U. S. Navy Offers Recruits Training In California

During the month of January, Tar Heels who enlist in the Navy may have a reprieve from the winter cold, the Navy Recruiting Station in Raleigh announced today.

A large portion of applicants enlisted in January will be sent to the Navy Recruit Training Center in San Diego, California for their recruit training. This is the first time in over a year that recruits, other than Companies, have been sent to California for training.

Interested young men between the ages of 17 and 31 are urged to see their local Navy Recruiter while the offer to "God West" is still open.

GOOSE REPRIEVED AFTER SAVING LIFE OF CHILD

In Genoa, Italy, a goose, which had been purchased for the dinner table, went on a tear inside a house, broke a window and let fly with a series of loud honks. Neighbors, attracted to the house found a young girl unconscious from gas leaking in her room.

As a result the goose, which had saved the child, got a reprieve. More than that, Mrs. Isabella Mon-

dello, who had bought the goose for the dinner table, says the family will never eat goose again, and will keep the goose who saved her daughter's life as a pet until it dies a natural death.

It might be noted that the goose's reward was greater than that which would be extended a human being, who acted similarly under the same circumstances. However, the goose also runs a greater risk on the other end of the pole, since human beings are not cooked and devoured as are geese — at least not in the best of families.

Urbana, Ill. — Although sugarcured ham on the hoof hasn't appeared as yet, A. H. Jensen of the University of Illinois reports that tests demonstrate that pigs definitely prefer the taste of a ration containing twenty per cent sugar.
