### Gene Autry Thrills Thousands Saturday

Gene Autry and his Western Variety Show, which appeared in Asheville last Saturday afternoon and night, thrilled thousands of Western North Carolina children and their parents. The auditorium was packed to capacity with screaming, excited children who went from far and near to see Gene Autry, his horse, "Champion," and his group in person.

The program consisted of many songs which were rendered by the Cass County Boys.

In the write-up in Sunday's Asheville Citizen-Times, written by Herbert A. Elliott, the following excerpt appeared:

The young people apparently knew and loved most of the songs Autry and the other singers presented, although Jimmy Bailey, 5, son of Mr. and Mrs. James Bailey, Jr., of Marshall, expressed aloud the thought that a number of the Cass County Boys were doing "a good job" in any country.

Killed Feb. 17 thru Feb. 20	10
Injured Feb. 17 thru Feb. 20	137
Killed thru Feb. 20, 1950	108
Killed thru Feb. 20, 1949	110
Injured thru Feb. 20, 1949	1,481
Injured thru Feb. 20, 1949	1,060
Killed Feb. 28 thru March 2	5
Injured Feb. 28 thru March 2	66
Killed thru March 2, 1950	129
Killed thru March 2, 1949	128
Injured thru March 2, 1950	1,709
Injured thru March 2, 1949	1,302

Mary: "Do you know what the patriotic worm did?"

Harry: "No, I don't. What?"

Mary: "He joined the Apple Corps."

### GIVE!

Peacetime soldiers have problems, too. So do sailors, coast guardsmen, airmen, and marines. Helping to solve them, wherever and whenever they occur in this country or overseas, is still a commendable and patriotic obligation. Join the Red Cross...

### Private Claude W. Sawyer Is Now In Japan

WITH THE FIRST UNITED STATES ARMY CORPS IN KYOTO JAPAN, FEBRUARY 17, 1950.—Private Claude W. Sawyer, son of Mr. Claude M. Sawyer, of Marshall, is now serving as a surgical technician with the 35th Station Hospital in Kyoto, Japan.

Private Sawyer has been serving with his present organization since his arrival in Japan in July, 1949. He entered the Army in June, 1940 at Fort Moultrie, South Carolina and served in Canal Zone for three years. In November, 1943, he was assigned to the Station Hospital at Fort Bliss, Texas, where he served until May, 1945, when he was placed on overseas duty in the Philippine Islands with a portable hospital, assigned to the 11 Airborne Division.

The men of this organization are engaged in operating one of the most modern and best equipped Army hospitals in Japan.

Duties here cover a wide field ranging from maintenance of an efficient communication system within the hospital, and the operation of a complete Post Exchange for troops stationed with the unit, to highly technical duties in the surgical sections and the wards. This hospital boasts many comforts with a library, and a theatre in which movies and stage shows are presented regularly.

### Cook In Japan

Edwin Lee Cook, seaman, USN, son of Mr. and Mrs. Edison C. Cook of Marshall, Route 3, is serving in the flag allowance of Vice Admiral Charles T. Joy, USN, Commander Naval Forces, Far East, with headquarters in Tokyo, Japan.

Cook enlisted in the Navy April 25, 1948.

### Thank Mr. Fred Holcombe

The parents and friends of the Bailey Mountain Square Dance Team of Mars Hill, wish to thank Mr. Fred Holcombe for his generous contribution in permitting them to use his barn for practice sessions. The team is currently practicing for a show at the State Fair in Raleigh, N.C.

### Little Symphony

that it is directly connected with the State University. Outside of the fact that the University provides a headquarters for the office staff in Chapel Hill, there is no connection. The North Carolina Symphony is an independent organization subsidized in part by the state and supported by 14,500 members of the Symphony Society.

In speaking of the Orchestra as a professional organization, Mr. Peeke stated that many North Carolinians who have heard great symphonies in other cities are slow to accept the fact that right here in their home State is a symphony which rates with the best in the country. The North Carolina Symphony is one of countless young orchestras throughout the country, which, while comparatively young, gives superb performances and is making great strides toward national recognition.

The program which is scheduled to be heard at Marshall is as follows:

- Excerpts from SYMPHONY IN C MAJOR — Bizet
- I. Allegro vivo
- II. Adagio
- III. Allegro vivace
- IV. Allegro vivace

**BIRTHDAY SURPRISE!**  
MARCH OF THE TOYS, from "Babies in Toyland," Herbert Praeludium, Jarnesfelt.

EVERYBODY SING — "COME THOU ALMIGHTY KING."

DANCES from "Henry VIII" — German

Morris/Dance

Torch Dance

SLEIGHT RIDE, Anderson

COUNTRY GARDENS, Grainger

The Little Symphony is composed of the following instruments:

STRINGS: 5 first violins, 4 second violins, 2 violas, 2 cellos, 1 double bass.

BRASSES: 2 French horns, 1 trumpet.

WOODWINDS: 1 flute, 1 oboe, 1 English horn, 1 clarinet, 1 bass clarinet, 1 bassoon.

PERCUSSION: Tympani, Percussion instruments, Celeste.

Make plans now to take advantage of this opportunity of hearing this great orchestra.

