

Here Comes The Bookmobile

Did you read "Roaming the Mountains" by John Farris in last Sunday's Asheville Citizen? It starts and ends with this very poetic sentence: "September in the hills is a goodbye to summer not yet gone and a look at autumn not yet come." Somehow that says it exactly. Doesn't it? Yes, it is a time between — a time that makes you just want to sit and day-dream. Some of those dreams are soft and hazy like the mist on the mountains. Happy memories just sort of floating aimlessly around in your brain. Then all of a sudden reality rushes in, as reality has a way of doing, and throws in such unpleasant thoughts as — it won't be long before all the tomatoes are gone — oh dear me, I must soon order a load of coal — how much will it take to see us through the winter? Then we decide to enjoy the tomatoes as long as they last, and forget about the coal until we need it.

Yes, things are changing. The school buses and houses that looked so lonely all summer have plenty of life on them and in them, but the swimmin' holes and the country roads are the lonely places now. "Bookie" and I are sort of lonely too. We do miss our young friends.

Another change — Miss Daisy Anderson, who has been our librarian since May, left us on August 21. We miss "Miss Daisy," too.

Everybody, including the season, is doing something different, so "Bookie" and I refuse to be outdone. What are we going to do? Just stay home and rest for two whole weeks. We aren't even going to write this column. We will be seein' you again on the route September 25 — that Worley Cove-Rector's Corner-Marshall day. And we will be back in The News-Record on September 27.
