## COUNTY COMMISSIONERS AND BOARD OF EDUCATION MEET HERE MONDAY

### Brintnall Retained for Two Years; Redmon Coroner

Election of officers by the board of county commissioners at their meeting Monday are as follows:

Earle Brintnall is retained for another two-year term as county farm agent. A move by T. A. Higgins to discontinue the office receives no support from other members of the board. Motion to continue Brintnall was made by B. E. Guthrie, seconded by William V. Farmer.

Grover C. Redmon was appointed coroner to succeed Dr. J. N. Moore. The Democrats appointed Fred E. Freeman chairman of the Sinking Fund committee, with D. M. Robinson, former school superintendent, and Attorney Carl R. Stuart as members of the committee.

### Marshall Defeats Petersburg, 10 to 7

Marshall handed Petersburg their first defeat of the season here Saturday. Redmon and Caldwell had the Petersburg boys well under control after the first two innings. Burnett hit a homer, two doubles and a single for Marshall, while Edwards led the Petersburg hitters. Merrell pitched nice ball for the losers.

### BELVA MAN HURT IN MILL

Twelve stitches were necessary to close a cut received by Mr. Ricker of the Belva community Tuesday morning.

Mr. Ricker's right hand accidentally touched a moving belt in a mill located there, and was thrown against a moving blade. Dr. J. L. McElroy treated the injury.

### HOT SPRINGS HOME DESTROYED IN BLAZE

The home of H. J. Candler in Hot Springs was destroyed by fire early Sunday morning, in the first dwelling house fire loss in that town for nearly three years. Despite efficient work by the fire department, the Candler's household goods and clothes were destroyed.

Mrs. Candler was awakened by the roar of the flames and the smoke just in time to get her children out of bed and into the open before the flames reached them.

The house was owned by J. W. Pike. Other houses nearby were saved from damage by the firemen.

"What are you doing, Dorothy?" "I am writing a letter to Lillie." "But you don't know how to write." "That's all right, Muvver, Lillie can't read."

### School Committeemen Appointed for Madison County

Messrs. J. Morgan Ramsey, Ernest Teague and Mrs. F. E. Freeman were appointed Marshall school committeemen by the Board of Education Monday. Notification of their appointment has been sent to each by Superintendent of Schools, J. O. Wells, who assumed office on the same day and conferences concerning the appointment of teachers will start in the near future.

At the same time the Board recommended to the Board of County Commissioners that funds be provided for the erection of a new high school building in Mars Hill, and for additions to the school building in Marshall; likewise that henceforth only men drivers be employed on school busses. ### Burlon Farmer Painfully Burned Monday

Burlon Farmer, age 26, of Big Pine, son of Mr. and Mrs. M. M. Farmer, of Leicester was painfully burned at Barnard, Monday morning about seven o'clock while standing about six feet from the gas tank of his Chevrolet roadster. He and his brother Adison Farmer had started to work near Burnsville, where they are employed by the Carolina Power and Light Company. They stopped to get some gas. While they were getting gas, Burlon lighted a cigarette, which caused the tank to catch on fire. Adison jerked the hose from the tank to avoid further damage, and the flames were thrown straight onto Burlon's chest and head. He tore his shirt off and several boys put out the blaze. Burlon was brought to Dr. Moore's office in Marshall where he was given medical attention.

### APPOINT RABIES INSPECTORS HERE

Rabies inspectors for Madison County have been appointed by the County physician, Dr. W. A. Sams, in accordance with the law passed at the recent legislature which orders all dogs in the state vaccinated against madness.

In each township there will be one inspector, who will designate two stands where inoculations will be made. All persons owning dogs will be expected to present them at these stands, and a charge of 50 cents will be made for each treatment.

Although execution of the law has met with considerable resistance in some counties, including Buncombe, because of claims that the vaccination is not sure-fire and in some cases causes added liability to rabies. Dr. Sams said that he is inclined to believe such claims are exaggerated and that he expects no such trouble here. The County physician added that he had inoculated a pup of his own every year over a period of some ten years and that the dog had apparently benefited by the treatment.

More detailed information as to location of stands, time limits, etc., will be forthcoming next week.

