

NOTICE!

By virtue of the power in me vested by a certain deed of trust executed by J. A. Wallin and wife, Beanie Wallin, on the 17th day of Sept. 1928, and recorded in deed of trust book No. 33 at page No. 191, register's office for Madison County, N. C., to secure certain indebtedness therein described, and default having been made in the payment of said indebtedness thereby secured, the undersigned trustee will, on the 28th day of April, 1930, at the court house door at twelve o'clock M., sell to the highest bidder for cash, to satisfy said indebtedness, the following described property, to-wit:

"A certain tract or parcel of land situate lying and being in No. 1 township, Madison County, and on the waters of Heck Branch of Walnut Creek, being the same lands conveyed to J. A. Wallin by his father and mother, James Wallin and H. I. Wallin, consisting of fifty acres more or less, being a part of the J. A. Wallin old home place on Walnut Creek, said county and state and to said deed reference is hereby made for a full and complete description of said lands, said deed recorded in Book 47 at page 288."

This March 29th, 1930.

was quite fluent and her good points in the discussion were so numerous that we were unable to record them. Among those mentioned were (1) the teacher should be a Christian; (2) have love for lost souls; (3) his or her life should be exemplary; (4) should know the Scriptures; (5) personality.

You've learned how promptly Bayer Aspirin breaks a cold or relieves a headache. But you'll never know its full efficiency until you accept its welcome relief from the stubborn pain of neuralgia, or of neuritis; even of rheumatism. The times your very bones ache, then you'll be most grateful for genuine Aspirin. It always helps, and never harms. Identify it by Bayer on the box and on every tablet.

The next speaker was Mr. Don C. Young, prominent lawyer of Asheville, who delivered a very fine address. His subject, "How to hold and interest the Sunday School for preaching, stressing the fact that the S. S. is the teaching service of the church, carried the following points, ably discussed:

Before giving the points, he mentioned some false impressions as to why the Sunday school does not stay: (1) service too long; (2) sermons not suitable; (3) not given special recognition. He stressed the point that the children should be trained to stay, until they develop the HABIT. He said they can be induced to stay, (1) by the cooperation of all the officers and teachers to get all to stay; (2) use of the six-point record system; (3) combined service—Sunday School and church merged in one; (4) make the service attractive, with good music, songs, etc; (5) the minister should confine himself to real gospel sermons suited to his congregation.

The morning sermon was preached by Rev. L. C. Roberts, the text being found in James, reading: The effectual fervent prayer of a righteous man availeth much. We regret that space will not permit us to outline his sermon.

At noon the visitors were taken to various homes for dinner. The afternoon program was short, the speakers being Mr. C. K. Ellerson, Mr. Fred Jervis, Mr. C. B. Mashburn, and Mr. Wm. Worley supplying for Mr. Douglas Robinson, and Mrs. L. H. Giezantanner, whose paper follows:

WHAT THE WORK OF WOMEN MEANS TO KINGDOM WORK

Having been assigned a subject about which I have little information in a direct way, necessarily I must be brief.

Since the work of women has always been essential in every great undertaking it stands to reason that her work in the religious world must even be more outstanding and helpful.

The mothers of the world have long carried the burdens of salvation and social improvement upon their shoulders and little has been said about it. Mere man pushes out his chest and says, "look what we've done."

Men make church debts and occasionally pay them, but when the debt goes beyond them the women are compelled to come along and devise ways and means to meet the bills. Right here in Marshall and Madison county women are doing much to further the cause of the Kingdom. Every church meeting has more women in attendance than men. Women let the men take the lead, when as a matter of fact they are pushed into the forefront by the modest women. If the preacher were to depend upon men for the help he gets it would not be a great while until the church work of the country would collapse.

In my mind I hear you say, "God would not let His church fall." You are right—God would not let His church fall, but His workers are the women, who are interested in their husbands and sons and the world. Men get busy in their various avocations and forget God. But when they go home to a sweet wife and meet the clean, smiling

faces of their children, they must thank Him who guides the hand that rocks the cradle and in the end guides the world.

Man is entitled to credit for all he does. He works from morning until night to provide for his flock, but he has little to do with training the minds of his children. This is left for the mother and I am proud that I belong to the class that has taken the burden. My blessing is much brighter than that which falls to the motherless woman. And God knows my burden has been heavy, yet I thank Him for the great blessings which have been mine. I thank Him for an opportunity to stand before an intelligent audience of my friends and say to them that the women of this neighborhood are doing their bit toward making the Kingdom a little easier reached by our neighbors, friends and loved ones. Every day, every week, every month, every year, the work of women for the Kingdom becomes brighter. Opportunities are greater and I am indeed thankful that modern woman is showing herself equal to the task.

Some say sin is rampant in the world. Let them remember that last year more people became affiliated with the Christian religion than any year in past history. Let them remember more bibles were printed and sold last year than any other book. Let them remember that the Christian religion is now preached and read in all nations of the world. And women are doing their bit as has been the case since the world began. It was the intention of God that man should go in front and serve as a bumper or shock absorber, as it were, but He left the finer things for woman. Let us thank God for woman and the place He gave her. The work of woman shall shine more brightly each year. Her biggest and most beautiful work is the kingdom.

MRS. L. H. GIEZANTANNER.

OF COMMISSIONERS' SALE

By virtue of the power in me vested by a certain order and decree, made and entered at the March term, 1930, of the Superior Court of Madison County, in the following entitled action, "John F. White vs. Tom Moore and Jeter Edwards," I will on Monday the 5th day of May, 1930, at 12 o'clock M., at the Court House door in Madison County, sell the following described real estate for cash to the highest bidder, at public sale, to-wit:

Situated in No. 5 Township, Madison County, N. C., and on California Creek of Little Ivy:

Beginning on a stake at the creek and running East to a Spanish Oak on top of the graveyard ridge, it being one hundred and ninety poles from a large black oak on top of said ridge in the Silas Jarvis line, thence North 20 West to a maple on the ridge leading down to the forks of the Middle Fork and California Creek road, thence down and with the ridge to a marked Chestnut, about 19 poles thence Northwest course to a large rock on the East side of the creek, thence down and with the creek to the beginning, containing 30 acres, more or less. Said lands are known as part of the John and Martha White tract of land and the 30 acres which was conveyed to Tom Moore by deed dated the 3rd day of September, 1925 and recorded in Book 47, page 104, of the records of Madison County, to which reference is hereby made.

This March 31, 1930.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—
