Idle Acres — (Continued from Page One)

will grow timber of good quality! If you have some idle land, why not put it to work growing white pine? You may get free seedlings for this land if you will contact your county agent, forest warden, vocational agricultural teacher, or the soil conservationist. Any of the above named people can take your order and it will be filled with TV seedlings as long as the supply lasts. We in Madison County are allowing some 50,000 more white pine seedlings; so get your order in now, before they last.
