

WHO IS TEMPTATION JONES?

Mystery Hovers Over Community As Practice For Minstrel Starts

MARCH OF DIMES DRIVE EXTENDED; TO END TUESDAY

"All-out" efforts will be made this week-end to increase the March of Dimes funds. The drive, scheduled to end on Tuesday of this week, has been extended through next Tuesday. Officials of the campaign stated that the extension was granted due to the cold weather and bad roads which hampered in the collection of donations.

Reports from the schools are expected to be in by next week as well as community reports.

A doubleheader basketball attraction will be played this Saturday night on the Walnut court with proceeds to go to the drive.

All community workers are asked to send in their reports as soon as possible so that final tabulations can be made.

FRENCH BROAD RIVER RUN-OFF AT LOWEST PEAK

Streamflow in the Tennessee River basin at Watson, North Carolina, is at its lowest point in the winter season.

Hilarious Program, Beautiful Choruses To Highlight Entertainment

With everyone still wondering just who Temptation Jones really is, the Lions Club and the promoter, Jim Bean, are busy practicing for what might be the funniest and most entertaining program ever presented in Marshall. The Minstrel, of course, will be held in the high school auditorium on Saturday night, February 11, beginning at 7:30 o'clock.

From all indications, the auditorium should be filled to capacity to enjoy a night of laughter and beautiful chorus numbers. Tickets are on sale here this morning and early reports point to a brisk sale.

Purchasers of tickets to the Minstrel will be eligible to guess who Temptation Jones is. The lucky person who guesses the real identity of Temptation Jones will receive valuable gifts immediately following the Minstrel.

High school girls and boys are hard at work perfecting intricate routines which will add much "color" to the entertainment. The program is filled with lively musical numbers and jokes with local Lions taking active parts in the Minstrel.

Make plans now to attend the program on Saturday night, February 11.
