How many o' you folks ever saw a submarine? Well, you've heard 'bout how it dives under de water an' stays under fer a while.

Enrollment Of Trade Classes In N. Carolina

Raleigh, N. C., Jan. 23.—Beginning in 1918-19 with an enrollment of 128 in 5 classes trade and industrial education in North Carolina has grown each year until at the close of the year 1928-29 there was an enrollment of 5,689 in 344 evening, part time, and day trade classes, it was reported today from the Trade and Industrial Education Department of the Division of Vocational Education.

It shows that there were 150 evening classes in textile subjects, mill arithmetic 96, mill calculation 32, weaving and designing 7, carding and spinning 5, textile chemistry 5, mechanical calculations 3, and knitting and looping 4.

In addition to these evening classes, the report shows that there were 39 part-time general continuation and trade preparatory classes with a total enrollment of 448, and 7 day trade classes with 168 students enrolled.

Trade and industrial education in North Carolina has been confined chiefly to extending vocational training to boys and girls who have left school and entered employment, and to adults who are actually employed in wage earning occupations.

The real optimist is the chap who sits in the last row of the gallery and winks at the chorus girls.

NOTICE!

NOTICE OF FORECLOSURE SALE

By virtue of the power in me vested by a certain deed of trust executed by John W. Randall, widower, to me as trustee to secure a debt to G. V. Plemmons therein described, bearing date the 6th day of April, 1927 and recorded in Book No. 32 at page 160 et seq of the records of deeds for Madison County, default having been made in the payment of the said debt and being requested to foreclose, I will on Monday the 24th day of February, 1930 at 12 o'clock M. at the courthouse door in Marshall, Madison County, N. C., to satisfy said debt, interest and cost, sell the following described real estate to-wit:

Adjoining the lands of Jobie Lunsford, Fleet Goforth, Elmer Randall and others, situated in No. 7 Township, said county and state, consisting of two tracts:

1st Tract: Lying on the west side of the French Broad River on the waters of Anderson Branch, known as a part of the John Goforth Farm, beginning on a sourwood near the old ridge road, leading to the river, and runs south 6 poles to a sourwood, thence S 39 E 6 poles to a small dogwood, thence with John W. Randall's line to a hickory and sourwood, thence west 18 poles, thence N 10 W 35 poles to a stake at the top of a ridge, thence N 89 W 10 poles to a black walnut, thence N 13 E 18 poles to a stake at the top of a hill, thence East 53 poles to a rock and small white pine, thence N 68 poles to the top of the ridge at a hickory in Pain's line, thence S 30 E. 25 poles to a stake, thence with the Pain line to the beginning, containing 35 acres, more or less.

2nd Tract: Adjoining the first tract and known as a part of the Hickory Spur tract, beginning on a beech stump at the bench on the old Gudgey tract of land, and runs with the meanders of the topography through a stake, thence N 73 W 23 poles to a sourwood, thence S 6 poles to a sourwood, thence S 39 E 41 poles to a small dogwood, thence N 30 E 51 poles to the beginning, containing 90 acres and 11 more or less.

Also another strip of land on the E. side of the second tract above described, and being all that strip between the above second tract and the first tract. The above described lands include the place where the Harrison Goforth House and Log Barn for stock is located, being about one mile and one fourth above Barnard, N. C.

Tennis Is Prominently Featured For 1930 At Asheville

Asheville, N. C. Jan. 23.—With the North Carolina Open Tennis Tournament already arranged to take place on the courts of Biltmore Forest Country Club at a time to be set during the month of August, and with other prominent tennis events now being planned, the sport of the courts promises to claim more than the usual amount of interest on the part of Asheville sports loving public during 1930.

More than 75 tennis stars from all sections of the south and east will take part in the week's events devoted to the North Carolina Open Championship. The program will include singles events for men and women, mixed doubles, men's doubles and probably doubles for ladies.

In addition to the North Carolina Open event, a series of exhibition matches by outstanding national tennis celebrities are being planned. No definite date has as yet been set for the spring matches but it is believed that they may be held at the Biltmore Forest Country Club.

Among groups which are said to be looking toward Asheville as a possible center for tennis, is the Southern Lawn Tennis Association which is anxious to select Asheville as a permanent location for its annual championship matches.

In addition to the more prominent tennis events, several of the Country Clubs will stage annual titular contests, these events being scheduled for the summer months. The club championship tournament at the Biltmore Forest Country Club will be held during the latter part of August or early September, the dates to be set following the North Carolina Open Tournaments.

IT IS IMPOSSIBLE

- It is impossible To bank time. To sow tares and reap roses. To sow jealousy and reap love. To think wrong and live right. To do wrong and get away with it. To dance without paying the fiddler. To act below par and maintain self respect. To be unfair and succeed for any length of time. To make decisions tomorrow; they must be made now. To cheat the universe. "For value received," still stands.

To carry hatred in the heart without reflecting it in the face.

To live without growing older, although there is no need of growing "old."—David F. Nygren, in The Baptist.

Teacher: "Please define a smile." Pupil: "The longest line between two ears."

NOTICE!

