BEECH GLEN

The singing convention which meets with some church in this section of the county each 2nd Sunday, met in Beech Glen church Sunday afternoon. Not as many singers or listeners were present as usually attend. That icy wind sweeping the county was the main reason, I imagine.

Miss Sue Phillips spent the week end with relatives, Mrs. D. R. Blankenship and Yance Tipton, both of Asheville. Mr. Tipton has been sick for several months.

Rev. Mr. Blalock visited some of the sick of this community Saturday afternoon. There have been quite a few on the sick list for the past few weeks: Mrs. Paul Gillis, Mrs. Marion Ramsey, Mr. and Mrs. Milton Radford and Mr. and Mrs. Donald Metcalf.

Mrs. J. J. Maney recently visited her sister, Mrs. Matt Maney, of Barnardsville.

The tobacco which was grown on Paul Gillis' farm for the benefit of the church, will be marketed this week in Greeneville.

Bill Metcalf spent a few days last week with his daughter, Mrs. Moffitt, who lives in Miami, Fla.

Mrs. H. Robinson, who recently had an operation at Baptist Hospital in Winston-Salem, is at home now and reported to be improving.

Mr. and Mrs. Frank Maney spent Sunday with Mr. and Mrs. Fay Maney of the Mills River section.

Rev. Glen Whitley and family had supper with Mr. and Mrs. Coye Jamerson Sunday night.

Sandra Edwards spent sometime during the weekend with relatives, Mr. and Mrs. Jim Drake and family, of near Asheville.

King of the New frontier.

Even bar killers need protection, Master Crockett. Seven million youngsters got the first Salk polio vaccine in 1955. Your March of Dimes funds developed this vaccine, tested it, provided the first shots within days after it was proclaimed safe and effective. Now, March of Dimes research is making it even more effective. But we must still remember those, born too soon to be protected by the vaccine, who still need care and those tens of thousands who will be stricken in polio epidemics before the vaccine is made even more effective.

'INDIAN' ALMOST HUNG

Houston, Texas—If it hadn't been for Grandma Ammie Dennis, "Indian" Johnny Dennis Jr., 6, would have been a "dead injun." Johnny was participating in a Davy Crockett battle with other "Indians," and was to be "hung." His playmates looped a length of cord over a tree limb, knotted the other end about Johnny's throat and then Johnny either stepped or fell off an ice cooler. Playmates ran for help and Mrs. Dennis got him down. At a hospital, Johnny was found to be more frightened than anything else.