### School Program—

(Continued from Page One)

great expense to the school. Three small rooms are used for classrooms, one end of the hall was partitioned and served as a primary room, the principal's former office was diverted into a classroom, and the end of another hallway was partitioned for the principal's office. Classes were held in another room, about one-third the size of a standard classroom. Therefore, Hot Springs certainly needed very badly the three classrooms and the gymnasium planned under the Building Program. The Hot Springs school needed a new lunchroom. The building is a log structure. The logs are rotting, the kitchen is too small and storage space limited. However, after consulting architect as to the total overall cost of all the buildings we had planned, it was found that the cost exceeded by about \$25,000.00 the total amount allotted to the County. Therefore, some former planned additions had to be omitted. It is hoped that the County can provide funds to build a lunchroom for Hot Springs School.

### WHITE ROCK

This school is using three sub-standard rooms, one room in a log cabin, the principal's office, used for a classroom and another room of equal size is being used as a classroom. This school needs the lunchroom renovated and plans are to ask the County to provide these funds.

### WALNUT

At the present time, no sub-standard classrooms are being used in the Walnut school. However, the high school is using the library for a classroom. This school is very much in need of a lunchroom and an agriculture department. It is hoped that these can be built by the County.

### MARSHALL

This school has no gymnasium and it has to transport basketball teams to other schools to practice basketball. There are seven sub-standard classrooms now being used and the music room is underneath a stairway just large enough to get the piano and two people in it. Two classrooms were partitioned off the balcony of the auditorium and a temporary wooden building was built at the rear of the present building to accommodate two classes. The home economics department is very inadequate in size. The lunchroom is located in the basement and this is exceedingly damp at all times. This school needs an Agriculture Department and it was planned originally to build an agriculture building from State Aid Building Fund. However, some of the additions had to be omitted, so it was decided to request the funds from the County to build this building, since the County has already built two of these buildings in other schools.

The Board of Education was grateful to the town officials of Marshall for the half acre of land given to the Board to build the gymnasium on at the rear of the present building.

In considering the Marshall School building program, naturally, the question arose: Is it practical to build on the island since it is flooded at intervals? The matter was discussed at length as to the possibility of construction of the Walnut High School with the Marshall High School. In considering this possibility, the following conclusions were reached:

### Rites Held For Mrs. Alice R. Frisbee, 96

Funeral services for Mrs. Alice Rash Frisbee, 96, will be held this afternoon at 2:00 o'clock at the Cedar Hill Baptist Church. The Rev. J. A. Martin, the Rev. Robert Vaughan, and the Rev. Weldon Ball will officiate. Burial will be in the church cemetery.

Pallbearers will be Tommy Rash, Jeter Rash, Carl Rash, Carsh Rash, McClure White, and Ezell Rash.

Mrs. Frisbee passed away at the home of a daughter, Mrs. C. E. Foster, Alexander, RFD 1, early Tuesday morning, March 7, 1950, following a lengthy illness. She was a native and lifelong resident of Buncombe county and a member of the Turkey Creek Baptist Church.

Surviving are two daughters, Mrs. T. M. Bradburn and Mrs. C. E. Foster of Alexander, RFD 1; one sister, Mrs. Zora Snelson of Asheville, RFD 2. Also surviving are 8 grandchildren and 5 great-grandchildren.

Bowman-Rector Funeral Home is in charge.

ities to accommodate a 15-teacher high school, it would take all of the \$287,170.01 allotted to Madison County from State Building Fund, and this would be unfair to the other schools to spend all the money for one school. The County would have been asked to vote a bond issue to help build the building if it had been decided to build one high school building.

2. That it would be impossible financially to build a building large enough to move all grades out of the island without a bond issue for the County. The smaller children would need to be removed from the island more than the larger children.

3. Very little could be realized from the sale of the present building.

4. There is a possibility of Flood Dams being built in the upper basin of the French Broad Valley and this would eliminate the flash floods on the island.

5. If these dams are not built, a wall three feet high, about 150 feet in length could be built to prevent flash floods.

6. It would be difficult to locate and obtain a school site in or near Marshall at a reasonable price.

After considering all of the above factors, it seemed there was only one alternative and that was to build on the present school site.

### MARS HILL

This school now has 6 sub-standard classrooms, four of these being basement rooms and there is expected to be an increase in high school enrollment within the next two years.

### EBBS CHAPEL

This school uses only one sub-standard classroom and it is only about two feet below standard in length.

### BEECH GLEN

This school has adequate classrooms.

The net amount allotted to the County from the State Aid Building Fund is \$287,170.01. It was thought that this amount would pay for all of the buildings needed throughout the county, but it is now apparent that this amount is not sufficient to build all the buildings needed.

## Here's the best and most beautiful car at lowest cost

The Styleline De Luxe 4-Door Sedan

# CHEVROLET

### FIRST...and Finest...at Lowest Cost!

Chevrolet is the only car that brings you these outstanding features at lowest prices... NEW STYLE-STAR BODIES BY FISHER • NEW TWO-TONE FISHER INTERIORS • CENTER-POINT STEERING • CURVED WINDSHIELD WITH PANORAMIC VISIBILITY • LONGEST, HEAVIEST LOW-PRICED CAR • CERT-SAFE HYDRAULIC BRAKES with Dual-Life shockless linings • EXTRA-ECONOMICAL TO OWN—OPERATE—MAINTAIN.

POWERGLIDE AUTOMATIC TRANSMISSION

Combination of Powerglide Transmission and 165-h.p. engine optional on De Luxe models at extra cost.

This car alone provides the trim and tailored beauty of Body by Fisher, at lowest cost! This car alone offers a choice of the finest in automatic or standard drives, at lowest cost! This car alone gives all the advantages of Valve-in-Head Engine performance—including the most powerful engine in its field—at lowest cost!

And so it goes through every phase of motor car value; for only Chevrolet offers so many features of highest-priced automobiles at the lowest prices!
