THE ESTABLISHED NEWSPAPER OF MADISON COUNTY

VOL. XXIX

MARSHALL, N. C., TUESDAY, AUGUST 19, 1930

ZBOO 4 Pages This Issue

## NEW OFFICERS ELECTED BY 4-H CLUB MEMBERS

Leading a field of nine candidates by a safe margin of 300 votes Boyce Brooks of Calypso in Duplin County was elected president of the State-wide organization of 4-H clubs at the annual short course recently held at State College. Marjorie Guffey of Buncombe County was elected vice-president; Louise Elliott of Stanly County, secretary; and Ralph Suggs of Gaston County, historian. These officers were installed at the closing exercises and will lead over 20,000 boys and girls enrolled in club work in their efforts to "make the best better" during the coming year. They will also have charge of the short course to be held in 1931.

The usual custom of alternating officers between the boys and girls was followed this year, the president for the past year being Miss Mary Powell of Sampson County. Boyce Brooks was vice-president and was advanced to the presidency. Vernon James of Pasquotank was secretary and Lottie Hardison of Washington was historian.

The short course also saw the culmination of the annual health contest with health champions from each district entering the State contest. In the State contest L. L. McLendon, Jr., of Duplin County made the highest score for the boys and was crowned King of Health. His score was 99.5 percent. Among the girls Miss Nancy Evelyn Neely of Mecklenburg County made the highest score and was crowned Queen of Health. Her score was 98 percent. Only minor defects were found in each case and examining physicians state that they were both as near perfect as is found.

Health champions are also found among the new officers as Boyce Brooks the president was crowned King of Health in the 1929 contest, and Marjorie Guffey was health champion for the girls in the mountain district this year.

## WINNERS IN TOURNAMENT

### LOCAL GOLF COURSE GIVES PRIZES

Miss Frances McDevitt was the winner for the girls in the tournament at the local golf course last Friday night, and Mr. C. Eugene Rector was the winner among the men. Considerable interest was shown as the different foursomes contested. The two winners in the tournament each received a golf club as prizes. Following is the score of the players.

Score: August 15, 1930.	
Wendell McDevitt	57
James Redmon	58
John Worth McDevitt	61
Hubert Edwards	52
Mrs. Grace Redmon	61
Mrs. Audrey Redmon	69
Mrs. J. B. Tweed	68
Miss Frances McDevitt, winner	55
J. C. Sprinkle	53
John Redmon	52
N. B. McDevitt	54
W. A. Sams	49
Mack Ramsey	44
C. E. Rector	44
J. J. Ramsey	64
Bruce Redmon	44
Ralph Redmon	54

As can be seen the last foursome was changed to a fivesome, in which three tied. The final contest between winners resulted in the following scores:

Hubert Edwards	56
W. A. Sams	55
Mack Ramsey	49
C. E. Rector, winner	44
Bruce Redmon	51

Man: "I would like to see something simple in a hat."  
Clerk: "There's a mirror just behind you."

## TWO BIG DAYS AT SWANNANOA

### FARMERS FIELD DAY AND JERSEY CATTLE CLUB PICNIC NEXT THURSDAY AND FRIDAY

Programs have been printed for Farmer's Field Day and Basket Picnic next Thursday and the North Carolina Jersey Cattle Club Picnic next Friday at the Mountain Test Farm at Swannanoa. Mr. Earl Brintnall, of Madison County, is on the entertainment program for Thursday. Quite a number of prominent speakers are on the program and there are many attractions which will make the occasion not only helpful but pleasant, as well, and it is hoped that many Madison people will attend.

**THURSDAY, AUGUST 21, 1930**

Advanced Registry, Records Harry Coulter  
Pasture Experimental Work C. D. Grinnells

### AFTERNOON PROGRAM

Tour of Biltmore Dairy Farms  
Inspection of Biltmore Herd A. M. Towse

Tour conducted by—A. M. Towse Dale Thrash  
F. M. Farnham Dr. S. B. Tilt  
Make plans to attend the SWANNANOA FIELD DAY August 21st.

Club Camp is available for any who wish to spend the night of August 21st.

## WORLD NEWS PARAGRAPHED

**PARIS—BRITISH OFFER \$5000 PRIZE FOR CROSS-CHANNEL GLIDER FLIGHT.** A prize of \$1000 will be offered by the British Gliding Association to the first British pilot accomplishing an engineless flight across the English Channel in a glider of all-British construction, according to a report received in the Department of Commerce from Assistant Automotive Trade Commissioner H. C. Schuette at Paris. The contest is to be open two years, from June 1, 1930 to May 31, 1932.

