DISABLED MAY QUALIFY FOR BENEFITS HERE

June 30 is an important deadline for disabled persons to take action to protect their rights, if they have not already done so, D. H. Butler, field representative of the Asheville Social Security Administration office, has announced.

Disabled persons who believe they meet the requirements necessary to "freeze" their social security records — thus protecting the amount of their future benefits and their right to them — should write the Asheville office at once or contact Mr. Butler who will be at the Court House in Marshall on June 14.

If over 50 years of age, the disabled person may qualify for cash benefits as well as for the "freeze." Persons disabled less than 6 months should wait until they have been disabled 6 months even if that is after June 30, but persons disabled for a long time will not be able to get their record frozen or receive disability benefits if they do not apply before June 30.

To qualify for the protection, the disabled person must have had 5 years of work in covered employment out of the last 10 before the disability began, and 1 1/2 years out of the last 3. Military service after September 15, 1940 and work for a railroad after 1936 count toward meeting the employment requirements of the "freeze."

The disability must be severe enough to keep a person from doing any substantial work and must be expected to continue indefinitely.

First payments to eligible disabled persons will be made in August. Benefits have been payable since January to certain disabled adult children of retired or deceased insured workers under

IS YOUR BRAIN HUNGRY?

It would be an interesting race of human beings in this world if the minds of men and women demanded food with the same insistence that the stomach does.

Suppose your brain, of neglected and forgotten for a day, would set up the same insistent clamor for sustenance that your body does. Would you know more, or do you, maybe, take care of the normal cravings that visit intelligent minds, and see to it that you provide a diet for the thinking machine, as well as for the stomach?

Truth is supposed to be the goal of education and philosophy and religion, as well. The truth will "set you free," the Bible declares.

IN LOVING MEMORY OF DADDY — W. JACK BALL ON FATHER'S DAY

Saturday, April 20, as the sun was about to close the day, God, in His mighty wisdom, called you away.

Ah! yes we live that hour over now, And all the sorrow, pain and grief make our heads to bow.

An angel came, closed your eyes, sealed your lips, and stilled your heart; Oh! How sad it was to see you from us part!

You were so good, dear Daddy, and we miss your dear face. Since God called you home to Heaven no one can take your place.

At home in beautiful Heaven is a soul pure, I know; But still it was so hard to say goodbye and see our daddy go.

Our home is not the same it always was before; Since death came into it and Dad is here no more.

Here, where he used to be, and all the things he had— Now all these we can see and it makes our hearts so sad.

For he was very dear and we shall love him still; Though absent from this world awhile our own must be.

To him no harm can come, and this thought comes to me: All was done that we could do, And now he is asleep in Jesus— sweet sleep.

We know he will wake again when sounds the trumpet voice; We shall be with him then and with him rejoice.

On this Father's Day our hearts are sad— The first we have known without a loving Dad.

Our heart's prayer is blessing of an all the fathers of the land! And may your picture be hung in every household, for the grand Dedication to the memory of our dear daddy — W. JACK BALL. MISS DORIS GOSWELL
