seven children living, thirty-seven and four great grand children. Unfortunately all could not be present at the reunion.

Chinchilla Farm Is Started at Asheville

Asheville, N. C., Oct. 18.—The newest farm for the propagation of Chinchilla hares and the only establishment of its kind between New York and Georgia has been located in the vicinity of Asheville. Chinchilla hares, valued both as food and for their pelts will be raised in large numbers on the Western North Carolina farm establishment.

The Chinchilla hare farm has been started by W. L. Ferris, a retired theatrical man. It is estimated that during the next twelve months the farm will produce 2,000 of the gray rabbits, and within five years should be producing between 10,000 and 20,000 each year.

The Asheville Chinchilla Hare Farm has begun operations with eighteen adult animals. Four large buildings are being erected to provide housing facilities for more rabbits which will be added to the farm as buildings are provided for them.

The greater part of the product of the farm will be sold on the New York market where the fur of the Chinchilla hare is said to be in great demand. The rabbits now owned by Mr. Ferris are pure bred and are said to be worth between \$100 and \$500 a pair. Additional building space will be provided as the farm increases its activities.

The climate of Western North Carolina is highly favorable to the raising of these hares and the central location of Asheville as a shipping point to all parts of the eastern United States makes the establishment of the farm here, highly desirable.

The fur of the Chinchilla hare resembles closely that of the true Chinchilla and when made into coats

and other types of feminine wearing apparel, can hardly be distinguished from the Chinchilla itself. The furs of the rabbits therefore bring a very high price on the market.

BUILD MANGUM TERRACES TO CONTROL SOIL WASHING

In one Piedmont county of North Carolina 90,000 acres of land have been permanently ruined by erosion and in another county of the Coasts Plain, 70,000 acres have been gullied beyond repair. Yet this damage could have been averted by terracing the land.

"We have two kinds of erosion in this State," says A. T. Holman, agricultural engineer at State College. "One we easily recognize as gullies causing heavy damage all over the State and the other is sheet erosion which removes a small depth of soil from an entire field. In North Carolina, 88 per cent of this erosion occurs in the four months of June, July, August and September. In some cases we have found that the top soil in many cotton and tobacco fields will be washed away in 50 years if some protection is not given. Grass sod, on the other hand, will prolong the life of the soil several thousand years. Cultivated slopes can be saved in only one way and that is through the use of terraces."

Mr. Holman states that erosion not only wastes plant food that is purchased and put into the soil but it also actually destroys the soil. About three times as much fertilizer is needed to produce a crop on a clay sub-soil as on a loam or clay loam soil. To rebuild an eroded top-soil takes time, much work and money. The value of the plant food lost through erosion will exceed 200 million dollars annually in the whole United States, estimates Mr. Holman.

The mangum terrace is the best known means of controlling erosion on North Carolina farms, said Mr. Holman. This kind of terrace is a broad bank of earth behind which the surplus water flows with a gentle fall and at a low velocity to some suitable outlet. The best time to build such terraces is following the harvest when there is not so much field work to be done.

Seventy-two 4-H calf club members of Alamance County exhibited 72 fine heifers at recent community fairs