**WNIB**  
**MELBOURNE—STAMP TAX ON WAGES HELPS UNEMPLOYED IN AUSTRALIA.** Relief for the unemployed in the state of Victoria, Australia, is being sought through the levying of a stamp tax on wages and an additional tax on incomes, according to a report from Consul Wilbur Keblinger, Melbourne, made public by the Department of Commerce.

**WNIB**  
**KARACHI—IRRIGATION SCHEMES SEEN AS START OF NEW ERA IN INDIA'S AGRICULTURE.** Developments in irrigation and construction of new canals now under way in India are seen as the chief factors in the revolutionary changes which are promised for that country's agriculture, according to a report received in the Department of Commerce from Consul P. S. McNiece at Karachi.

**WNIB**  
**MONTREAL—NEW "NON-SPINNING" AIRPLANE TO BE DEMONSTRATED IN MONTREAL.** A new type of airplane, claimed by its German manufacturers to be "non-spinning" will be demonstrated in Montreal, Canada, in the near future, according to a report received in the Department of Commerce from Vice Consul Alan N. Steyne at Montreal. The "non-spinning"

feature is said to be achieved as a result of special wings having been so perfected that they resist air currents and maintain the craft in a position in which a dangerous spin would be impossible. It is claimed that the construction of the airplane enables it to retain horizontal positions transversely, incline right or left arbitrarily, without ever going over on the wing, thus rendering the craft non-skidding and immune not only from a spinning dive, but also from stalling in the air.

**WNIB**  
**LIMA—PRIZES FOR TOBACCO GROWING IN PERU.** In order to stimulate tobacco production and improve the grades produced, the Peruvian Tobacco Monopoly (The Estancia del Tabaco) has been offering prizes, and placing the growers in touch with improved agricultural machinery, technical producing methods and free, selected seeds, according to reports to the Tobacco Division, Department of Commerce, from the office of the American Commercial Attache in Lima. A special personnel is being trained at La Malina Experimental Station, which will be employed in directing cultivation and in the application of technical methods in tobacco producing zones. The recent establishment of various other experimental stations and the introduction of modern methods of cultivation have improved crop conditions and the quality of tobacco obtained.

**WNIB**  
**PARIS—PARIS MAY HAVE NEW \$18,000,000 AIRPORT.** Construction of a new airport in Paris, to cost approximately \$18,000,000, is contemplated in a bill presented for consideration of the French Chamber of Deputies, according to a report received from H. C. Schuette, Assistant Automotive Trade Commissioner to Europe.

## SUGGESTED PROGRAM OF FRENCH BROAD ASSOCIATION

### FORKS OF IVY August 21—22, 1930

#### FIRST DAY

9:30 A. M.—Congregational Singing: "All Hail The Power Of Jesus' Name."  
Devotional G. C. Teague  
10:00 A. M.—Sermon Perry Sprinkle

2:45 P. M.—Report of Executive Committee  
Report of other committees  
Report of Committee on Corns Chapel—Little Creek  
Historian's Report  
Plans for next year  
Adjourn at will

## MARSHALL SCHOOL OPENS

### DR. R. L. MOORE MAKES OPENING ADDRESS

It was an interesting scene Monday morning when the numerous Marshall school children assembled to begin the work of the next nine months school work. One hardly realizes how many children there are in this community until they are seen in a group. About nine o'clock Monday morning, they filed into the school auditorium and Supt. Robinson called them to order and made some preliminary remarks as to the work. After the singing of the "Alma Mater", "America", and "Ho, For Carolina", Dr. R. L. Moore, president of Mars Hill College, was presented. He needed no introduction in Madison County, as he has been head of the Mars Hill institution for about 33 years.

Dr. Moore always brings a message that is worth while. He spoke of the mistakes of life made because of a lack of wisdom and how the older people, who had profited by experiences would like to pass on to the younger set the result of experience, and how the wise will accept the warnings of the older ones. He spoke of the three realms of training—the physical, the mental, and the spiritual. He had a word for thoughtless spendthrifts, saying that it is estimated that one-tenth save financially with the result that the one-tenth own nine-tenths of the property.

