BURLEY TOBACCO BRINGS OVER 35¢ PER POUND

Burley tobacco bringing the highest price in this section was grown with Zell's Fertilizer ("AA QUALITY"). Read what Dr. Moore says:

Marshall, N. C., Jan. 10, 1930.

This past season I used 600 lbs. of Zell's Royal Tobacco Fertilizer 3-3-5 ("AA QUALITY"), and my crop averaged over 35¢ per pound. This is the highest price paid for Burley tobacco on any of our markets for the season. One 2000-pound lot brought \$718.75. It is with pleasure that I recommend Zell's Fertilizer to all farmers.

—Dr. J. N. MOORE.

We keep a stock of "AA QUALITY" Fertilizers on hand, and recommend them for crops grown in this section. Come in and let's talk over your requirements.

The SUN
pours fragrance
into these
tobaccos

LONG BEFORE the choice leaves of golden Turkish and velvety brown Domestic tobacco are selected for Camel Cigarettes, nature's own alchemy has worked a miracle in them that no effort of man can hope to duplicate.

Every tiny leaf-cell is irradiated—stored full of goodness by the clean, pure vigor of the sun!

Our share in the making of Camels is to see that all of the fragrance, mildness, mellowness, aroma—in a word all of the natural goodness of these sun-ripened tobaccos is preserved and developed—then to combine them into the smooth, delightful harmony of the famous Camel blend, and manufacture them into cigarettes by the most modern methods known to the industry.

You can taste the natural goodness in every delicious puff of a Camel Cigarette.

HOW THE "4-H" CLUB HAS BENEFITTED ME

The "4-H" Club has helped me so very much I can hardly think where to start.

Before our County Demonstrator, Miss Crafton, came here, I was careless and thoughtless. But after she came I began to see things as they really were. I felt ashamed of myself for having been so careless before.

She told us how to care for our room, how to make it beautiful.

Before she came I did not care about sewing. I didn't take an interest in it. But now I had rather sew than almost anything. In the achievement contest in November, I won second prize.

During the summer of '29, the Junior girls of the club had a better biscuit contest. In that I won first prize.

During the two years that Miss Crafton has been here, I have learned not to be so careless and I can cook and sew much better than before.

I hope every member of the club likes it as well as I do.

ELLEN BROOKS, Hot Springs.

That Remains to be Seen
Rose's are red
And way above par,
But I think you are going
A little too far.
—The Pathfinder.

"What's the matter, little boy?" said the kindhearted man. "Are you lost?"

"No," was the manful answer, "I ain't lost—I'm here. But I'd like to know where father and mother have wandered to."—Ex.

"I'm going to have a divorce—my husband hurled thousands of insulting words at me."

"You exaggerate—thousands in two weeks."

"Yes; it was a dictionary."
