## SECOND PRIMARY CALLED IN SHERIFF'S RACE IN MADISON

### Robinson Files Protest In Representative's Race

The primary election last Saturday resulted in no one receiving a majority of the votes cast in the sheriff's race in Madison county. Jeter P. Ramsey received a large plurality and his runner-up is Willard C. Rector, who has called a second primary to determine whether he or Jeter will be the nominee of the Republican party next fall. For representative in the State legislature, Mr. J. Clyde Brown received a much larger number of votes than did his opponent, Dr. W. Locke Robinson. Dr. Robinson has filed with the board of elections a protest, demanding a recount of the votes, ordering all ballot boxes sealed and the election books impounded. The charge has been made that the ballot boxes were stuffed in some of the precincts. In the solicitor's race, James S. Howell, of Asheville, was elected over his opponent, John C. Cheesborough, by 212 votes in the two counties. Mr. Cheesborough received a majority in Buncombe County but Madison gave Mr. Howell such an overwhelming majority as to elect him; Congressman Bulwinkle and Senator Josiah Bailey were elected by large majorities over their opponents, Wolts and Fountain. For Clerk of Court, Clyde M. Roberts, present incumbent, was overwhelmingly re-elected over his opponents, Bryan and Landers. In the race for County Accountant, Mr. L. Zack Eiler defeated his opponent, Mr. J. Hubert Davis, incumbent, by 64 votes. The total votes for state senator on the Republican ticket appears in one side of the table, which, on the last page of this issue, gives the votes by precincts in Madison County.

## LETTER CONCERNING MADISON POLITICS

### Wouldn't Write About Personal Matters

Mr. H. L. Story  
Editor The News-Record,  
Marshall, N. C.  
Dear Father,  
Each week I look forward with a great deal of interest to receiving The News-Record, and always find it interesting—something like a letter from home, keeping me posted on Madison County.  
For the past few weeks, I have noticed with a great deal of interest, in the way politics are "warming up" in Madison. This is to be expected, especially in a county where politics seem to play such an important part in the hearts of so many Madison county men (and women). I must admit that it makes very interesting reading—that is, from a reader's standpoint, but it also leaves somewhat of a bitter taste in one's mouth. By the bitter taste, I mean that some of the political announcements (only a few, fortunately) seem to wander "off the beam". Some may consider this good politics, while some may think of them as dirty, filthy, unfair "non-American" practices.  
Having lived in Madison county until a little more than a year ago, I am now in a position to read and think about Madison politics as purely an "onlooker". Please don't misunderstand me—I am still interested in the welfare of Madison county, and for that reason, this letter is being written.  
How far should a politician go to try to attain an office? Is the office (Carried to last page)

### To The Democratic Voters:

I wish to express my deep appreciation to the many friends and voters who nominated me May 30. May we win the Primary contest and all behind the whole Democratic ticket this fall.  
J. CLYDE BROWN.

### WINS RACE FOR COUNTY ACCOUNTANT

## SUGAR FOR HOME CANNING

The sugar registration date for home canning and preserving has been set for June 8th at the following high schools: Marshall, Mars Hill, Walnut, Hot Springs, Beech Glen, White Rock and Spring Creek.

It is urged that everyone register on this day as there will be no other date set in the future for this purpose.

All persons who have registered and were granted sugar purchasing certificates prior to June 8th may register again if the applicant averaged canning fruit and berries (excluding vegetables) to allot them an additional amount of sugar in excess of that which has already been granted at the rate of one pound of sugar for each four quarts.

A consumer may register to obtain sugar for the purpose of canning or preserving fruits to be consumed by him or by the family unit of which he is a member, in an amount not to exceed one pound per annum per person for use in preparing preserves, jams, jellies or fruit butters, and one pound per four quarts of finished canned fruits. In no event shall the individual or family unit be permitted more sugar than is necessary to can the quantity of fruit which the Board deems to be reasonable, giving due consideration to the period within which the fruit will be consumed, the past practice of the individual or family unit with respect to home canning, the prevailing home canning practice in the locality among individuals and families in circumstances similar to those of the applicant, the number of quarts of fruit previously canned at home remaining in the possession of the individuals and family unit applying.

