A BIG TREAT IN STORE

Patrons of The Princess Theatre will have the opportunity next Tuesday and Friday to see "THE VIRGINIAN."

The Owen Wister classic of pioneer days on the Western cattle ranges has all the ear-marks of an epic film. The manner in which it was acclaimed by previewers indicates that it will go high on the list of really greats.

The film, based on the novel by the same name brought Owen Wister quick fame in the 30's, and has since been termed the greatest American romance.

But its greatest claim to all-time honors lies in its general perfection in every department. There is a great cast—Gary Cooper, Walter Huston, Richard Arlen, Mary Brian, Eugene Pallette, Chester Conklin, E. H. Calvert, Helen Ware—a superb group of artists who have proved their worth on the stage and the talking screen. There is masterful direction, by Victor Fleming, a genius in his art. There are gorgeous settings—the real out-of-doors of the pine-dotted cattle ranges of the old West. There is tense drama, rich romance, rollicking humor—and the theme is one which deals with an exact chapter in American pioneer days.

B. Y. P. U. CONVENTION GREAT

MARSHALL PEOPLE ATTEND MARS HILL CONVENTION

Rev. and Mrs. G. C. Teague, Sarah Thompson, and Anna Kette Gwaltney, have been attending the State B. Y. P. U. Convention at Mars Hill this week. Rev. "Oscar," said the bank manager, "there'll be a vacancy here soon and I'm thinking of giving your twin brother the job."

"My twin brother?" explained Oscar.

"Yes, the one I saw watching the ball game yesterday while you were at your aunt's funeral," explained the manager.

"Oh-er-yes," said Oscar, "I remember! I'll go and hunt him up."

"Good!" said the manager. "And don't come back all you've found him!"—The Pathfinder.

A Mathematical Puzzle Can you puzzle out the solution to the following riddle: If you take nine, And from nine you take ten— You will now the puzzle explain— From fifty take fifty, and then, Sure enough, there'll half a dozen remain.

The secret to the solution, of course, is that you have to make use of the Roman numerals in order to make the puzzle come out right. It is easily done this way:

Taking IX from SIX leaves S

Taking X from IX leaves I

Taking L from XL leaves X

So that give us just SIX left. —The Pathfinder.

Back Quit Hurting... I was in a very weak condition from a serious ailment... CAROL... I was in a very weak condition from a serious ailment... I was so weak I wanted to miss all the time. I did not have strength to do anything. My back ached nearly all the time. I was just in misery. My mother told me I must expose myself from the sleepiness, and take something to help get my strength back. She had taken Carbol and had seen helped, so I decided to take Carbol, too. After my first bottle, I could see that it was helping me. I took four bottles at this time. My strength came back and I gained weight. Finally, I was my old self again. My back quit hurting, and I haven't had any more trouble since I took Carbol.