Dr. Moore used as a conclusion the last two verses of Ecclesiastes—"Let us hear the conclusion of the whole matter: Fear God, and keep His commandments; for this is the whole duty of man."

"For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil."

At the suggestion of Supt. Robinson, Dr. Moore led in prayer. Before the school went to their several rooms, Mr. R. W. Sams, chairman of the local school committee, was called on for a speech. Mr. Sams spoke at some length on the advantages the pupils now have that were not possible when he was growing up, how they should take advantage of their opportunities and not only make a resolution the first day of school but should make it every day to do better than the day before. One of the best thoughts Mr. Sams brought out was that the pupil should not make merely passing the purpose of study, but the pupil should desire to KNOW.

## GO TO MARS HILL

Editor of News-Record:

Mars Hill College is a great and valuable asset to Madison County.

With the good roads we now have over the county, it enables almost all the people of Madison County to have access to the school, and if it is not convenient to board them in the college, they can send them each day and have their children in their own homes at night and week-ends.

The dormitories of the college have already been filled for this year, and many students are being placed in private homes in the town.

People living at Marshall and Walnut and other nearby places can send their children to Mars Hill with a half hour drive each morning and evening, without much expense, and give them the advantage of a junior college education, and board them in their own homes.

I understand there are several students in Marshall and nearby who will attend Mars Hill College this year.

Respectfully,  
C. B. MASHBURN.

Isaac—Und vot brice shall I pud on dese white duck trousers?

Jacob—Four and a half a pair.

Isaac—But dey only cost 45 cents a pair.

Jacob—I don't care vot dey cost. Dis iss a closing-out sale, regardless of cost.—The Pathfinder.

## LAST SHOOTING IN MADISON

### Dispute As To Whether Shooting Last Wednesday Was In Madison Or Haywood Counties

The quarrel and gun battle which took place last Wednesday at Mack's Patch, resulting in the death of Wiley Trantham and injuries to Joe Osborne and a man named Austin from Illinois, is still in question as to whether it took place in Madison or Haywood counties. The car is said to have been parked directly on the county line and in the middle of the road. The deputies claim that the shooting was done on the Madison side of the line and the other parties claim that it was on the Haywood side. Sheriff R. S. Ramsey and Deputy Dewey Foster went up Sunday and investigated the situation.

The parties in the quarrel were nearly all Madison County men. The Osborne, Austin party are indicted for conspiracy to murder the three deputies, Dewey Foster, Lester Foster, and Wesley Fowler, and a hearing will be in Marshall Saturday on this charge.

## TEACHERS OF MADISON IN MARSHALL

Marshall was alive last Saturday with teachers. Notices had been sent out to all the public school teachers in Madison County to meet in Marshall at ten o'clock in the morning. And they appeared all to be here. The purpose of the meeting was to outline the year's work and to start the teachers with the proper supplies and so forth. Dr. W. A. Sams addressed them on Health work, speaking particularly on the subjects of contagious diseases, sanitation, and ventilation. The task of educating the youth of Madison County is impressed upon one, when the teachers assemble. It takes about 175 teachers to do the work in Madison County. And this includes only four colored teachers. All the schools except Hot Springs are now running, nine having opened Monday, the 18th.

### MISS ENGLISH NOT HERE

Miss Ethel English, principal of the Beech Glenn High School, was not in Marshall Saturday due to the fact that she was at Chapel Hill taking an examination which will give her the M. A. degree. We deem this worthy of special notice. This speaks well for at least one of Madison's native teachers to be pursuing her studies to such an extent as to be climbing in degrees while she teaches. Due to her personality, experience, and literary attainments, Miss English is one of our most capable teachers.

## HENDERSON CASE IN ASHEVILLE

### Cloyed Henderson Suing Insurance Company For Injuries

Quite a number of Marshall people have been summoned as witnesses in Asheville Monday and Tuesday of this week in the case of Cloyed Henderson versus the Insurance Company, in which Henderson is suing the insurance company for injuries received in an automobile wreck about a year ago. It will be recalled that Henderson and Emmett Ramsey were returning from Asheville and ran into a truck parked on a blind curve, and that Henderson was seriously injured. Henderson is suing for \$10,000 for personal injuries and \$1000 for car damage. The case is being tried in Federal Court in Asheville.

After plowing under a field of sweet clover and planting the land to wheat, C. S. Martin of Iredell county harvested an average of 22 bushels an acre before using the sweet clover.
