mons and Betty Ferguson.

With the effort Mrs. Kimberly has put forth the past year, our school has been greatly improved. The stage has been rebuilt and painted; the halls and classrooms painted; the stage curtains cleaned; new posts put around the bus driveway and now an incinerator is being built for the disposal of garbage.

There will be an ice cream supper for the basketball club soon, the date not set as yet.

Our school is represented by 125 or 135 families, and at our meeting 25 to 30 parents attend. Where are the others? We wish to see more parents come and back up our teachers and children. Our aim this year is to get more parents to come out and take part in our meetings and help to make the coming year better in every way than the past

Our attendance has doubled since we organized the first Sunday in March. We wish to see more parents come with their children; and let's have a hundred or more members. New curtains have been added to the classrooms, which are an improvement.
