MUSICAL ENTERTAINMENT

About all of the commencement activities have been fully covered in the Asheville daily papers, but it seems that special mention should be given the entertainment given on Thursday evening by the Expression and Music departments. This entertainment was presented in the form of a play, an original play, Mountain Melodies', written by Neil Hart-

COUNTY AUDITOR REED REPLIES TO CHAIRMAN FARMER

In last week's News-Record Mr. lican suppose we reverse it and see why I had printed the copy of a letter he received from Eyer & Company, New York. My reason for having the letter made public was to show that the present Board of Commisbe suffy sioners are neglecting the important duties of their office, and spending ir time at small petty persecutions.

the condition existed before the Board assumed office; does

tract is identical to the ones that dozens of other Counties have; it is perfectly good; we will get our money on the date it is due, IF we pay the State of North Carolina what is due it—every one knows that when two parties, or two men, owe each other, either of them is entitled to an offiset, or counter-claim, if both debts are past due. This is exactly what the State is doing the state of the s State is doing. She says in simple language, pay us and we will pay I fail entirely to see the "raw deal" that it is claimed is beng hand-

ed us in this transaction.

Some folks are spreading the word that the Sinking Fund Commission ought to have paid part of this \$130,000,00 out of the Sinking Funds. A car driven by a colored minister passing through Marshall accidentally struck "Uncle" George Loyd, somewhat injuring him. The driver stopped and rendered every assistance possible, submitted to officers and showed every desire to do the play at the time of the weekly shows the right thing. At the hearing Loyd practice, presenting a number of inshort term notes of \$165,000.00 due. leave the hospital and this caused notes, or a certain part of same. levied solely for Term Bonds?
In answer to letter put out by the Commissioners May 13th, I would like to raise the question, Why isn't a Democrat worth as much as a Republican when he performs the same duties? I will be big-hearted and ask if he isn't worth at least one-half of what the Republican received when performing the same services? In July the State took over all county ready on the grounds. what we have? A Republican in State employment is worth only one half of what the Democrat is paid. Let's bring the theory close home and see what we have. We have Mr. Farmer's son and daughter teaching in the public schools for only half the money paid a Democrat. Senator Plemmons said he got out of sick bed to come to Marshall to attend the Republican Rally, and is reliably reported as say-ing he endorsed the movement to boy-cott us Democrats. Let's apply the theory to Senator Plemmons. He has

kept secret, we might as well be pre-pared for it, it is on the way next.