Inspectors for the various townships are:

Township No.	Inspector	Address
1.	J. Moody Chandler	Marshall, N. C.
2.	Cara Wallin	White Rock, N. C.
3.	Robert Callahan	Marshall, R-2
4.	Nat Blankenship	Paint Fork, N. C.
5.	Homer Hawkins	rfd. Mars Hill
6.	Jake Teague	Marshall, R-1
7.	Woodrow Roberts	Marshall, R-1

### GLEANINGS From the Dailies

By S. M. H. Jr.

Week ago today Howard Carter Dickinson, nephew of Chief Justice Charles Evans Hughes, was found shot to death in Rouge Park, New York City. By this Tuesday the mystery of his death was solved, and the name of William C. Sweitzer was added to the long list of criminals betrayed by their girl friends. Wednesday, officials announced that two of the three ladies involved will be tried with him for the murder. The bunch of them had seen Dickinson in a New York hotel, decided they'd have to kill him in order to get his money. They netted \$120, probably will get life sentences.

Down in Mississippi, Fred and Al Key annoyed peacefully through an explosive public celebration of their feat in setting a world's non-stop airplane record of 27 days, 5 hours and 33 minutes. Their borrowed plane, "Ole Miss," had a flat tire and a broken stabilizer when they landed Monday evening before 18,000 on-lookers, but otherwise was in good shape.

Sales tax additions made by the late unamended legislature may not be effective until 1936, some lawyers think, because in many cases cafes, chain filling stations, boarding houses had already bought state licenses giving them the right to run their businesses on the same basis during the coming year as during the past year. Licenses which thereby nullify any law, such as the new sales tax law, to change the conditions under which business is done before the expiration of the licenses next year.

Dead, 15,000; injured, 300,000. That is the toll taken in six months by auto crashes in the United States. That is about two percent less than for the same half of last year—in spite of all "safety drives" and new rules and regulations that have been made since January to reduce the slaughter. Worse deaths run 34% greater during the last half of an average year than during the first half; hence 35,000 deaths may be expected by January, 1936.

Infantile paralysis exists in Buncombe county to the extent of three cases. There are none in Madison county, according to the county physician.

## NOTICE

All persons who have not yet listed their taxes, take notice that this week, ending July 6th, at 5 o'clock P. M., is the last and final chance to list same without penalty, as provided by law. Mr. E. W. Reese, of Mars Hill, N. C., has been appointed by the Board of County Commissioners as Tax Supervisor who will assume his duties Monday, July 8th, and he will be required by law to visit every person in Madison County who has not listed his tax and place such taxable property on the tax books for taxation, and add to the same the penalty of 10 per cent of the tax due, and not less than \$2.00. This matter will be entirely out of my hands this week so far as listing property is concerned.

Yours, serve,  
**JETER P. RAMSEY**  
Clerk to Board of County Commissioners

### PROF. DILLARD WILL NOT RETURN TO MARSHALL FOR NEXT SESSION

### Mars Hill College Athletic Fields Being Rebuilt

The old athletic field at Mars Hill has been rebuilt with a perfect coat of blue grass which makes it one of the best sodded fields of any junior college in the South. Sprinkler system has also been put in and this is keeping the grass growing and in good condition. The baseball field has also been sowed in grass and will be ready for use next baseball season. This field will be one of the few college fields in this part of the country to offer a grass sod for football and a grass infield for baseball.

The new field which has been in the process of construction for the past year will be completed this summer and will be ready for use this fall. As the surface of this field will be rather soft, it will be used only for practise this year and all games will be played on the old varsity field. The new field contains a football field and a baseball field separate. From home plate it is four hundred and fifty feet to the closest obstruction. It also contains a four forty track with a two twenty straight-away. This field is one of the largest in the state and will give Mars Hill college two fields that are among the best to be found anywhere.

### Massey Reunion

Sunday, July 14, 1935 (second Sunday), at Hot Springs there will be a Massey Reunion. The relatives will all please make special effort to be present.

Let all come and spend another happy day together. Remember to bring well filled baskets of good things to eat and have all day dinner on the ground.

### CIVITANS PUSH ROAD PROJECT

Following efforts of the Public Roads Committee of the Civitan Club over a period of a month or more, a project for improvement of roads in the Laurel section of Madison may shortly meet with success.

According to representatives of the Club, the Committee has already been in touch with both the PWA and WPA, from which funds would be secured to supplement those of the State Highway Department in the work, and has received from those Federal agencies word that as soon as possible they will inform the Club as to how application for the money should be made.

