The Rev. Glenn Whitley, our pastor, preached an inspiring sermon in our church last Sunday. Mr. Whittby preaches four sermons monthly for us. Every first and third Sundays the services are at 8 o'clock Sundays at 11 o'clock a. m. Anyone desiring a spiritual blessing should attend each of these services.

Mr. Stephen Blackwell of Mars Hill College was a visitor in our church Sunday.

Pfc. Edwin Fox, son of Mrs. Gertie Fox Stines, visited his family here last week end en route to Churchill, Canada, where he will be stationed for several weeks .

Pvt. Leroy Briggs was the guest of Mr. and Mrs. Odus Berry Sunday prior to going to Japan for his overseas duty.

Mr. and Mrs. Walter T. Buckner and Mrs. Ola Ray were visiting Mrs. W. K. Hunter, who is ill, Sunday.

All-Hymn Program At Middle Laurel Sunday

The Spreas Quartet plans to be at the Middle Laurel Church of God ever, he has decided to thin this Sunday night, January 29 at 7:00 stand and sell the timber that needs e'clock. This is an all-hymn program, and these are wonderful singers. Everybody is welcome.

Bald Creek Lions To Sponsor Program On Saturday Night

The Bald Creek Lions Club will speasor a program of singing and music Saturday night at 7:30 o'clock. Ed Ball will serve as master of cer-

are: Slim Jamerson, Jubileers, Wil- and obligingly moved, under its own son Trio, Gospel Lights, Sunlight power, away from other cars on the Quartet, Metcalf Trio, Honeycutt | lot. Firemen said the blaze appar-Sisters, Liberty Quartet, Carolina ently caused a short circuit, which Marmoneers, Pilot Quartet and Pilgrim Quartet.

The public is invited to attend.

At the first meeting here of the Social Welfare Aid Course, which p. m., and every second and fourth s being sponsored by the American Red Cross, eighteen persons were oresent. The meetings are being neld in the lobby of the REA Building. The scheduled meeting here Tuesday was postponed due to snow and hazardous road conditions. The econd meeting is scheduled to be ield today (Thursday) with other meetings on January 31 and February 2-7. The courses start at 9:45 'clock each morning.

Mrs. John Wright, of Weaverville, f the group.

Wallin Believes In Letting Timber Stand

Mr. Bryan Wallin, a farmer of the Hayes Run Community, had a piece of forest land that he had been planning on clearing up; howto be removed as pulpwood or saw logs. He feels that he can receive some income immediately off the timber removed and that many of the remaining trees will give him a fifteen percent increase in value each year they are left. Mr. Wallin feels that he can grow money by leaving his land in woods instead of spending money on clearing his land up.

UNUSUAL RIDE

Plattsburgh, N. Y. - When his "rode the axle to a stop." He was produced and conserved at home. treated at a hospital for leg and Let's remember tobacco is a crop hand injuries.

uary 1956 issue of "The Progressive Parmer" has an article, "Trusted Leaders Tell You How You Can Farm Successfully in 1986." The one point which received more emphasis by our trusted leaders than any other was the home food supply. Dean Colvard, Dean of the ply. Dean Colvard, Dean V. School of Agriculture of N. C. State, School of Agriculture of N. C. State, College, stated, "Plan a complete A cood garden home food supply. A good garden will increase the salary of every farmer. This, along with adequate supply of pork, beef and milk, will reduce cash expenditures and improve the family diet." H. G. Blalock, President of the Virginia Farm Bureau, was quoted as follows: "Protuce more for home consumption. With reduced acreages of money crops, there should be more time for gardening and producing other items for use on the farm. Reduce expenunder present conditions."

Another article in the same magazine by Albert A. Banadyga, Extension Horticulturist, N. C. State College, points out some interesting facts on The Yearly Amount of Food Needed by Each Person as follows:

Green, Leafy Vegetables, 225 lbs, Korean Service Ribbon. value, \$30.00; High Vitamin C Foods, 118 lbs, 12.00; Potatoes, Other Vegetables, Fruits, 420 lbs., 46.10; Dairy Foods, 86 lbs., 78.20; Protein Foods, 240 lbs., 141.90; Bread, Flour, Cereals, 200 lbs., 19,50; Fats, 43 lbs., 27.25; Miscellaneous 43 lbs, 11.30; total, 1.375, lbs., value, \$366.25.

The higher percentage of our total needs we can produce the lesser the amount we must buy. Surely our soil, climate, and knowledge after 13 years overseas. would enable us to produce 80%, of motorcycle and a truck collided on a our needs of \$366.25 per person. If city street, Floyd Hayes, 21, was we could do this only \$72.25 would thrown under the truck. He grabbed have to be spent per person for food 1954 and completed basic training the front axle as he went under and as the other \$274.00 worth could be

which requires a lot of attention and knowledge to make. Any person who can grow tobacco successfully can produce vegetables, small fruits, care for a pig, calf, hens, or a cow if he wants to. Let's reduce our By doing this we will have more bill to items we cannot produce.

Fort Riley, Kan. - Pvt. John N. Hutchins, son of Elijah M. Hutchins of Mars Hill, recently was assigned to the 93d Evacuation Hospital at Fort Riley, Kan.

Hutchins, s medical technician with the hospital, entered the Army in September 1955 and completed ba-aic training at Fort Jackson, S. C. He was last stationed at Fort Sam Houston, Texas.

The 23-year-old soldler was grad-Carolina in 1955.

Sandhofen, Germany - Army Sgt. Kenneth E. Fansler, whose wife Christine, lives in Leicester, recently qualified as a gunner first class in Germany.

Fansler qualified by passing a est of his technical skill and knowledge in firing anti-aircraft artillery weapons.

A gun section leader in the 95th Anti-Aircraft Artillery Gun Bat-'itures to the essentials is the safest talion's Battery A, he entered the Army in 1989 and has been overseas since October 1954,