TRUSTEE'S SALE

By virtue of the power of sale contained in a certain deed of trust made by G. F. Ross and wife, Margaret S. Ross, to the undersigned Trustee, dated March 21, 1924, and duly recorded in the office of the register of Deeds for Madison County, N. C., in Record of mortgages and deed of trust No. 21, on page 474, to which reference is hereby made; and default having been made in the payment of the indebtedness secured by said deed of trust, whereby the power of sale therein contained has become operative, said undersigned Trustee will, on Monday, February 24, 1930, at twelve o'clock noon, sell for cash, at public auction, at the Courthouse door, in the Town of Marshall, County of Madison, State of North Carolina, the following described land and premises, situated, lying and being in the County of Madison, State of North Carolina, and being more particularly described as follows:

BEGINNING on a black walnut stump on the East bank of the French Broad River; being the Southeast corner of the Freshour tract and runs South 58° West 1 pole to a stake on the Bank of the River; thence up and with said River, South 33° East 122 poles to a stake; thence North 53° 30' West, about 135 poles to a small hickory in the Freshour line; thence South 29° East 69 poles to a stake; originally a white oak, Freshour's corner; thence South 58° West 64 poles to the BEGINNING; containing thirty-nine (39) acres, more or less.

This the 24th day of January, 1930. BURGIN PENNELL, Trustee. O-Feb. 14.

DEVELOP A TIMBER PRODUCTS MARKET

In keeping with their policy of service to the farmers, the Farmers Federation, Inc., with headquarters in Asheville has employed Mr. H. Rotha, of Waynesville, who has been in the timber business for the past thirty years in North Carolina to develop a

Marshall, N. C.

timber product-market. Mr. Rotha was formerly with the Champion Fiber Co., of Canton, and the Eastman Kodak Co., woods department. He has had a life experience in the timber and lumber business and began work with the Federation this week. This is one of the most far-reaching steps that the Farmers Federation has taken in its nine years of existence and will mean much for Western North Carolina.

The policy of the Farmers Federation has been to furnish markets for the farmers of Western North Carolina and this department of wood products has been added under the supervision of Mr. Rotha.

This department will handle all kinds of wood products such as pulp, extract wood, locust for insulator pins, dogwood for cotton mill shuttle blocks, all kinds of logs for veneering and sawmill purposes, telephone and telegraph poles, etc.

It is also planned to interest some woodworking plants to locate in Western North Carolina to utilize waste wood products; to encourage reforestation and nurseries to locate in Western North Carolina. It is also planned to ship shrubs, rhododendron azalea, ivy, etc., for landscape purposes. The Federation shipped several carloads of rhododendron last spring, as it is in demand in the spring and fall mostly.

Two and one-half per cent of the purchase price of wood products will be deducted and credited to each farmer in stock. This will establish a capital which will be used to promote wood working plants in Western North Carolina. It is essential for any business to have capital to operate on. The Federation must accumulate capital in order to grow. The seller will hardly miss this small percentage and yet will be piling up a neat capital stock.

The Federal Farm Board will only recognize Farm organization and farmers must join a good organization in order to get benefits from Federal funds. Hardwoods grow rapidly in Western North Carolina. In Canada for example, one tenth of a cord per acre per year is the average growth of hardwoods, according to experts of the United States Dept. of Commerce, while in Western North Carolina one half cord per acre will grow. The four high priced trees that will do well in Western North Carolina are: Poplar, walnut, locust and white pine. These are all in big demand and offer untold possibilities of wealth

to the farmers of this section.

The Farmers Federation wants the vacant farm lots to produce a regular income for the farmers and land owners. It is also planned to assemble walnut in car lots so each individual farmer can get carlot prices for his logs. In other words, the Federation is doing everything possible to help the farmer to get full price for his products.

Western North Carolina has needed a timber products market for many years and it now looks as if the Federation will do much to supply this need.

Mr. O. J. Holler, Master Farmer of Rutherford County and president of the Rutherford County Club says: "The farmer has had no regular market for wood products except through agents or buyers who got all the profit." Continuing he says this product can be better handled by the Farmers Federation than any other agency for it plans to keep it going the year round and give farmers a regular income. This will bring about the wood working industry, which will also be of untold value to our great mountain section.

In twenty-three mountain counties of Western North Carolina, including Alleghany, Wilkes, Caldwell, Burke and Rutherford and all counties west of these, are 49,866 farms containing 3,693,531 acres or an average of about 74 acres per farm. Of this area, 1,811,818 acres are now growing timber and are classed as farm woodland, which is an average of 26 acres per farm. To this we might add 183,230 acres of land cleared but idle, making about two million acres of 54 per cent of the total farm area either growing trees or idle. Idle land does not pay taxes, nor does it produce an income. This idle land should produce much wealth for our section of the country.

Buncombe county has 78,887 farm woodland acres, Henderson 43,205, Polk 36,293, Rutherford 121,106, Alleghany 46,585, Ashe 81,021, Avery 44,751, Burke 21,962, Caldwell 116,974, Cherokee 127,200, Clay 33,018, Graham 25,430, Haywood 82,850, Jackson 92,004, McDowell 65,192, Macon 82,429, Madison 105,800, Mitchell 44,591, Swain 68,063, Transylvania 50,282, Watauga 73,110, Wilkes 211,808, which is the largest and Yancey 89,737, making a total of 1,811,818 acres, while the total acres in farm lands of these counties is 3,693,531 and the total cleared, 2,500,000 acres in these counties is 183,

230 and the acres in other forest lands, (National forests, etc.) of these same counties totals of 2,408,248 acres.

The Farmers Federation is to be highly commended for this forward step in promoting industries that will bring in untold wealth to our farmers of Western North Carolina. —Rutherford County News.