One adult member of a family unit may apply for all members of the unit (or if there is no adult member, by the eldest member or by a responsible person), or by a consumer not a member of a family unit for himself (or if a minor, not self-supporting, by his parents or guardian, or by a responsible adult). The applicant shall bring all War Ration Books of the consumer or consumers of which the application is filed, and the serial numbers of their War Ration Books. The applicant must state (1) the number of quarts of fruit canned in the preceding calendar year, or in connection with applications subsequent to the first during any calendar year the number of quarts of fruit canned since the previous application; (2) the number of quarts of fruit then in possession of the individual or family unit applying; (3) the number of quarts of fruit to be canned during the period for which the application is being made; (4) whether sugar is to be used for preserving; and (5) the excess sugar supply as of the time of registration and any subsequent reductions therein. If the application is for use only in preparing preserves, jams, jellies, or fruit butters it shall so state, and the statements with respect to canning fruit shall not be required.

### June 14 Proclaimed As U. S. Flag Day

President Roosevelt has proclaimed June 14 as Flag Day for the United States and has requested that people fly the flag from their homes. An excerpt from his proclamation reads as follows:  
"Now therefore, I, Franklin D. Roosevelt, President of the United States of America, do hereby ask that on Flag day, June 14, 1942, that the people of the United States fly the AMERICAN FLAG from their homes in honor of the nation's mothers and their valiant sons in service."  
Elsewhere in this paper may be found advertised an American Flag. If you do not have one and wish it, order at once; as we do not expect to carry this advertisement after this week.

## ADOLPHUS BRYAN, NOT HEARD FROM

### 22-Year Old Son Of Polk Bryan Was On Bataan

Adolphus Bryan, 22, son of Mr. and Mrs. Polk Bryan, of near Marshall, who was on the island of Bataan during the recent battles there, has not been heard from since last December by his parents. The War Department has notified the parents about two weeks ago that they have no knowledge of his whereabouts. It is possible that he was killed or he may have been imprisoned. Adolphus finished high school in Marshall in the spring of 1940. May 1, 1941, he enlisted in the service in the ordnance division of the Air Corps. In five months after enlisting he had gone to foreign service, landing in the Philippines November 30, 1941. The last letter the parents received from him was begun November 27 and finished November 28 and post-marked December 1, and delivered to parents here December 9. As a student in Marshall, he was popular, and his many friends as well as his parents, are deeply concerned about him. If he is living he was 22 last May 24. Mr. and Mrs. Bryan have three other sons and one daughter.

## BOY SCOUTS TO BE INSTALLED

DR. W. LOCKE ROBINSON

## THE RED CROSS NEEDS SEWERS AND KNITTERS

The American Red Cross is asking for all kinds of knitted garments, such as sweaters, socks, caps, wristlets, etc., for our boys who are in our army and navy. Don't you want to do your part? Would you like to knit a sweater for your father, sweetheart brother or husband? Wouldn't you like to have a part in keeping our boys comfortable?

We need more women to give of their services so we can meet our quota on time. You can get your at 1200 Giles headquarters in Mars Hill, Marshall, White Rock, Walnut, and Hot Springs. There are also shirts, skirts and rompers to make for Britain. These children need clothes too. Drop by one of these places and get some garment to knit or sew or both. If you can't reach anyone of these places, send by a neighbor or drop me a card telling me what you want to make and I will try to get it to you.

## DOES VOTES AND TAKES IT. GOOD NATUREDLY

### Ballot And Imp

Dr. Locke Robinson, candidate for the nomination for representative from Madison county, filed a protest with the county board of elections, received 1016 votes as against 1475 for Clyde Brown primary.  
Dr. Robinson filed the protest with the board before the official returns were announced. He asked that the ballot boxes be sealed and the votes recounted. He especially asked that this action be taken in reference to the ballot boxes in Marshall, Hot Springs and Meadow Fork, but included all the boxes in the county in the request. He asked, too, that all poll books be impounded for safekeeping.  
The board of elections, consisting of Glen Reems, Democrat, chairman; Bayard Ray, Democrat, and Craig Rudisill, Republican, referred Dr. Robinson's protest to the state board of elections, Raleigh. The returns of Madison County appear elsewhere in this paper.
