A saving to taxpayers of at least \$350,000 a year, with better service to veterans, will result from a new premium billing sys tem introduced by Veterans Administration for its GI insurance operations VA announced.

VA said the new premium billling system involves the use of punched cards which policyholders will return with their checks in special envelopes supplied by VA for that purpase.

The punched card method is being used in order to adapt billing and accounting procedures to more modern equipment in the interest of better service to policyholders. VA said.

The VA district offices in Denver and St. Paul have been sending the new punched card billings to policyholders for several months and the Philadelphia district office started more recently. All

three offices will complete their fire. Is mailing in approximately one year from the month in which they started.

VA said policyholders who still have the old billing notices should continue to use them until their supply is exhausted. At that time, VA automatically will send * them a year's supply of the new x