The Works Progress Administration, latest of the Federal alphabetical agencies, the one which is to spend the four-billion relief appropriation, has not yet been completely set up, and will probably not be ready to go into action for another three or four weeks. This, incidentally, is the same agency through which the Civitans hope to get money for the park project on the Island. Definite plans have not yet been made for the road improvement project, but that can be done later when the Civitans have pushed the financial end of it to a successful conclusion.

### Al Green To Play For Cotillion Dance

Al Green and his Silver-Dollar Orchestra, one of the best-liked outfits in this section, will furnish the music for the regular semi-monthly dance of the Virginia Reel Cotillion Club, scheduled for Monday evening, July 8, at the Masonic Hall here.

Al's popular band will come from Kingsport, Tenn., where he is now filling an engagement at the Silver Dollar club, to play for his dance. Many Marshall young people as well as some from out-of-town are expected to attend.

This will be the fourth dance of the series put on by the Cotillion Club, and all indications are that the parties are steadily gaining recognition and popularity here and elsewhere.

### HANKS CO-WORKERS FOR COOPERATION

Editor, The News-Record, Marshall, N. C.  
Dear Mr. Editor:

Will you please allow me space in your paper to express to the patrons of the Marshall High School and the citizens of Marshall and the surrounding communities, my grateful appreciation of the cooperation that was given me there as principal of the high school there during the past two years. Without such cooperation on your part it would have been impossible for us to have carried on as successfully as we did.

I regret that under the circumstances, it will be impossible for me to return to Marshall for the next year. I truly am sorry to disappoint so many who have urged that I return. But I hope that someone will be secured who will carry on the work much more successfully than I could do.

I wish to express my sincere appreciation to the P. T. A. for its fine work in helping to equip the school, and build up its morale. No finer body ever worked more faithfully and earnestly than this body. I hope that you will give your new principal and school the same fine spirit of cooperation and helpfulness that you gave me.

To the teachers who labored so earnestly and faithfully with me in building up the school, I wish you every success again this year. No body of teachers could have been more loyal and faithful to the great calling than you were. No finer spirit of cooperation could be given than was given me by you. What ever success our school attained during the past two years was largely due

### Car Turns Over

Three people escaped with light injuries when a Ford sedan, driven by Floyd Caldwell got out of control near the home of H. K. Ramsey and turned over a bank, Sunday afternoon.

Besides Mr. Caldwell, Miss Kathleen Burnett and Mrs. Bud Parris were riding in the car. Dr. W. A. Sams treated the injuries.

The car was slightly damaged.

### TEN YEARS AGO IN MARSHALL

From the NEWS-RECORD Files

Mr. James Moody Chandler and Miss Sara Frances Ramsey were married June 27 at Jonesboro, Tenn. Dr. C. O. Gray, of Tusculum College performed the ceremony. Miss Epps Haws was maid of honor, Mr. Robert McClure was best man. Ruth Corum was flower girl and Carolyn Corum, ring bearer. The bride was given by her father, Dr. W. M. Ramsey. Relatives and a few most intimate friends were present.

Editor Wade H. Harris of the Charlotte Observer passed through Marshall the first of this week and wrote the town up in an editorial in Tuesday's Observer, mentioning that Marshall does the biggest per capita business of any town in N. C. He also mentioned that he had been told that a huge rock on the side of the mountain above the city was chained in place to keep it from falling through roofs below.

Mr. J. B. Branch is conducting a pay camp on the Island for about 50 girls through July and August.

The Fisher family held a reunion at the home of Mrs. L. M. Sprinkle at White Pine Sunday. Picnic lunches were brought, and among those present were Mr. and Mrs. Ronald Fisher and daughter, Janie Lee, Mr. and Mrs. J. N. Fisher and daughters, Jessie, Sallie and Inez, and sons Wayne and Leonard.

### Mars Hill

Saturday the following boys and girls hiked to Ogle Meadows: Misses Inez Tillery, Helen Hall, Ruth Rogers, Florence and Maryetta Bryan, Eva Enaley, Katherine Roberts and Helen Tillery; Messrs. Dan Hall, Francis Anderson, D. E. Poole, Otto Reese, Ferrell Edwards and William Bryan.
